Combined cabinet

Assembly Instructions - Please keep for future reference

Dimensions

Width - 98.2inch
Depth - 15.7inch
Height - 77.9inch

Any question please feel free to contact us:
support@amer-life.com TEL:(901) 347-2181
We will provide further assistance within 24 hours.

Important – Please read these instructions fully before starting assembly

Safety and Care Advice

Thank you for choosing this product! To ensure safe use and long-term maintenance, please read this manual carefully and keep it for future reference.

Important Notes:

. This product is designed for indoor use only and should not be used for commercial or outdoor purposes without authorization.

. Children under the age of 14 should not participate in the assembly process.

Important - Please read these instructions fully before starting assembly

1.Preparation Before Assembly Check Components and Tools:

Refer to the provided parts list to ensure all components and fittings are included. If any parts are missing or damaged, please contact customer service immediately.

Required Tools:

Prepare a Phillips screwdriver, a spirit level, a rubber mallet, and expansion bolts or screws suitable for your wall type (not included).

Workspace:

. Assemble the product on a flat, soft surface (e.g., carpet) to avoid scratching the furniture.

. Ensure the workspace is spacious enough to lay out all components and facilitate assembly. Safety Precautions:

. Keep children and pets away from the assembly area to prevent accidental injuries or swallowing of small parts.

. Assembly by two people is recommended to improve efficiency and ensure safety.

2.Assembly Instructions

. Initial Fixing:

Assemble the components in the order specified in the manual. Do not skip any steps. Tighten screws and connectors loosely at first to allow for adjustments later.

. Alignment Check:

Before fully tightening screws, ensure all grooves and holes are properly aligned to prevent incorrect assembly.

. Wall Mounting (if applicable):

. Use the included anti-topple device to secure the furniture to the wall. If suitable wall-mounting fittings are not provided, purchase appropriate expansion bolts and screws for your wall type.

. Follow the wall-mounting guidelines to prevent tipping hazards.

3.Post-Assembly Checks

. Verify that all parts are securely installed and screws are fully tightened.

. Ensure the anti-topple device is properly installed.

. Once the furniture is in its final position, use a spirit level to confirm it is level.

Usage Instructions

1.Safety Tips for Use Prevent Tipping:

. Always use the included anti-topple device to secure the furniture and prevent accidents. . Check the stability of the anti-topple device regularly.

. Open only one drawer at a time to maintain balance.

Weight Distribution:

. Place heavy items in the lower drawers or shelves to improve stability.

. Avoid placing heavy objects on top of the furniture unless it is designed for such use.

Child Safety:

. Do not allow children to climb, sit, or hang on the furniture.

. Keep small parts and sharp objects stored inside drawers or cupboards, out of children ' s reach

2.Special Features (if applicable):

. Lighting System:

. Follow the instructions to correctly install electrical components, ensuring wires are not exposed.

. If the LED strip or switch needs replacement, consult a professional.

Maintenance
Instructions

1.Cleaning and Care

. Wipe the surface with a slightly damp soft cloth and mild detergent. Avoid using bleach, solvents, or abrasive cleaners.

. Regularly clean underneath and behind the furniture to prevent dust accumulation.

2.Regular Checks

. Inspect screws and fittings regularly to ensure they are not loose, and tighten them if necessary.

. Check the anti-topple device to ensure it is securely connected, and adjust immediately if any looseness is detected.

3.Preventing Environmental Damage

. Avoid placing the furniture in damp areas to prevent material deformation or structural damage.

. Protect the furniture from prolonged exposure to direct sunlight to prevent discoloration or surface aging.

4.Product Disposal

. This product should not be disposed of as household waste. Please take the furniture to an authorized recycling facility in accordance with local regulations.

. For products containing electrical components, ensure proper recycling as per the European Union Waste Electrical and Electronic Equipment Directive (WEEE).

Safety Warnings

1. Anti-Tip Warning

To prevent serious injury or death caused by furniture tipping over:

A. Always use the included anti-tip device or other suitable wall-mounting hardware to securely anchor the furniture to the wall.

