

ASSEMBLY AND INSTALLATION INSTRUCTIONS

WARNING: TO AVOID RISK OF ELECTRICAL SHOCK, BE SURE TO SHUT OFF POWER BEFORE INSTALLING OR SERVICING THIS FIXTURE.

E1=10PCS (5clear glass+ 5smokey glass)
E2=6PCS (3 clear glass + 3 smokey glass)
E3=1PCS (smokey glass)

Before You Begin:

- Ensure power is turned off at the circuit breaker before installation.
- Read all instructions carefully.
- Installation should be performed by a qualified electrician if you are unfamiliar with wiring.

Step-by-Step Installation:

1. Rotate the lock bead (C) to remove the mounting plate (A) from the lamp.
2. Secure the mounting plate (A) to the junction box using the provided screws (CC or DD, chosen based on junction box depth) and washers (BB).
3. Connect incoming and outgoing wires using the wire connectors (AA). (Note: Connect positive to positive (live), negative to negative (neutral), and ground to the grounding terminal. Ensure no wires are exposed during connection.)
4. Fix the lamp body to the mounting plate (A) using the lock bead (C).
5. Install the light sources (fixtures only, bulbs not included).
6. Hang the glass spheres as follows: E3 on the central hook of the lamp body, E2 on the middle hook, and E1 on the outermost hook. Note: Alternate the two colors of glass for installation.

Safety Instructions:

To avoid fire, shock, and serious personal injury, follow all instructions carefully.

1. Do not install or use the light fixture if any part is missing or damaged.
2. To avoid possible electrical shock, be sure electricity is turned off at the main fuse or circuit breaker box before wiring.
3. Make certain no bare wires are exposed outside the wire connectors.
4. All wiring must conform to national and local electrical codes.
5. Follow the recommended instructions for the proper method of wiring your new light fixture. If you feel you do not have enough electrical wiring knowledge or experience, have your light fixture installed by a licensed electrician. Any electrical work not described in this manual should be performed by a licensed electrician.
