IMPORTANT WARRANTY INFORMATION
PLEASE READ CAREFULLY

AFTER-SALES CONTACT US

If you have any problems or dissatisfaction with the product, don't hesitate to contact the after-sales team to solve the problems or express your feelings or concerns. We **DO VALUE** your voices and are all the time ready to help. All the calls, emails and messages from you will get our immediate reply within 24 hours.

All items can be returned or replaced for any reason within 30 days of the receipt as long as the item is returned in its original product package and all accessories of its original shipment are included.

About Replacement:

If there are missing parts or damages when you receive the item, you don't need to return it if you want to get a replacement. Please contact the after-sales team and we will provide a replacement for free.

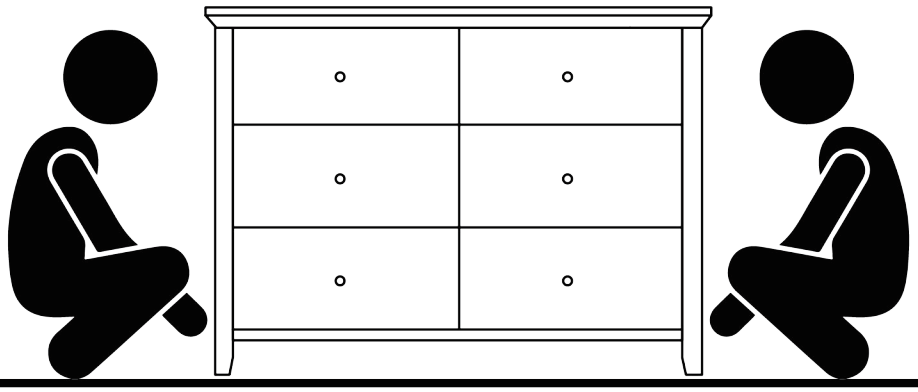

About Returns:

1. If you need to return product, please contact the After-sales Team. We will provide a PREPAID RETURN LABEL by E-mail. Please include a brief description of the problem and photos of the damaged product in your email.
2. Please Note: If the customer does not contact the after-sales team to get a return label and the customer purchases the return label by themselves, it may incur expensive return shipping charges. And the seller will not bear the fee of the customer's own purchase of the return label
3. If the product is damaged by the customer, we can refuse to provide a prepaid return label, and the customer needs to pay for the return shipping.
4. Boxes for return shipping will not be provided by the seller. The customers are responsible for using the original shipping boxes, or purchasing new boxes when no boxes.
5. After all returned items arrive at the Return Center, please contact the After-sales team and we will fully refund back to the original payment method.

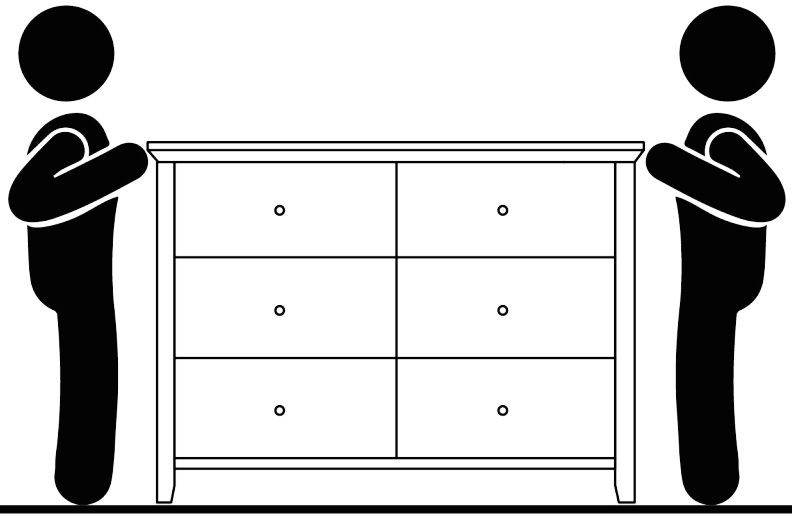

WARRANTY:

Please keep the after-sale card. If the product is damaged by non-human factors within six months, please contact our after-sales team.

