IMPORTANT SAFETY INFORMATION

Please carefully read the following instructions and caution warnings before assembling the product.

Following this guide will ensure that you install, use and maintain the product properly.

Please keep this installation and user manual/instructions for future reference in case you need to disassemble the product.

Never allow children to climb onto the product. Ensure that you have special safety measures when children are around on their own.

Be sure to check that all parts of the product are intact after you open the package.

Do not assemble if you notice serious damage such as cracks or bends.

During installation, please use work gloves for hand safety.

Please assemble the unit on carpeted floor or the flat cardboard box to avoid scratching the surface or your floor while assembling on the floor.

To assemble, please use the complimentary installation tools (Phillips screwdriver). Pay more attention to the direction of components at each steps.

It is recommended that two people work together to assemble the product.

RETURN POLICY

Please contact us directly within 30 days after receiving.

Please ensure the product is in a good condition with the original box and all original certificates of purchase, manuals, and accessories attached.

HOW TO MAINTAIN YOUR PRODUCT:

- Check the screws of the product are not loose from regular use.
- Do not use sharp instruments, rubbing alcohol, corrosive chemicals, or abrasive cleaners to clean the product.
- Do not keep the product in a damp environment for a long period of time.
The damp environment may cause the iron components to rust and the plates to bulge and crack.

Please check that you have all the parts listed below.

Two or more persons are needed for assembly and 60 minutes for assembly.
Please use the screwdriver corresponding to the shape and size of the screws.

Please check that you have all the parts listed below.

A x6pcs  Ø6x35mm	B x6pcs  Ø15x10mm	C x36(+2)pcs  Ø6x30mm	D x23(+2)pcs  Ø4x40mm
E x18(+1)pcs  Ø4x20mm	F x4sets 	G x2pcs 	H x4(+1)pcs  Ø3x14mm

M x40(+3)pcs  Ø4x12mm	N x2pcs 	O x2pcs 	P x6(+1)pcs  Ø4x12mm
R x2sets 			

Cam Lock System Operation

1. Screw the cam bolt [A] into the threaded insert on the panel.
2. Connect both panels together making sure cam bolt[A] goes into the pre-drilled large hole on the end of panel for cam lock[B].
3. Insert the cam lock [B] into the pre-drilled large hole on the panel. Make sure the cross slot of cam lock [B] faces out (The arrow should point towards Screw No. A).
4. Rotate the cam lock [B] clockwise with a self-supplied phillips screwdriver to lock the cam bolt [A] in place (Rotate 100-180 degrees until tight).

First, use a ruler to measure the approximate height of the product on the wall, and then mark it with a pen.

Then use a tape drill to make holes in the wall that are suitable for the product screws.

Then, put the expansion bolt into the hole

Finally, pass the matching screws through the "anti-rewind" and tighten them to fix them on the wall.

IMPORTANT SAFETY INFORMATION

Please carefully read the instructions and caution warnings below before assembling the product. Following this guide will ensure that you install, use and maintain the product properly.

- Please keep this installation and user manual/instructions for future reference in case you need to assemble the product.
- Do not assemble if you notice serious damage such as cracks or bends.
- During installation, please use work gloves for hand safety.
- Please assemble the unit on carpeted floor or the flat cardboard box to avoid scratching the surface or your floor while assembling on the floor.
- To assemble, please use the complimentary installation tools (Allen Wrench). Pay more attention to the direction of components at each steps.
- It is recommended that two people work together to assemble the product.
- Please do not tighten the screws up too much, just to 80% before you finish to make the installation go on successfully.
