

TITAN Series

USER GUIDE & ASSEMBLY INSTRUCTIONS

IMPORTANT SAFETY INSTRUCTIONS

Read these instructions carefully and retain them for future use. If this product is passed to a third party, then these instructions must be included.

When using the product, basic safety precautions should always be followed to reduce the risk of injury including the following:

- This product must be assembled by an adult.
- Keep children and pets away while assembling the product.
- Do not let children climb on or play with the product.
- Always use the product on firm, level ground.
- Do not use this product if any parts are missing, damaged, or worn.
- To avoid scratching the floor, assemble the product on a soft surface, such as a carpet.
- Do not over-tighten the fasteners.
- Regularly examine the product for wear and tear. Stop using the product at the first sign of damage or if parts become detached.
- Do not use power tools to assemble the product. Power tools may strip or damage the parts.
- Do not stand on the seat.
- Do not sit on the armrest.
- Keep all sharp objects away from the upholstery.
- Do not hang anything on the product.

1. Assembly

- For additional illustrated assembly steps, refer to the end of the written instructions.

2. Before First Use

- Suffocation Hazard: Packaging materials and small components such as screws, bolts, and other fasteners can pose a suffocation hazard. Always keep these parts out of reach of children and pets during assembly and ensure they are securely fastened to the product to prevent them from becoming loose over time.

- Children's Safety: Never leave children unattended with the chair. Teach children not to play with the chair, as it is not a toy. Climbing on the chair or playing with its moving parts can lead to falls or injuries. Additionally, ensure the chair is adjusted to a safe and appropriate height for children's use to prevent their feet from dangling, which can cause discomfort or pressure.

- Pet Safety: Be mindful of pets around your chair products. Pets, particularly those with a tendency to chew or claw, can damage the chair or even ingest small parts, leading to potential injury or health issues. Consider using protective covers or deterrents if your pets are known to chew on furniture.

- Remove all the packing materials.

- Review all components before assembly. Check the product for transport damages.

- Wear gloves while assembling your chair.

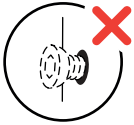

SAFETY INFORMATION

This product is designed for **one person** to sit at a time.

DO NOT use the chair unless all bolts, screws and knobs are tight.

DO NOT use the chair if any of the components is missing or damaged.

DO NOT stand on the chair as a step stool or a ladder.

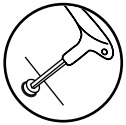

DO NOT tilt the chair forward, left, or right while sitting.

Be careful **NOT TO FALL** off from the chair.

Be careful, as some parts may be **sharp** and **heavy**.

Regularly check and thighten all bolts, screws, and knobs.

Failure to follow these warnings may cause **serious injuries.**

Be careful **not to hit** the furniture edges.

Keep in a **dry and cool** place.

When **moving** the object, proceed with **caution.**

Keep hands and fingers away from the **reclining mechanism** between the backrest and frame to avoid injury.

Do not recline beyond the designed limit. Doing so may cause the chair to **tip over backward.**

Make sure the recliner is **fully locked before sitting.** An unlocked position may shift suddenly and cause injury.

Keep hands and feet clear when opening or closing the footrest.
Do not leave it extended when not in use.

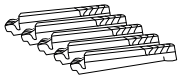

Do not let children play near or operate the reclining mechanism.

IT'S TIME TO UPGRADE YOUR CHAIR!

LUMBAR SUPPORT

STEP 1. *BASE*

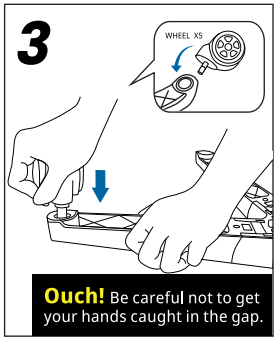

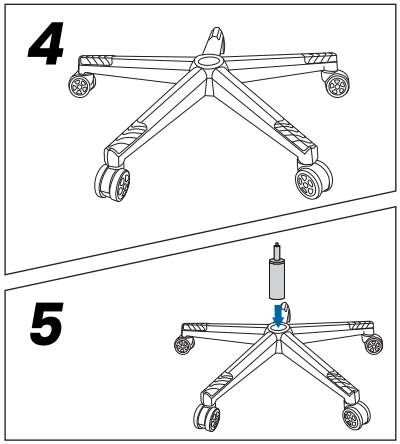

Insert a leg vertically into the base while the base is upside down.

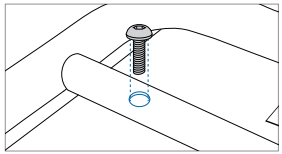

Press the leg down until you hear a "CLICK" sound. Then, assemble the remaining four legs in the same way.

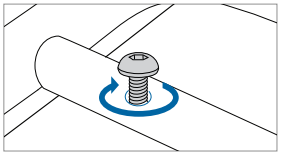

Hold the leg with one hand and insert five wheels into the legs.

