- ✓ 1 Electronic Steam Setting

***Shark is simplifying hard floor cleaning!***

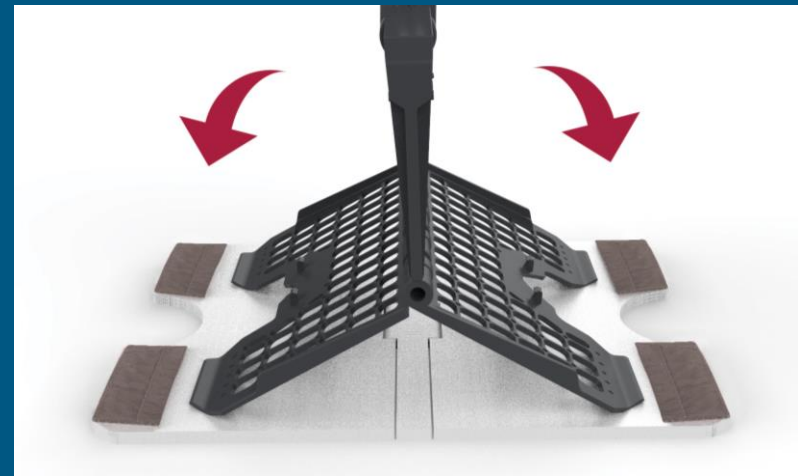

## STEAM BLASTER

Attack stubborn messes with a directed blast of superheated steam. Soften the grip of stuck-on stains at the touch of a button and wipe away with one easy pass.

## TOUCH FREE TECHNOLOGY

Attaching cleaning pads is hands free—touch a button to flip open the mop head, slide it into the pad's tabs, and click into cleaning-ready position. Ready for a new pad? Use the easy one-button release.

## DIRT GRIP TECHNOLOGY

Our washable pads are made with fibers specially designed to trap more dirt. No more streaking or pushing around dirty water.
