

Installation steps:

- 1-2. Loosen the screws to adjust the length of the cable, and then tighten the screws to locate the cable
3. Secure the mounting bracket to the junction box using screws
4. Connect the main line/ground cable of the lamp body to the cable reserved on the junction box
- 5-6. Cover the canopy on the mounting bracket and tighten the ball nut
7. Install light bulbs (not included)

Notice:

1. Before installation, please check whether the parts are complete and whether the lamps are in good condition.
2. Cut off the power supply before installation, and then perform wiring.
3. Install the lamp body first, and then install the power supply.
4. Installation and maintenance must be carried out by professional and technical personnel.