B. Do not allow children to climb, hang, or play on the furniture.

C. Only open one drawer at a time.

D. Avoid placing heavy items on the top drawer or the top surface of the furniture.

2. Installation Warnings

- Follow the assembly steps as outlined in the manual.
- Do not use high-torque power tools to avoid damaging screws or fittings.
- Do not move the furniture or place heavy items on it until assembly is fully completed.

3. Child Safety

- This product is not a toy. Keep all small parts and packaging materials out of reach of children.
- Using the anti-tip device is essential to ensure child safety.

4. Electrical Safety (If Applicable)

- Before using the product, ensure all electrical components are properly connected.
- Do not attempt to disassemble or modify the electrical parts. For replacements, consult a qualified electrician.

Customer Care

If you encounter any of the following issues, please contact our customer service team promptly:

- Missing or damaged parts.
- Questions during assembly.
- Issues related to product use or maintenance.

To assist us in resolving your concerns quickly, please provide the following information:

- Order number.
- Purchase platform.
- Purchase date.
- Detailed description of the issue and photos (if applicable).

Customer Service Contact Information:

- Email: service@grandtunnel.com

Compliance with European Market Regulations

- This manual complies with the General Product Safety Directive (GPSD) and relevant regulations for furniture product instructions in the UK (BS 14749), Germany, France, Spain, and Italy.
- All warnings and maintenance guidance provided are intended to ensure user safety and prolong the product's lifespan.

Thank you for your support and trust. Enjoy your product!

CUSTOMER SERVICE GUIDE

Thank you for choosing our product! We are committed to providing you with excellent service. If you find any missing parts, damaged packaging, or product damage after receiving all packages, please follow the steps below to quickly contact our customer service team. We will do our best to resolve your issue.

1. Missing Parts

Verify Parts:
1. Refer to the “ Parts List ” in the manual (see page 3) to verify the name, specifications, and quantity of the missing parts.
2. Take a clear photo of the parts list and mark the missing parts with detailed information, e.g., “ Missing 5 pieces of M6×30mm screws. ” C
. By Email:
Send an email to service@grandtunnel.com, with the subject line “ Missing Parts Issue. ” Include the following in the email:
. A description of the missing parts and a photo of the parts list.
. Order details (order number, purchase platform, purchase date).

2. Product or Packaging Damage

If it affects normal use:
Steps:
1. Take clear photos or videos showing the damaged parts and the extent of the damage (multi-angle shots are recommended).
2. Email the photos/videos along with order details to [Email Address], with the subject line “ Product Damage Issue. ”

Resolution:
After verification, we will arrange for a replacement part, product exchange, or refund as quickly as possible.

If it does not affect normal use:
Steps:
1. Contact our customer service team email: service@grandtunnel.com.
2. Provide a description of the damage and include relevant photos or videos.

Resolution:
We will provide repair guidance or an appropriate compensation plan based on the specific situation.

Contact Us
Customer Service Email: service@grandtunnel.com

Helpful Tips
To process your issue efficiently, please prepare the following information:
. Order details (order number, purchase platform, purchase date).
. Clear photos or videos.
. We are committed to providing quick and professional solutions, no matter the size of the issue, to ensure your satisfaction.

Thank you for your trust and support! We hope you enjoy using our product !

A Guide to Wall Mounting & Fixings

Important note:

Befor Drilling: Always check for hidden wires or pipes in the wall.

Important Notes

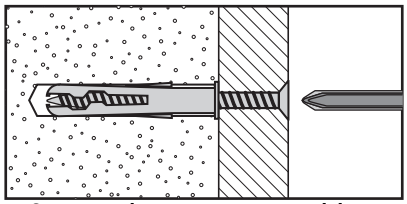

Wall Plugs: If plastic wall plugs are supplied, they are only suitable for masonry walls.
For other wall types, consult a qualified tradesperson.
Installer Responsibility: Using incorrect fixings may result in product failure.

