STEP: 17

Install the sink on the cabinet with glue.
Let stand for 24 hours

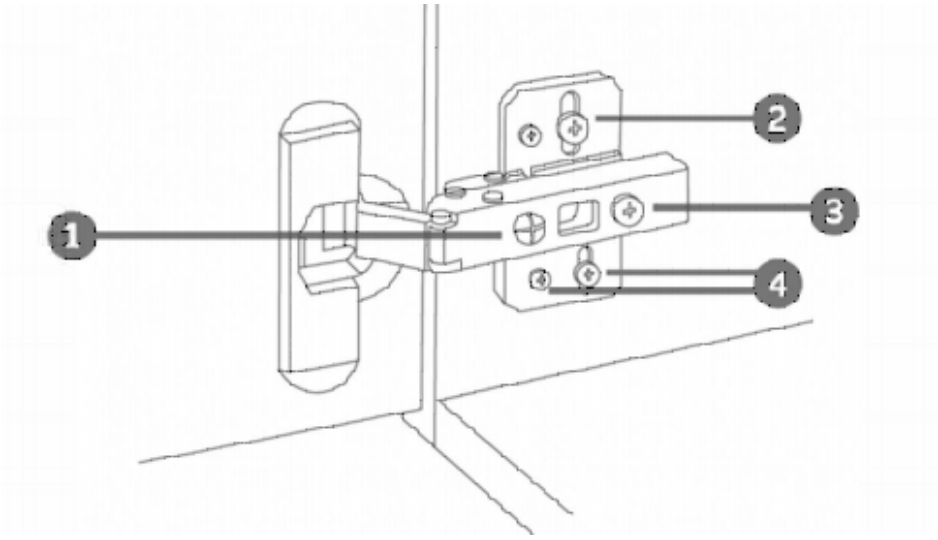

*Silicone glue is not included in the package to comply with safety regulations in certain shipping conditions.

STEP: 18

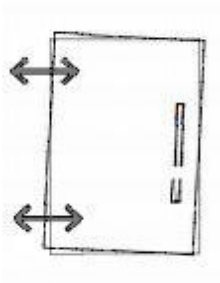

HINGE ADJUSTMENTS

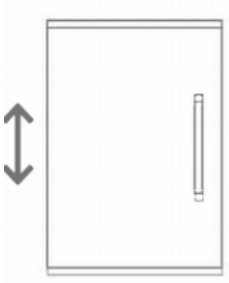

1 Sideways / Tilt adjustment

Turn the screw
clockwise to move the door further away from the side of the cabinet
anticlockwise to move the door closer to the side of the cabinet

2 4 Height adjustment

While supporting the weight of the door, turn the screws
clockwise to move the door up
anticlockwise to move the door down

3 Forward and back adjustment

If the gap between the back of the door and the cabinet is too small, and the door may not close fully. Turn the screw
clockwise to decrease the gap between the door and the cabinet
anticlockwise to increase the gap between the door and the cabinet
