

# Austin Floor Lamp Assembly Instructions

1. Attach pole (B) to base (A), and pole (C) to pole (B), pole (D) to pole (C), pole (E) to pole (D).
2. Connect pole (F) to pole (G) and pull the extra cord out gently through the bottom of (F), making sure it does not get caught on the threading.
3. Unscrew socket ring (I) from the socket, and fix shade (H) into place on the socket with ring (I). (Socket ring may be already screwed on in place on socket.)
4. Screw LED bulb (L) into socket, plug power cord into outlet, and tap foot pedal to power on.

## Product Features and Information:

- Package includes (1) 5 watt LED bulb.
- The bulb is not dimmable, but you can switch it out for a dimmable or smart bulb if desired.
- Maximum wattage is 150 incandescent watts.
- Use knob (J) to adjust lamp height, and knob (K) to adjust angle of the head.
- Product is suitable for use in DRY locations only.

## IMPORTANT SAFETY INSTRUCTIONS:

AS A SAFETY FEATURE TO REDUCE THE RISK OF ELECTRIC SHOCK, THIS LAMP HAS A POLARIZED PLUG. THIS MEANS ONE PRONG IS TALLER THAN THE OTHER. THEREFORE, THE PLUG WILL ONLY FIT IN A POLARIZED OUTLET IN ONE WAY. IF THE PLUG DOES NOT FIT FULLY IN THE OUTLET, TAKE IT OUT AND TURN THE PLUG OVER TO INSERT THE PRONGS IN THE OPPOSITE WAY. IF IT STILL DOES NOT GO IN, CONTACT A QUALIFIED ELECTRICIAN. NEVER USE WITH AN EXTENSION CORD UNLESS THE PLUG CAN BE FULLY INSERTED. DO NOT ALTER THE PLUG.

Thank you for purchasing from Brightech! We guarantee all of our products with a best-in-class warranty for any manufacturer defects. If you have any trouble whatsoever with your order, please reach out to us via our site , [www.brightech.com](http://www.brightech.com). We will be happy to assist you.