Hints for Safe and Secure Fixing
1. Screw & Wall Plug Size: Use a larger size if unsure.
2. Drill Bit Selection: Match the drill bit size to the wall plug.
3. Drill Position: Drill horizontally and avoid enlarging the hole.
4. Care for Fragile Walls: Insert wall plugs carefully in tiles or thin walls to prevent cracks.
5. Tight Fit: Ensure wall plugs fit snugly into drilled holes.

Types of walls

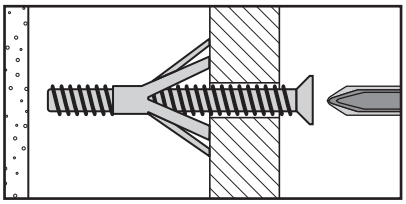

You can use one of the following types of wall plug if your walls are made of brick, breeze block, concrete, stone or wood.

No.1 "General Purpose" wall plug

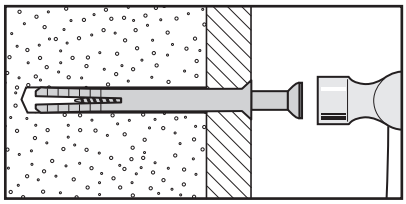

General Purpose Wall Plug: For brick, concrete, and aerated blocks. Not suitable for heavy loads.

No.3 "Cavity Fixing" wall plug

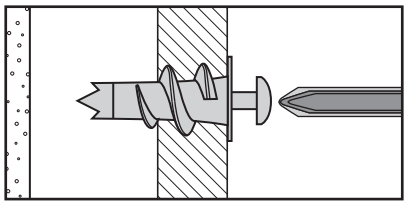

Cavity Fixing Wall Plug : For hollow wooden doors or partitions.

No.5 "Hammer Fixing" wall plug

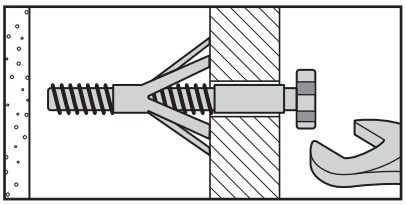

Hammer Fixing Plug: For walls stuck with plasterboard; ensure it anchors securely.

No.2 " Plasterboard" wall plug

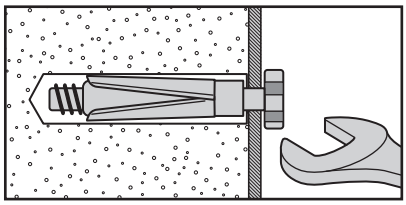

Plasterboard Wall Plug: For light loads on plasterboard partitions.

No.4 " Cavity Fixing – Heavy Duty" wall plug

Heavy-Duty Cavity Fixing : For heavy loads like wall cabinets and shelves

No.6 " Shield Anchor" wall plug – heavy loads

Shield Anchor Wall Plug: For very heavy loads like TV brackets or speakers

Care & Maintenance

Safety: always check the fitting and location to ensure your safety in and around the home.

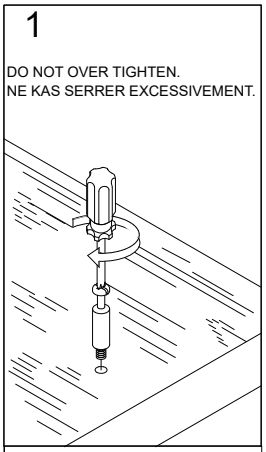

Fitting: from time to time check the fitting to ensure the wall plugs or screws do not become loose.

. Regular Checks: Inspect fittings to ensure screws and wall plugs remain secure.
. Safety Reminder: Always use appropriate fixings and regularly verify stability.

Using Camlocks

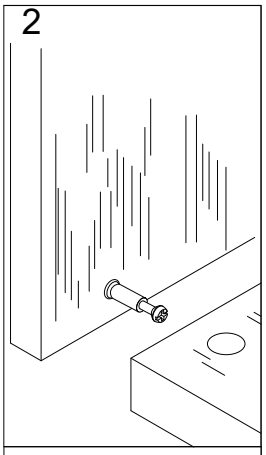

Step 1

. Attach the Male Camlock
. Insert the male camlock into the designated hole on the panel as shown in the instructions.
. Secure it firmly using a screwdriver, ensuring it is tightly fitted.

