

# Plastic Round Dispensers

## ECONOMICAL COLD DISPENSER

Our **Plastic Round Cold Beverage Dispensers** include a removable infuser tube for drink customization. Add the optional ice tube to cool without diluting. Our newest addition features a BPA-free plastic body made of Tritan™ plastic for a dispenser that is stronger than glass and clearer than any other plastic. The black plastic base provides a more economical option to our other popular Tritan™ and stainless steel version.
