

VESTA 32" ROUND PENDANT

DESCRIPTION

Inspired by one of the largest asteroids in our solar system that continuously orbits the outer reaches of space. Its rocky form has been punished over billions of years since the early formation of our planets. Our glass artisans have recreated this celestial form using a unique technique of freehand glassblowing that creates a ghostlike illumination through the amber colored glass. Each handblown, sculptural piece is a unique work of contemporary art hanging from a soft gold leaf canopy. Approximate blown glass drop dimensions: 5.5"W x 6.5"H.