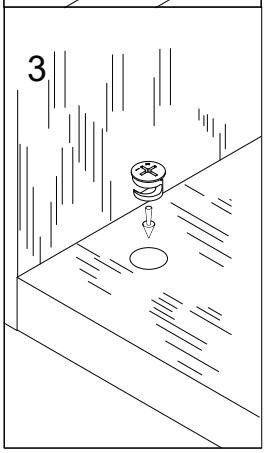

Step 2

. Insert the Male Camlock into the Entry Hole
. Push the panel with the male camlock into the corresponding entry hole of the other panel.
. Ensure the panels are aligned correctly to avoid damage during installation.

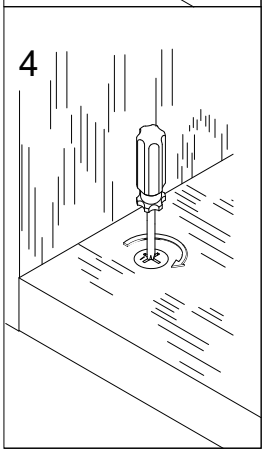

Step 3

. Install the Female Camlock
. Insert the female camlock into the pre-drilled hole on the receiving panel.
. Ensure the arrow on the top of the camlock points towards the entry hole for the male camlock.

Step 4

. Tighten the Female Camlock
. Using a screwdriver, turn the female camlock clockwise until it locks the male camlock in place.
. You should feel a click or resistance once the camlock is fully secured.

