Ste

Installation Instructions

- 1-2. Insert the A/B arms into the side holes of the ceiling plate with a slight offset, and then tighten with a nut and washer.
3. Divide the lamp wires of the same color (six in each group) into two groups and connect them with lead wires, and then connect the main wire of the lamp.
4. Fix the mounting plate to the junction box with screws.
5. Connect the main wire and ground wire of the lamp body to the wires reserved on the junction box.
- 6-7. Place the ceiling plate over the mounting plate, and then tighten the screws to secure the ceiling plate.
8. Install the light source (bulb not included).
- 9-10. Push the 3- fork spring clip down, and then insert the lampshade.

Note: please use this product accordingly to its intended purpose, do not retrofit or remodeling the product. The warranty does not cover if the failure is caused by the third party product, or natural disasters.
