ASSEMBLY

- 1 Put the Part 3 and Part 4 together, fix them with Part B.

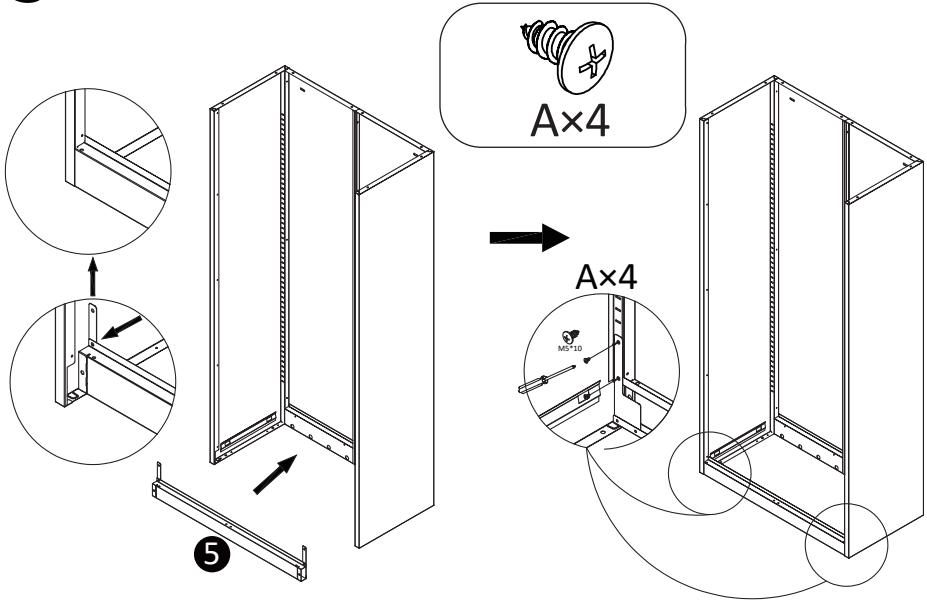

- 2 Insert Part 1 and Part 2 into the Part 3 & 4 slot, put three Part A on each side to hold them in place.

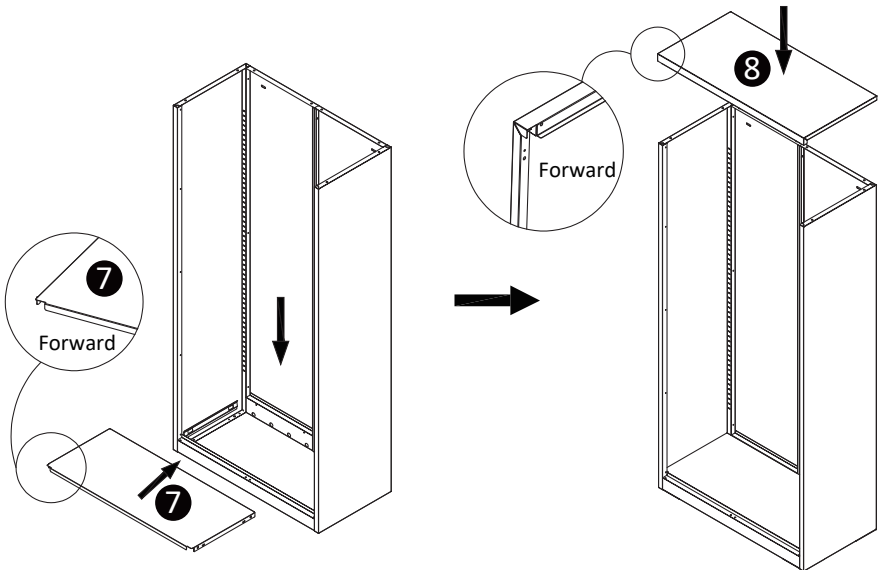

ASSEMBLY

- 3** Insert Part 5 into Part 1, 2 from bottom to top, fix them with Part A screws.