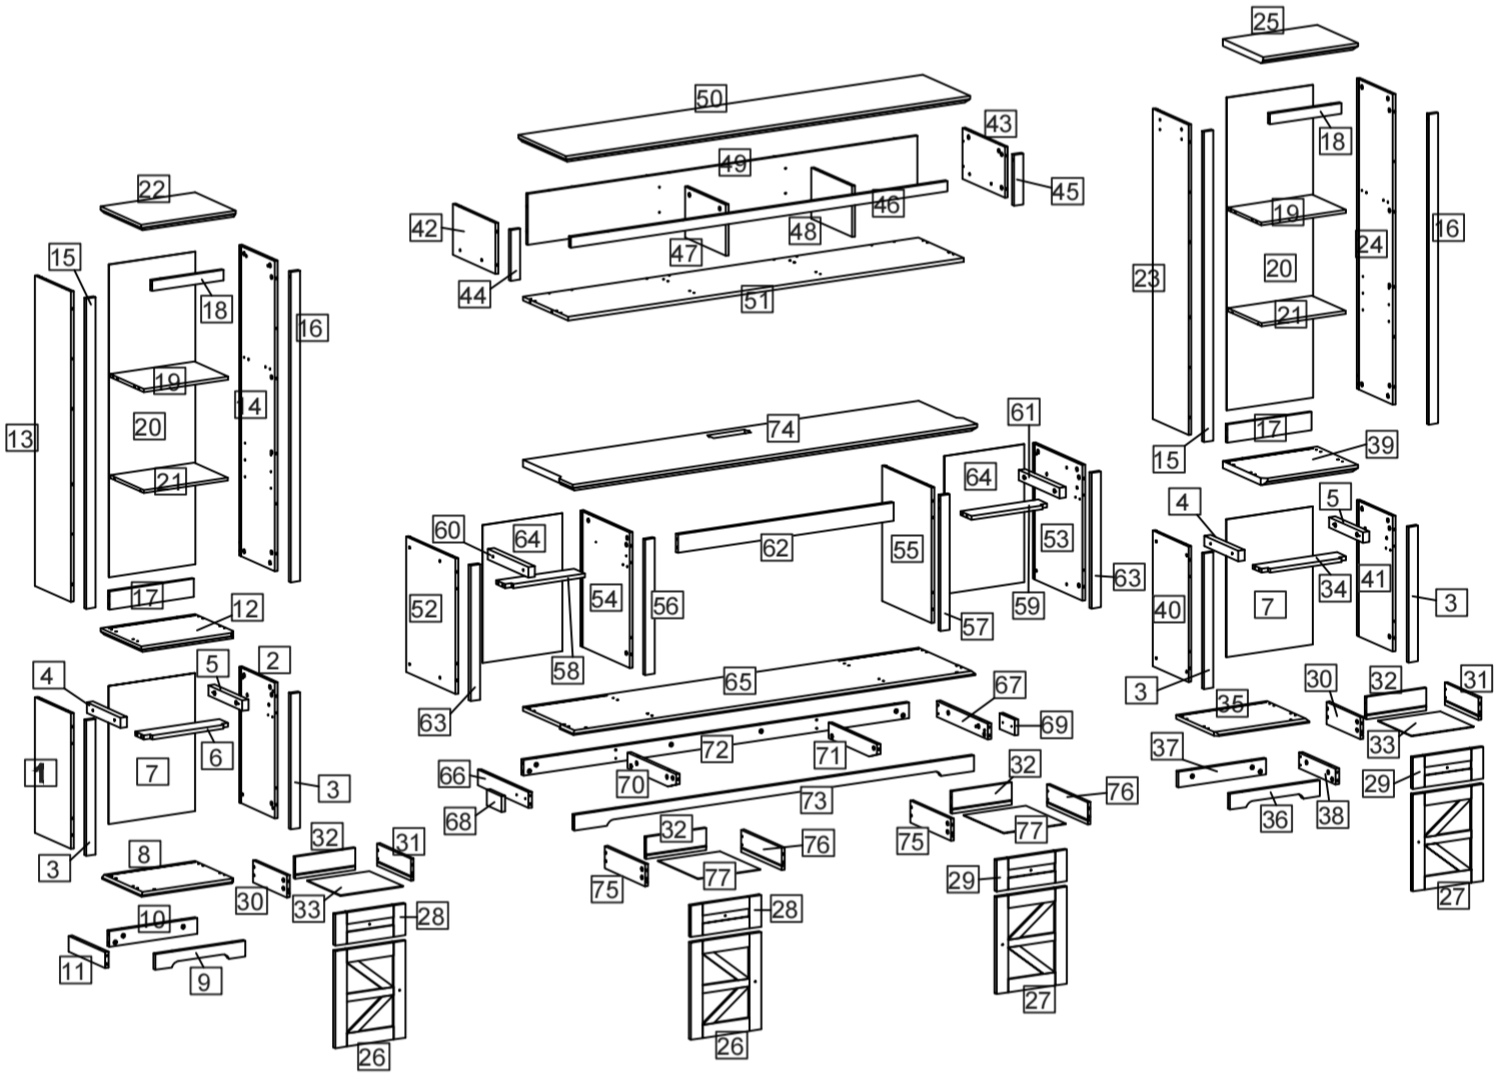

Note:

. Do not overtighten to prevent damage to the camlock or the panel.
. Ensure all camlocks are installed firmly before proceeding to the next assembly step.

Tips for Best Results:

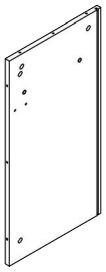

. Use a manual screwdriver to prevent overtightening.
. Double-check alignment of the panels before tightening the camlocks to avoid misalignment.
. If a camlock feels loose, disassemble and check for proper positioning before re-securing.

Step 63

Use hardware B to connect the 42, 43, and 49 assembly to panel 50, then tighten.

