

Chivari's Soft Velcro Strap Cushion

Velcro Strap Cushions - Designed for Comfort and Security

Everything we do exceeds expectations. Our cushions are made with commercial grade polyester and premium-strength velcro straps

Our premium-strength, color-matched velcro straps ensure comfortable seating.

Our plush foam cushions are thicker than the typical industry standard. Our Velcro cushion straps are wider, so they connect to the body of the cushion body. We use two lines of stitching to connect the straps, further preventing the straps from falling off. Don't look past our superior cushion details. Everything we do is above average. Each cushion supports high quality design and function with its commercial grade polyester material.

Effective July 1, 2025

Product Details

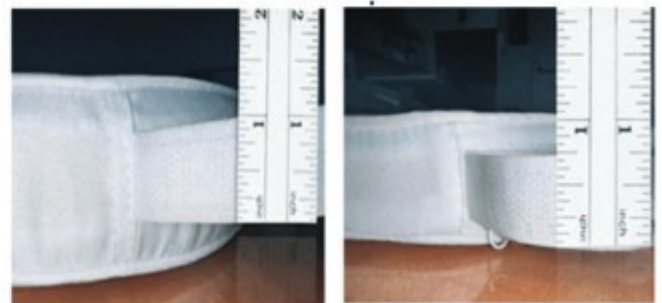

Width	15.5 in.
Depth	15.5 in.
Thickness	2.0 in.
Weight	0.5 lbs.
Foam Type	High Density Foam
Material	Polyester
Machine Washable?	Yes
Mount Type	Velcro Straps
Compatibility	Chiavari Chairs Chiavari Barstools Infinity Chairs Art Deco Chairs Napoleon Chairs

Our Cushions are 14% Thicker!

Our Chivari Velcro Strap Cushions are 2 inches thick, others are only 1.75 thick. That's 14% thicker! Double piping and reinforced stitching, connecting cushion straps to the body of the cushion.

... With a 41% Wider Strap!

Our Chivari Velcro Strap Cushions have Velcro straps that are 1" wide, (competitors' straps are only .71" wide). Chivari's Velcro straps are 41% wider! That means our cushions have a 41% larger velcro area and therefore a stronger connection, ensuring the cushion will not detach from the chair.
