Step 1

The product is divided into two packages: seat (1 box) and back with armrests (1 box). Please open all packages upon receipt and check if all components are complete!

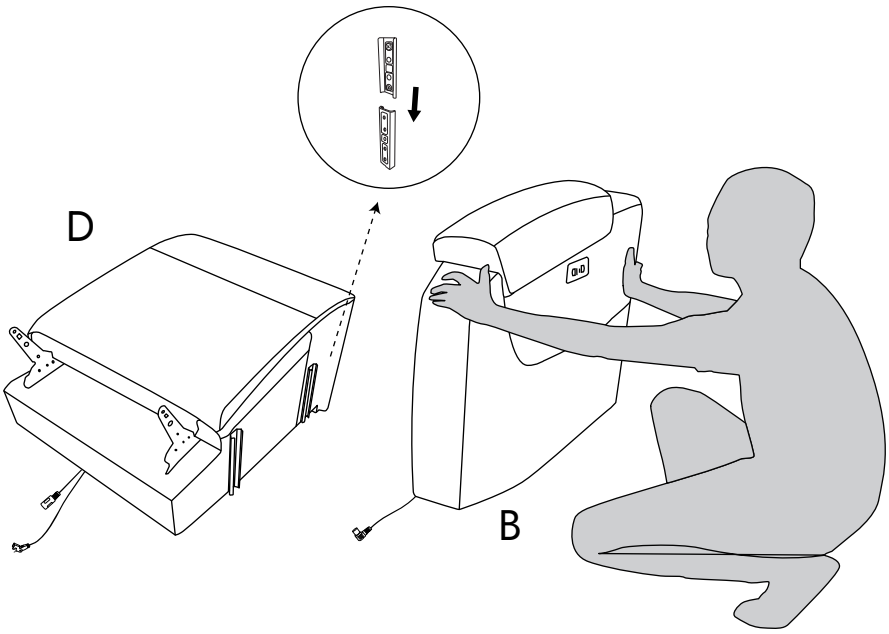

Open the carton and locate the Power Supply (G). Prior to assembly, cut the straps at the bottom of the base.

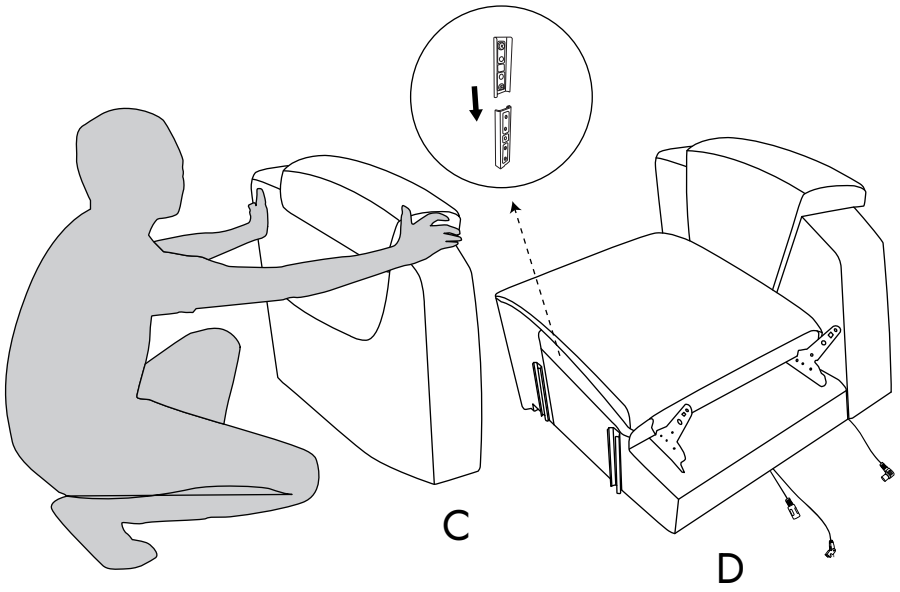

Step 2

Slide the Left Armrest (B) into the Seat (D). Push down the Left Armrest (B) firmly until it is locked into place.

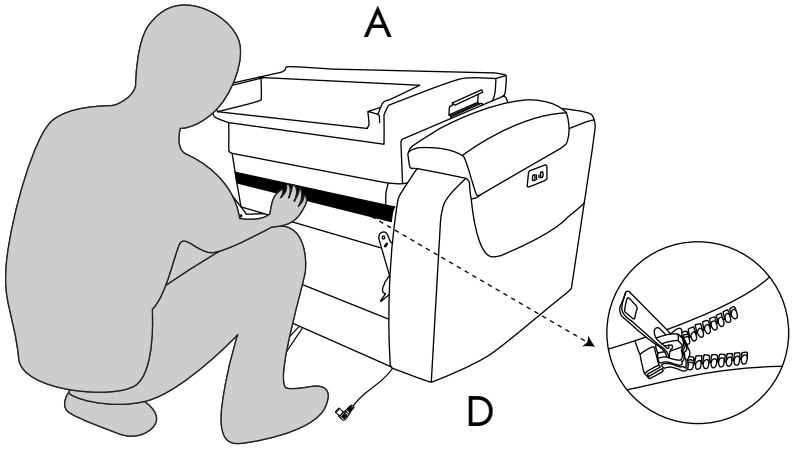

Step 3

Slide the Right Armrest (C) into the Seat (D). Push down the Right Armrest (C) firmly until it is locked into place.