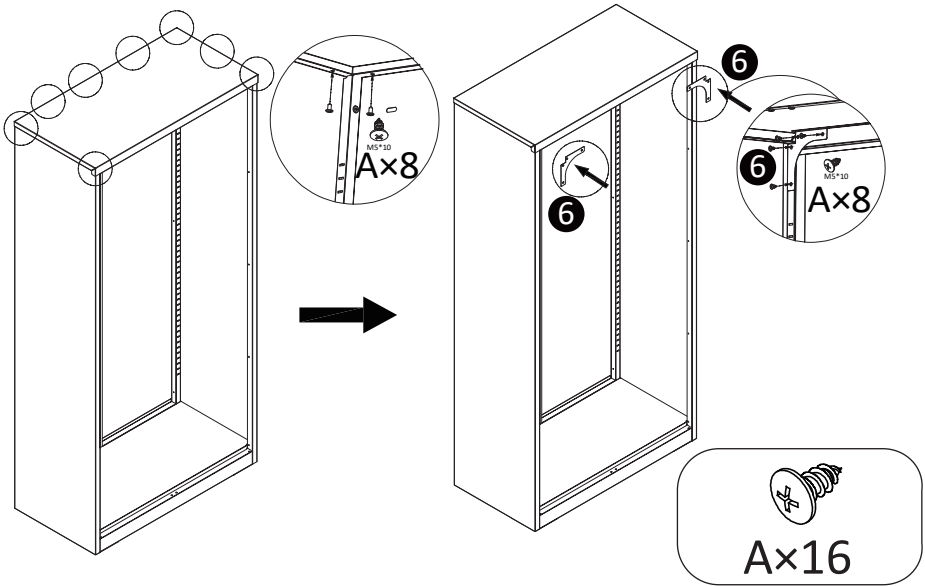

- 4** Snap the buckle on either side of Part 7 into the both side panels, place the Part 8; Please notice the notched side facing forward.

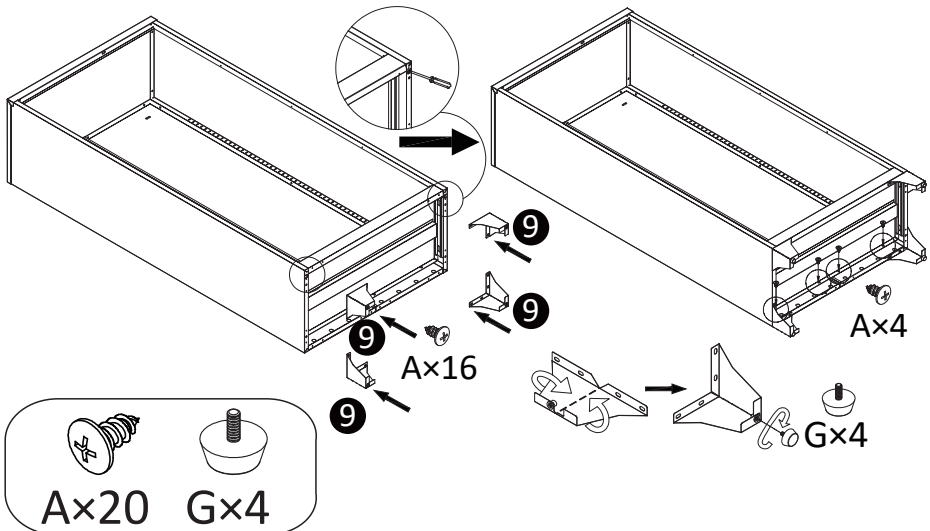

ASSEMBLY

- 5** Fix the top panel Part 8 with Part A, then install the connector Part 6.

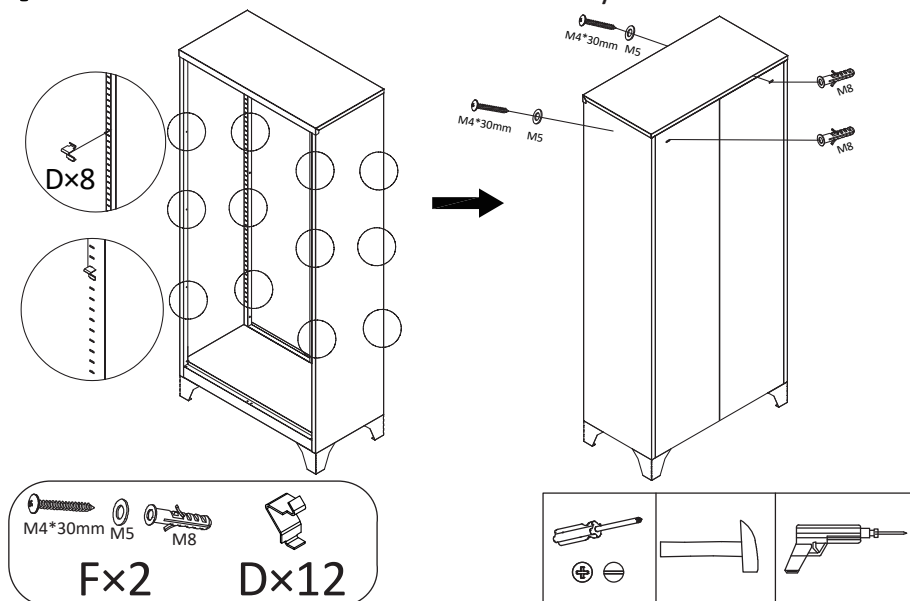

- 6** Bend the fixing plate at the bottom of side panel and clamp bottom panel.
Folded the stand feet, then install it on the bottom.

