ASSEMBLY INSTRUCTION

Step1

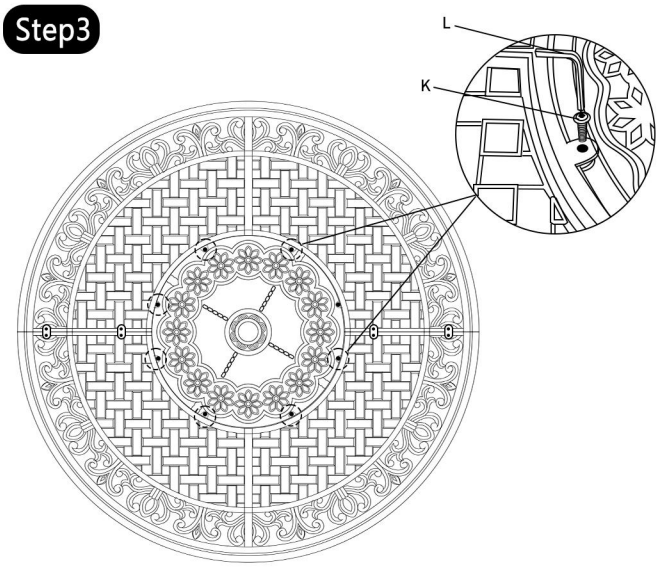

Step1: When installing the M8*35mm Closing Screws(F), the hollow end faces outwards, so that it can be fixed by hex key(L) later.

Step2

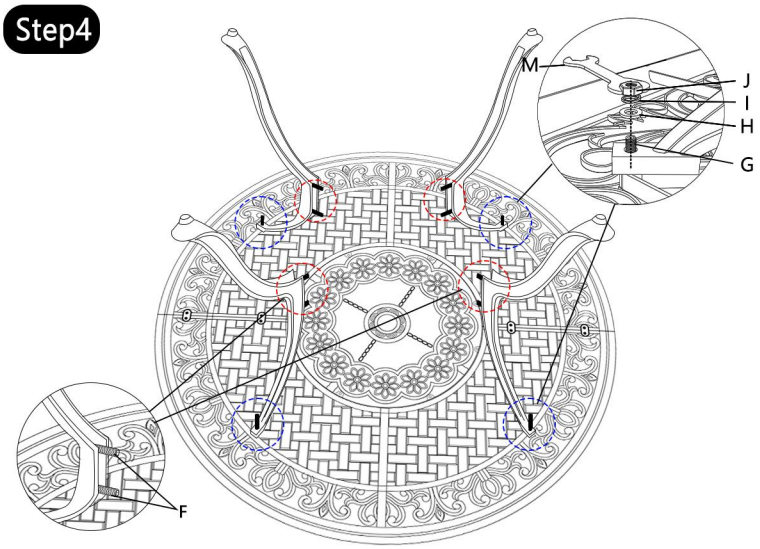

Step2: After installing F, put on E and tighten it with H+I+J.

Step3

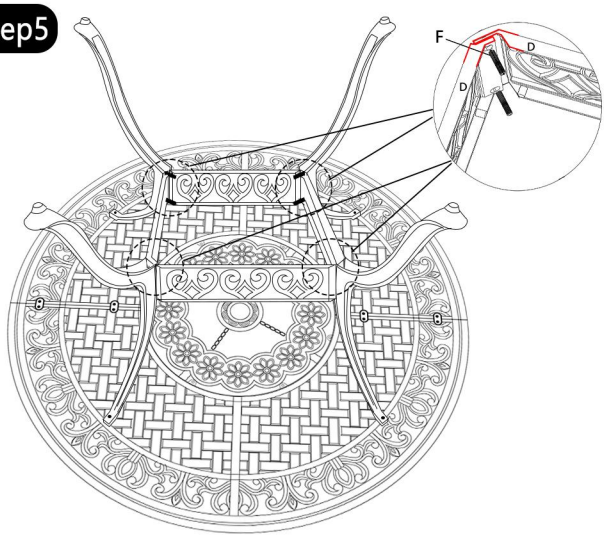

Step3: Place B in the center, align the holes, and then tighten it with K.

Step4

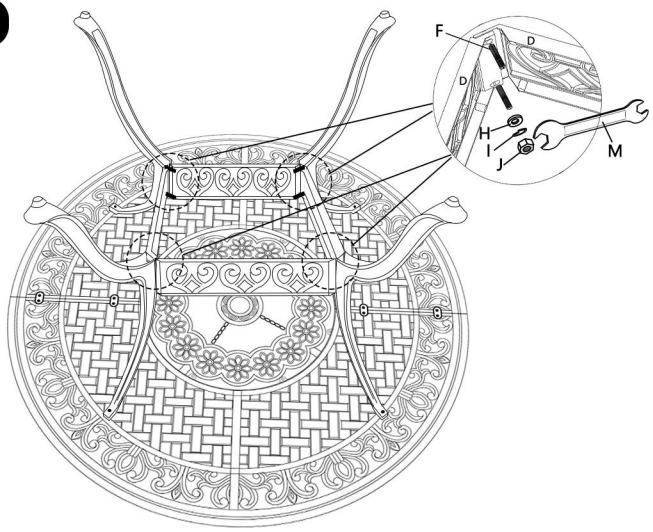

Step4:Install C and tighten with G+H+I+J at bottom. When installing the M8*40mm(G), the hollow end faces outwards, so that it can be fixed by hex key(L) later.

Step5

Step5: Please pay attention to the installation direction,the larger opening panel should be installed firstthen the smaller opening panel. If one side of the panel is installed first (large opening), the otherside is installed later (small opening).

Step6

Step6: Please install part H+I+J in strict accordance with the order shown in the figure.
