

# INSTALLATION AND SAFETY INSTRUCTIONS

## FOR YOUR SAFETY

**WARNING:** BE SURE THE ELECTRICITY TO THE WIRES YOU ARE WORKING ON IS SHUT OFF; EITHER THE FUSE IS REMOVED OR THE CIRCUIT BREAKER IS SHUT OFF.

## GENERAL

You don't need special tools to install this fixture.

Be sure to follow the steps in the order given. Under no circumstances should a fixture be hung on house electrical wires, nor should a swag type fixture be installed on a ceiling, which contains a radiant type heating system. Read instructions carefully. If you are unclear as to how to proceed, consult a qualified electrician.

**NOTE: Proper wiring is essential for the safe operation of this fixture.**

## FIXTURE ASSEMBLY

Carefully removed the fixture from the carton and check that all parts are included as shown in figure. Be careful not to misplace any of the screws or parts, which are needed to install this fixture.

## INSTALLATION

**STEP 1:** Tighten the chain loop(I) to the nipple on the fixture (A).

**STEP 2:** Adjust the length you want ,open one of the quick link on the end of the chain, attach it to the top loop(E). Open another quick link on the other end of the chain, attach it to the chain loop(I). Close both the quick links and the quick links must be fully closed when in use.

**STEP 3:** Weave the fixture wire through, chain(G) and canopy(F).

**STEP 4:** Attach the mounting strap to the outlet box(not included) by using two mounting screws(D).

**STEP 5:** Pull out the source wires from the outlet box(not included).

**Make wire connections using wire nuts(B) as follow:**

--Connect the smooth wire(with words on it) from the fixture to the black wire(live) from the power source.

--Connect the ribbed wire(with no words on it) from the fixture to the white (neutral) wire from the power source.

--Attach the fixture grounding wire(usually green insulation or bare wire) to the mounting strap with the green grounding screw(C), and then connect it to the house grounding wire with wire nut(B).

Carefully put the wires back into the outlet box(not included).

**STEP 6:** Attach the canopy (F) to the mounting strap and secure it with the collar.

**STEP 7:** Install a bulb(Not included). Check relamping label at socket area or packaging for maximum allowed wattage.

## CLEANING

To clean, wipe fixture with a soft and dry cloth. Do not use abrasive materials such as scouring pads or powders, steel wool or abrasive paper.

**Line art shown may not exactly match the fixture enclosed. However, the installations do apply to this fixture.**
