

Warnings and Cautions

Please retain this instruction for future usage and read carefully before assembly.

Make sure you have all the parts & hardware as item list shows.

2 adults or more are recommended to install your Pergola.

Do not discard any of the packaging until you have checked that you have all the parts and pack of fittings.

Check all bolts for tightness before use, and periodically check and tighten bolts ensure your Pergola works properly.

Some parts might have sharp edges/corners. Please follow basic safety precautions to reduce the risk of hurts.

*Maximum weight capacity is **1000 pounds**.*

If moderate to heavy snow is forecast, open the louvers to avoid snow accumulating.

*It is essential to place the Pergola on level ground and not less than **6 feet** from any obstruction such as fences, garages, the house, overhanging branches, laundry lines, or electrical wires.*

If you have questions or concerns.

*Please contact us via email at **domiservice01@outlook.com***

Matters needing attention

1. Two or more people are required for assembly.

2. Do not fully tighten screws prior to complete assembly.

1

If the deck is hard wood and the depth of it is over 3 inch, you can use **5/16 in. x4 in. Structural Wood Screw** to mount the pergola.

2

If the ground is concreted and the depth of it is over 3 inch, you can use 1/4 inch expansion bolts to mount the pergola

3

Or you can make a concrete footing for pergola, **15×15×15 inches** is recommended. use expansion bolts to mount the pergola like ② shows.

IMPORTANT:
Anchor is not recommended