Step 64

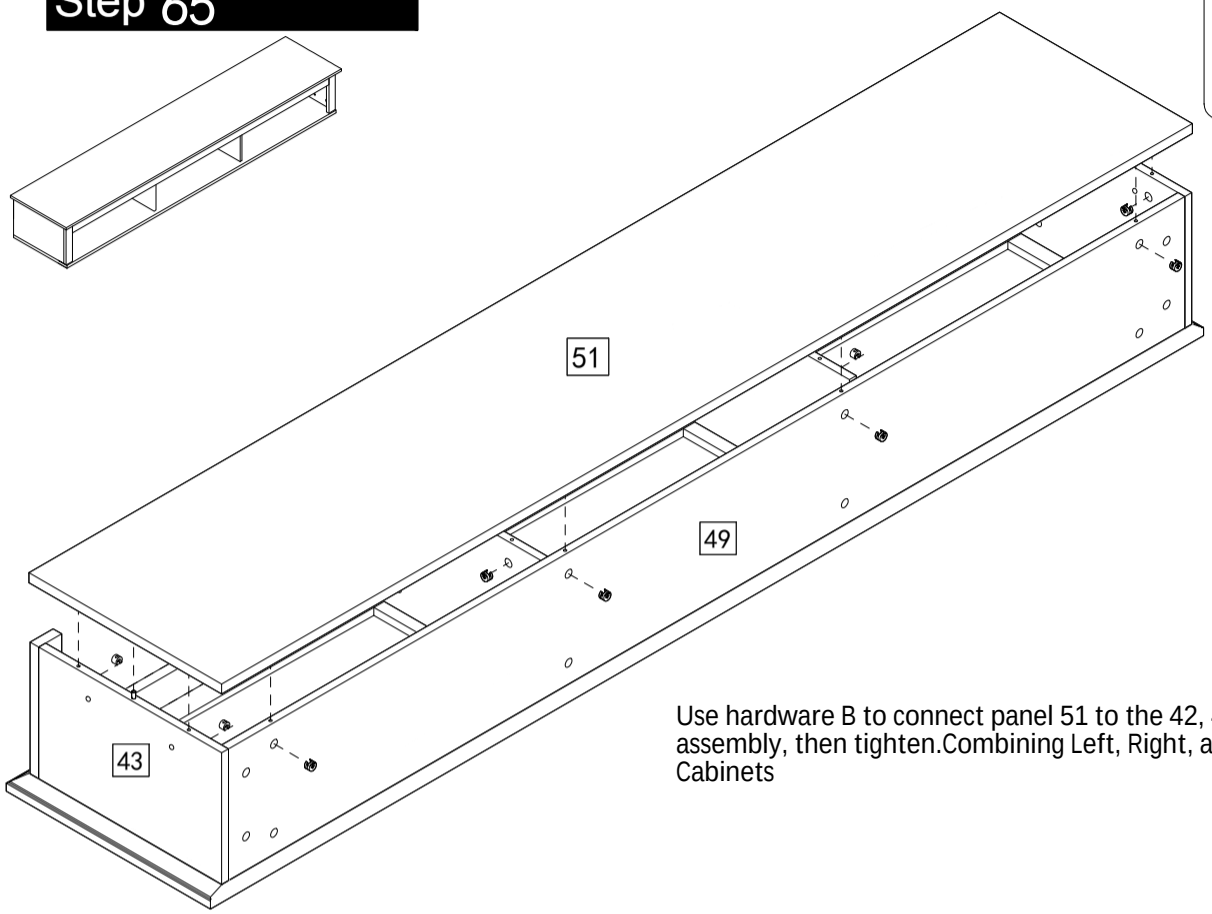

Attach component A to panel 51.