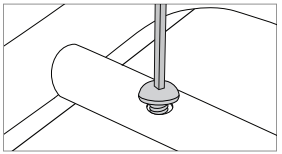

IMPORTANT NOTICE

1 THE BOLT HOLES SHOULD BE ALIGNED

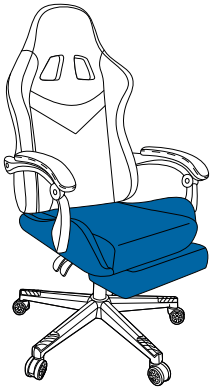

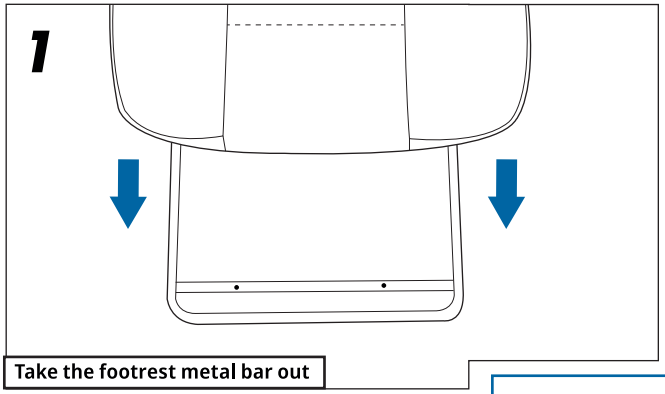

2 UNDER-TIGHTEN THE BOLTS

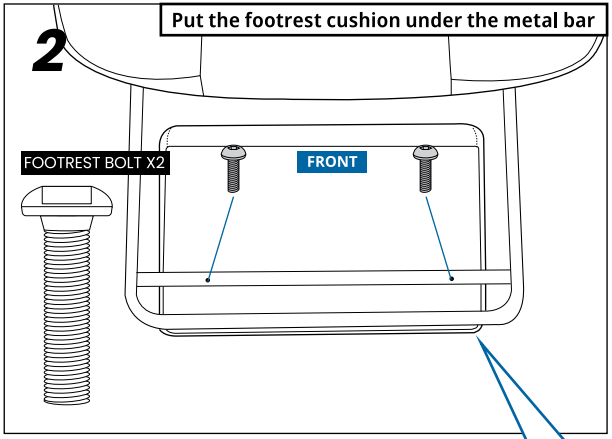

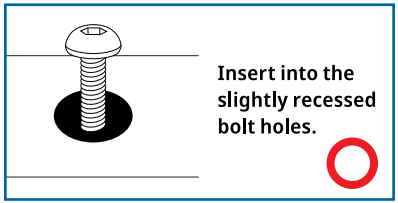

3 TIGHTEN ALL BOLTS

STEP 2. *SEAT + FOOTREST*

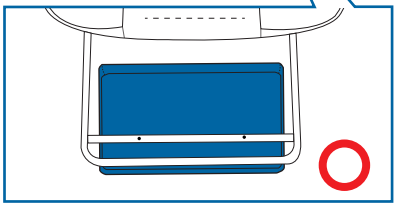

Insert into the slightly recessed bolt holes.

LOOSE BOLT ALERT!

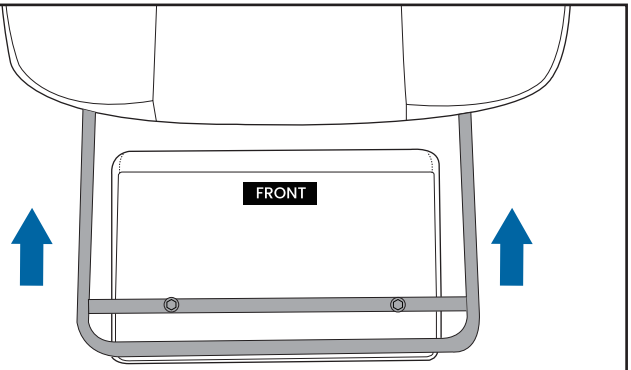

When the bolts seem loose, detach the parts and try inserting the bolts directly into their holes.

*Using an electric drill can damage the chair. Please re-tighten bolts manually.

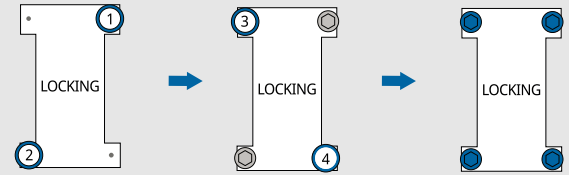

NOTE : Make sure that the cushion is placed within the rectangular metal bar

3

Slide the footrest in the plastic holder

CARE & MAINTENANCE

Proper care and regular maintenance will help keep your chair clean and in good working condition.

CLEANING

- Clean regularly with a soft, dry or slightly damp cloth.
- Wipe up spills promptly with a clean cloth.
- Do not use abrasive cleaners, harsh chemicals, or excessive moisture.
- Follow any care instructions specific to the materials used on your chair.

REGULAR MAINTENANCE

- Periodically check and tighten all screws, bolts, and connections.
- Make sure the casters, base, and other components remain securely attached.
- Check regularly for signs of wear, looseness, or damage.
- Do not use the chair if any component is damaged or unstable.

CARE TIPS

- Use the chair on a stable, level surface.
- Avoid prolonged exposure to excessive heat, direct sunlight, or moisture.
- Do not drag the chair roughly across the floor.
- Use the chair only as intended and within the recommended weight capacity.