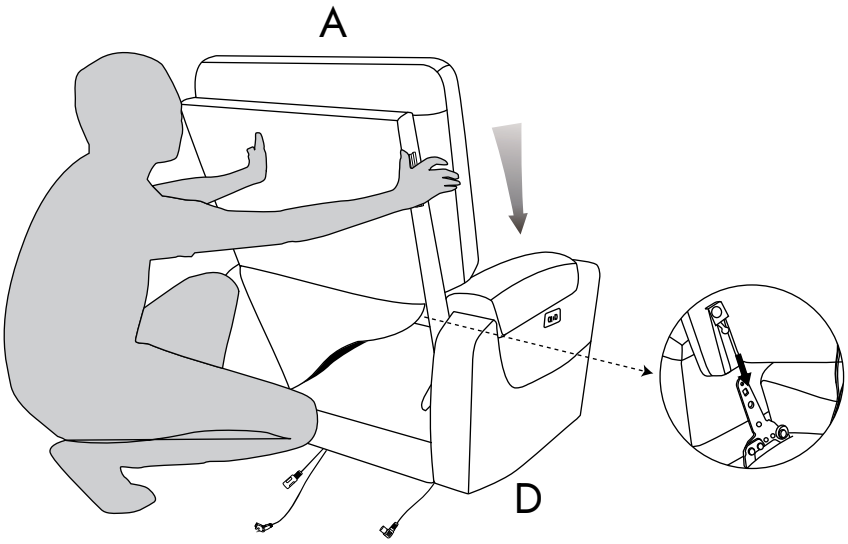

Step 4

Zip up the Backrest (A) and the Seat (D) together.

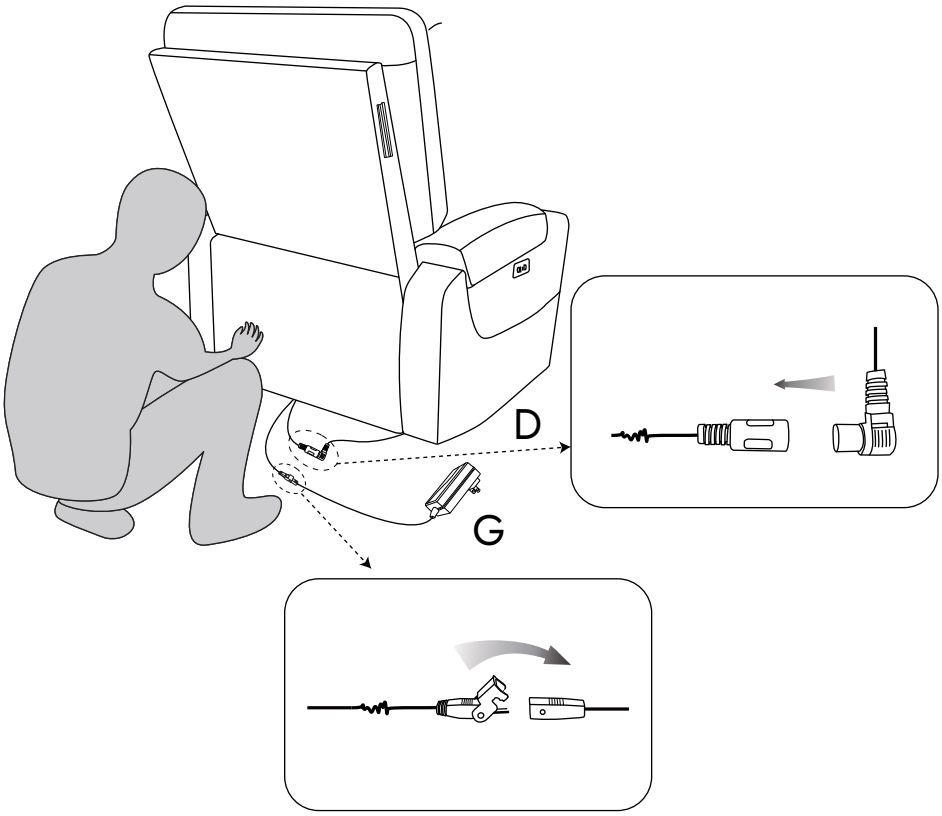

Step 5

Slide the Backrest (A) into the metallic quick connectors of the Seat (D).Push down the Backrest (A) firmly until each side is locked into place and an audible “click” is heard.