Assembly Instructions

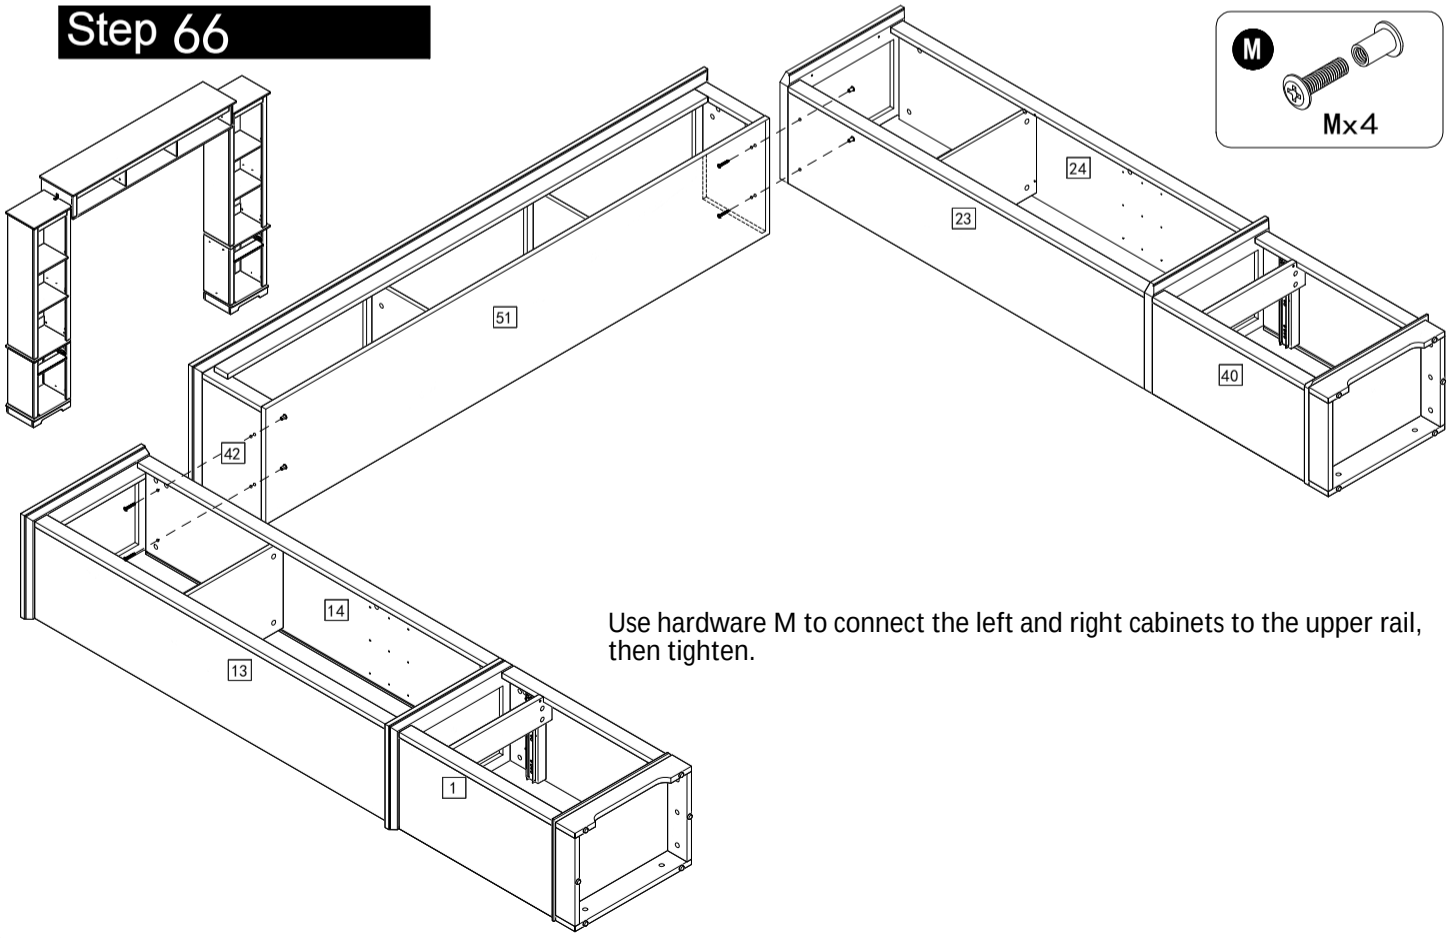

Step 65

Use hardware B to connect panel 51 to the 42, 43, and 49 assembly, then tighten.Combining Left, Right, and Upper Cabinets

