

Seeley Mantel Clock 635208

Impart industrial flair to your space with the Seeley metal mantel clock. It has an aged silver finish for an antique appearance, along with a bent iron tambour frame for eye-catching style.

Industrial Design: This timepiece has a bent iron tambour frame with an aged silver finish for an antique industrial look. Its airy open base has an architectural look that coordinates with almost any interior design style, which is one reason this piece also makes a great gift.

Sleek Metal Details: The dial of this metal mantel clock is crafted from blackened machined steel for sturdiness and style. It has silver-tone hour and minute hands for a contrasting look. The absence of numerals or number markers adds a modern look to this timepiece.

Great for Any Space: Place this clock on your mantel, table, or shelf with ease. It has felt pads on the bottom, so it won't scratch your surfaces.

Quartz Movement: This metal mantel clock features quartz movement and requires one AA sized battery.

Howard Miller: Founded in 1926 and still family-owned in its third generation, Howard Miller is the world's leading clock company and a respected brand name in fine specialty furnishings such as curio cabinets, wine & bar furnishings, custom storage cabinets, and SmartMoves® adjustable height desks.