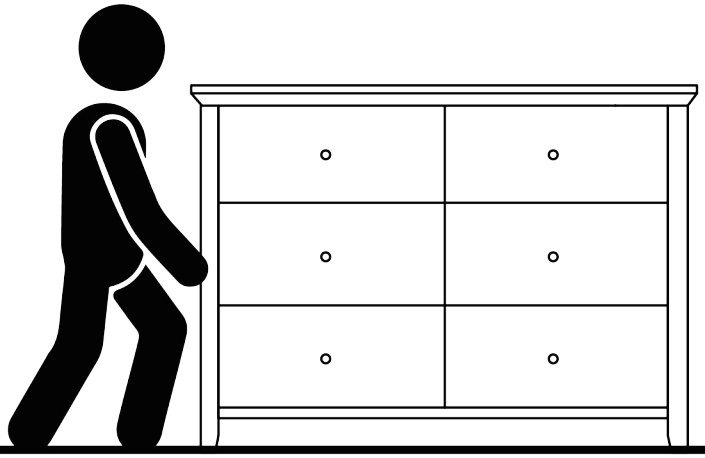

Please raise up the the cabinet by holding the bottom when you move it

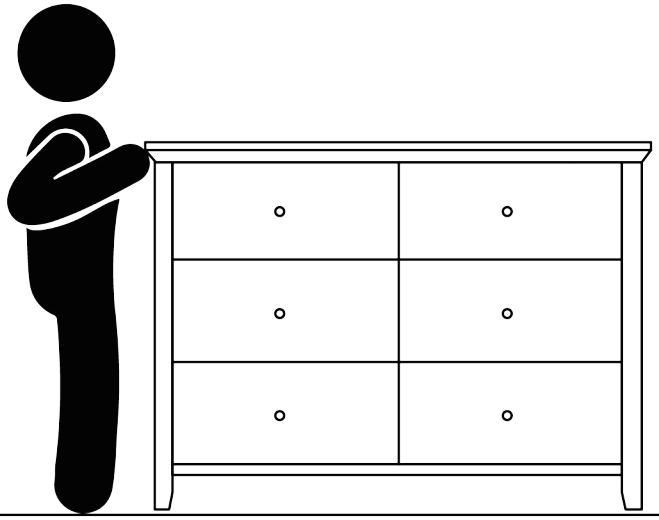

DON'T try to raise up the cabinet by holding the Top Plank

DON'T try to move the cabinet by holding the Side Plank

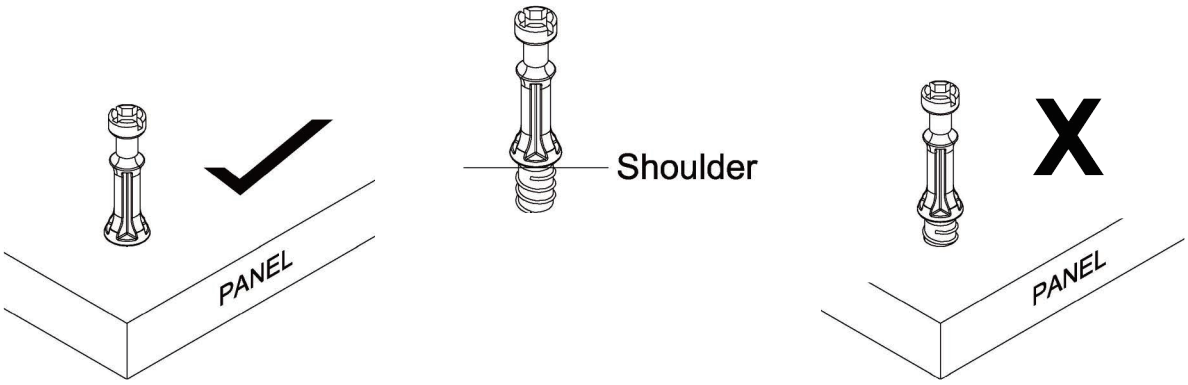

DON'T try to move the cabinet by holding the Top Plank

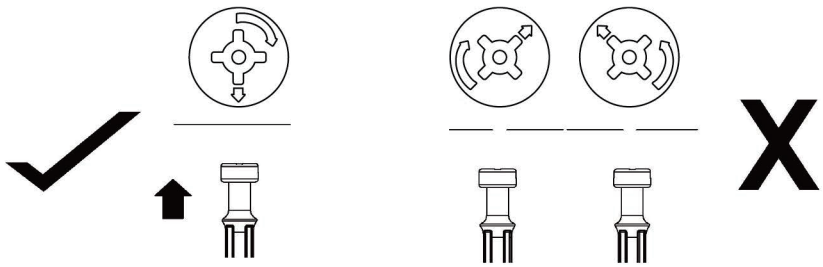

Tips before you start:

CAM BOLTS

