

# LEAVE EPOXY IN THE DUST

Affordable modular tiles designed for the home.

# SHOWROOM LOOKS

Create that showroom look without the hassle of epoxy.

## DIAMONDTRAX™ HOME

Swisstrax Diamondtrax® Home tiles represent the combination of aesthetics, performance, durability and value. Diamondtrax® Home garage tiles easily interlock together with 24 connection points to form a stable surface and attractive diamond tile face. Swisstrax tiles are manufactured from a high density polypropylene material constructed to withstand household or automobile fluids for easy ongoing care.

### CONSTRUCTION

24 connection points per tile and a closed profile, diamond design with 1/2" built in support system maximizes airflow & drainage.

### NON-SLIP

Enhanced Diamond Plate traction ensures safety.

### RAIN OR SHINE

UV Stabilizer mixed into the material for increased fade resistance.

### SCUFF RESISTANT

Scuff resistant technology & miniature embossed diamonds maintain a great finish.

### DO IT YOURSELF

Easy DIY project that installs in hours, not days, low maintenance and hassle free cleaning.

### VARIETY

Choose from 10 different color options. Interlock with all 12" Home tiles.

Looking for garage flooring ideas? At Swisstrax, we have a number of sources for inspiration so you can create the garage of your dreams.

#### Interactive Designer

With the Swisstrax 3D Floor Designer, we put you in control of your design. You can mix and match tiles & colors to create a design that will truly transform your space.

#### Pre-designed Solutions

With these pre-designed solutions, you can simply choose your color combinations and be on your way. We specify the tiles, ramps and corner pieces so you can order with ease.

#### Design Assistance

Or work directly with one of our experienced designers that can assist with your design, answers questions and ensure that your order is processed perfectly.
