

# ASSEMBLY AND INSTALLATION INSTRUCTIONS

**WARNING:** TO AVOID RISK OF ELECTRICAL SHOCK, BE SURE TO SHUT OFF POWER BEFORE INSTALLING OR SERVICING THIS FIXTURE.

## Before You Begin:

- Ensure power is turned off at the circuit breaker before installation.
- Read all instructions carefully.
- Installation should be performed by a qualified electrician if you are unfamiliar with wiring.

## Step-by-Step Installation:

1. Use mounting screws to attach the mounting plate to the electrical box.
  2. Connect wires with wire connectors: black to black (live), white to white (neutral), and ground to grounding terminal. Avoid exposed wires.
  3. Secure the wall bracket to the mounting plate with a locknut.
  4. Screw the bulb into the lamp head.
  5. Clamp the bulb with the spring clip inside the lampshade.
  6. Turn on the power to test the bulb.
- Installation is complete.

## Safety Instructions:

**To avoid fire, shock, and serious personal injury, follow all instructions carefully.**

1. Do not install or use the light fixture if any part is missing or damaged.
2. To avoid possible electrical shock, be sure electricity is turned off at the main fuse or circuit breaker box before wiring.
3. Make certain no bare wires are exposed outside the wire connectors.
4. All wiring must conform to national and local electrical codes.
5. Follow the recommended instructions for the proper method of wiring your new light fixture. If you feel you do not have enough electrical wiring knowledge or experience, have your light fixture installed by a licensed electrician. Any electrical work not described in this manual should be performed by a licensed electrician.
