

JZSKZCD7WDML8

Specification

Color: Blue
Material: PVC
Number of Pieces: 1
Process: Hot Melt Technology
Style: Portable, Classic
Shape: Inflatable Rectangle
Installation Method: Freestanding
Number of Layers: 4
Max. Temperature: 45°C/113 ℉
Bump Type: Electric Air Bump
Electric Air Bump Model: GR-124
Electric Air Pump Power: 50W
Electric Air Pump Input: 5V-1A/5V-2A
Pump Power Cable Length: About 1m/3.3ft
Insulation Time: Depends on Local Temperature Difference
Inflation Time: About 8 Minutes
Capacity: About 100L/90.8qt
Load Capacity: About 100kg/220.5lbs

Package Included

1 x Inflatable Bathtub
1 x Electric Air Pump
1 x Drain Hose
1 x Chinese Instruction Manual
All Accessories for Assembly

Notes

1. After filling the air must be removed from the air pump and separated from the product. The air pump is not allowed to contact with water and other liquids, please store it in a dry place.
2. Please strictly follow the instructions.
3. Please allow the slight color difference caused by the shooting light and 0.3-1 inch error due to manual measurement, and make sure you do not mind before ordering.