Tighten Cam Bolts until shoulder is flush with panel. Do not overtighten or undertighten.

CAMLOCK

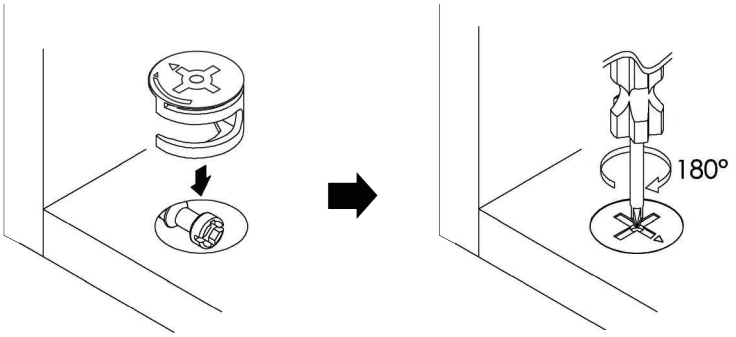

CORRECT **WRONG**

When fitting cam lock, ensure starting position is correct before you insert connecting Cam Bolts.

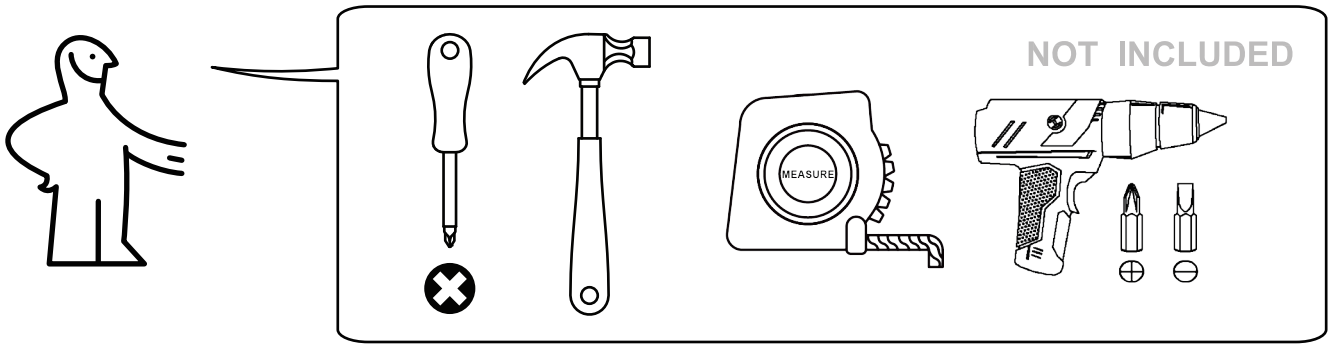

LOCKING-IN

Cam Bolts head should be in the centre of the cam lock when the two panels are joined.

Cam lock should be inserted before Cam Bolts.

Turn camlock clockwise to tighten.
