Key Features

1. A great addition to your kitchen, this electric ice cream machine is super easy to use and clean, and versatile enough to make ice cream, gelato or frozen yogurt.
2. The 1-liter bowl contains cooling liquid to create fast, even freezing so you can whip up a tasty treat in 30 minutes or less.
3. Make memories with your kids while crafting delicious frozen fruit desserts with your ice cream churning.
4. One of the best ways to cool down is by eating ice-cream. Try making it keto or low-carb if you prefer healthier options.
5. Use our side slots to add in your favorite toppings like chocolate chips, nuts or sprinkles. Mmmm...that tastes good!