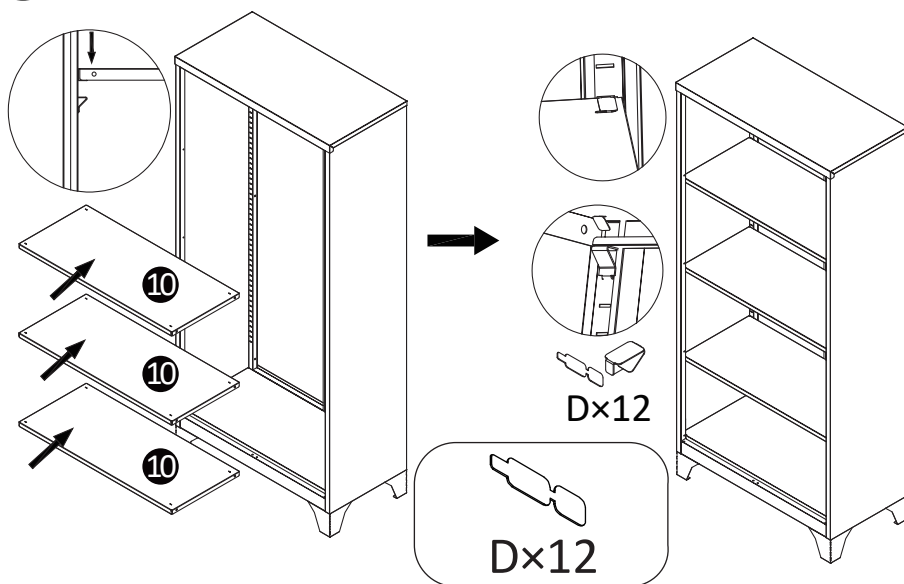

ASSEMBLY

- 7** Place the clapboard buckle in right site.
The cabinet can be fixed on the wall as you need.

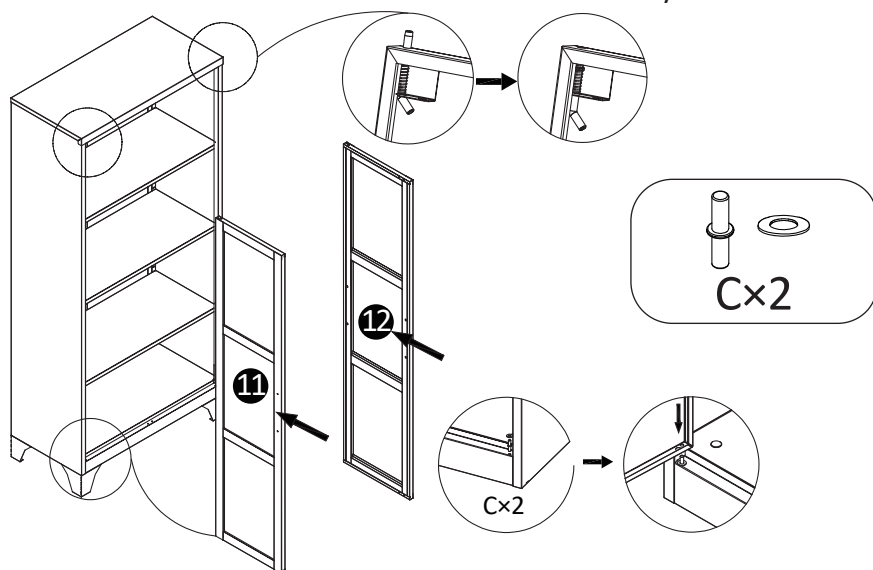

- 8** Place the shelf.

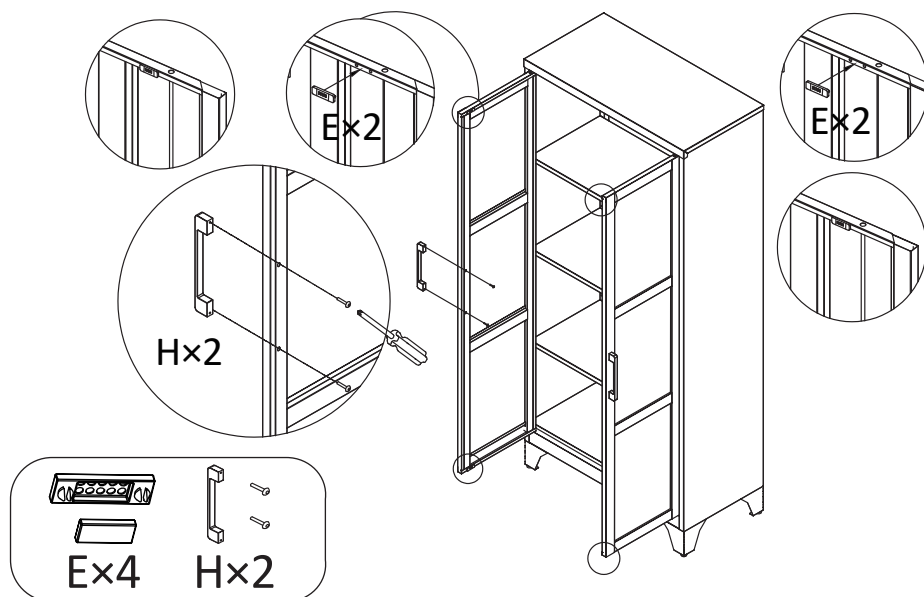

ASSEMBLY

- 9** Install the door on one side by first installing the door shaft Part C, then by pressing the spring screw on the top of door. Install the door on the other side in the same way.

- 10** Install the handle Part H and magnetic pad Part E.

ASSEMBLY

11 Assembly completed.
