

Product component packing list

• Basket x1 • Frame x1 • Front wheel x2 • Rear wheel x2

Installation steps

1. Install the front wheel: Insert the front wheel axle into the front wheel mounting hole. 2. Install the rear wheel: Insert the rear wheel shaft firmly into the rear wheel mounting hole. 3. Basket installation: Pull the support rods to both sides into the holder. 4. Fixing the basket to the frame: First, insert the rear end slot into the frame, lay the basket flat, and then lock the front end locking buckle. Check for secure fixation. 5. Vehicle folding: After separating or folding the basket from the frame, press the folding button and simultaneously press down on the handlebar to complete the folding. Pull out the telescopic rod to tow the vehicle.

Warning: Users and guardians should carefully read this manual before use and keep it properly for future reference. Failure to follow this manual may affect the safety of pets. Please fasten the safety buckle for your beloved pet when using! Avoid accidents during the journey.
