**Huge cooking surface—cooks up to 50% more than other jumbo griddles.**  
**Cool-touch base surrounds the cooking surface on the front and both sides.**  
**Slide-out drip tray empties easily.**

- The heavy cast aluminum base with premium nonstick surface assures stick-free cooking and easy cleaning.
- Built-in backstop ledge for convenient food handling.
- Control Master® heat control maintains the desired cooking temperature automatically. Griddle is fully immersible with the heat control removed.

● Special Tilt'nDrain™ feature allows the griddle to easily adjust from a level grilling surface for eggs and pancakes to a tilted draining surface for meats.

● Griddle tilts by simply pulling the handles outward. Push the handles back in and the griddle returns to a level cooking surface.
