

# Britannia Tabletop Clock 613467

Add nautical flair to your living space with the Britannia wooden table clock. This unique table clock resembles a ship's wheel, with brass detailing and a rich mahogany base. Included is an engravable self-adhesive brass plate for a custom touch.

**Nautically Inspired Design:** This nautical desk clock is made from solid brass that's been polished and lacquered to a high-shine finish. It looks like the wheel of a ship and sits upon a mahogany base. Further enhancing the nautical appearance are brass knobs and rope detailing.

**Arabic Numerals:** The spun silver-tone dial of this wood table clock has black Arabic numerals, hands, and a 24-hour time track. A beveled glass crystal covers the dial to protect against dust and damage.

**Engravable Plate Included:** This unique table clock includes a self-adhesive engravable brass plate, which has beveled edges for a high-end appearance. It matches the brass knobs and wheel for a coordinated look.

**Quartz Movement:** Quartz movement requires one AA battery.

**Howard Miller:** Founded in 1926 and still family-owned in its third generation, Howard Miller is the world's leading clock company and a respected brand name in fine specialty furnishings such as curio cabinets, wine & bar furnishings, custom storage cabinets, and SmartMoves® adjustable height desks.