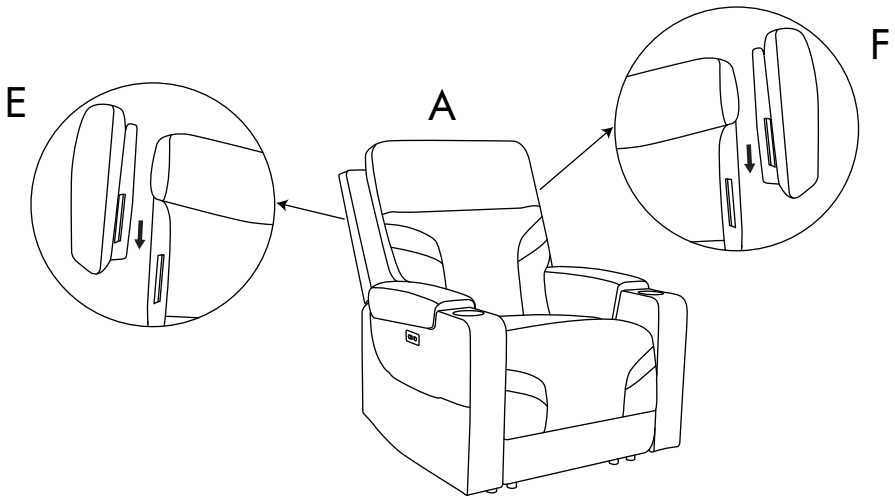

Step 6

Connect the Footrest cable into the Footrest cable. Locate the Power Supply (G) and connect to its corresponding receiver on the base of the Seat (D).

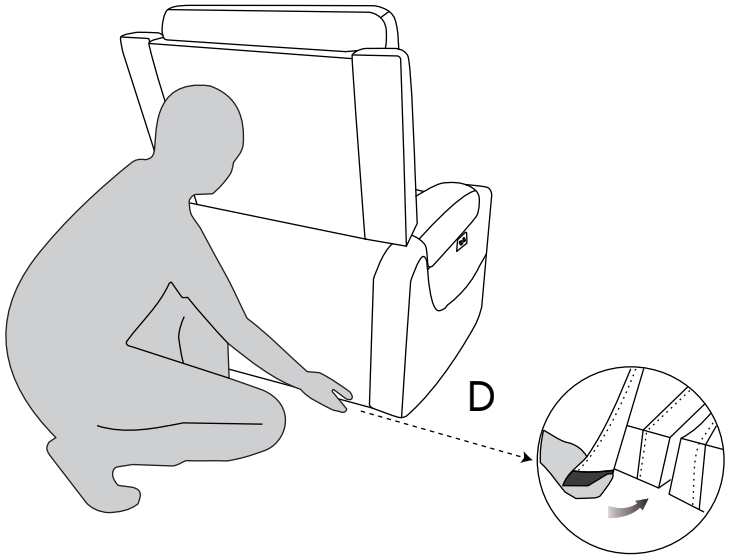

Step 7

Slide the Left Wing (E) and Right Wing (F) into the Backrest (A).

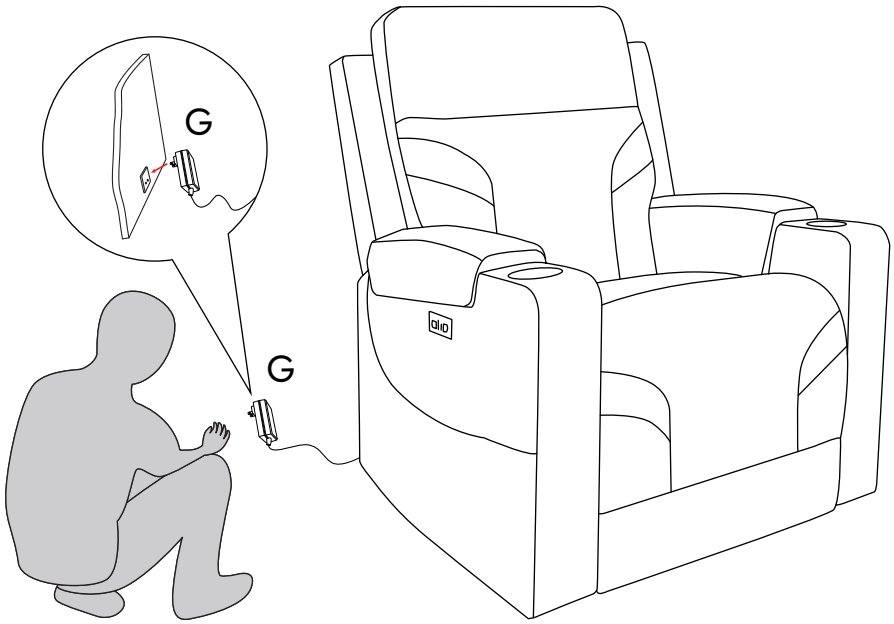

Step 8

Attach the back cover to the bottom of the Seat (D) with Velcro.

Step 9

Plug the Power Supply (G) into the power outlet. (The indicator light will turn green when the power is connected, and it will go out a few seconds after the power is disconnected.)

Step 10

Now the recliner is ready for relax.