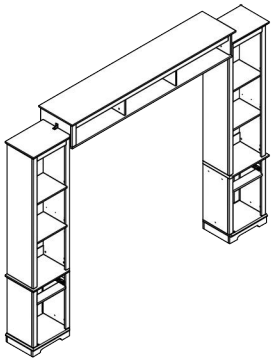

Step 66

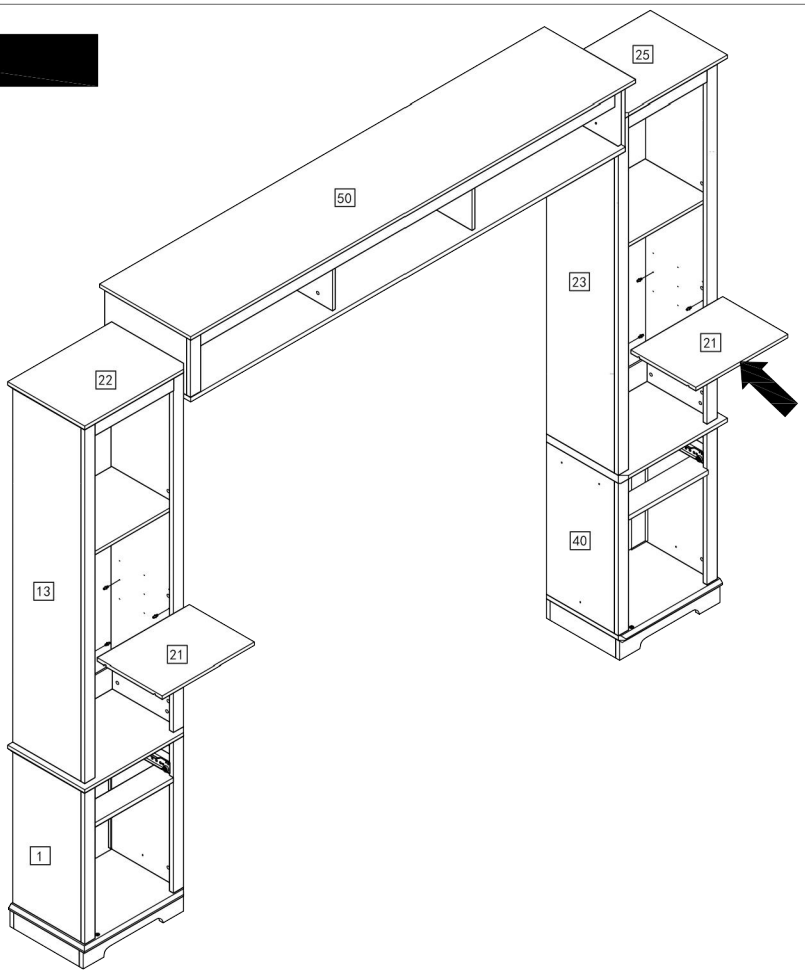

Use hardware M to connect the left and right cabinets to the upper rail, then tighten.

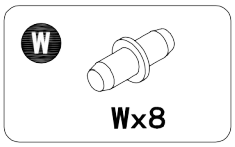

Assembly Instructions

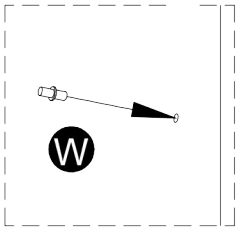

Step 67

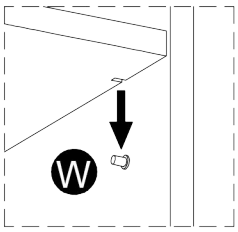

Insert panel 21 as shown in the diagram
.

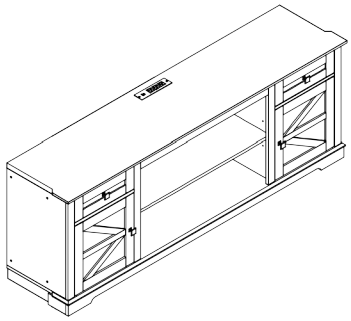

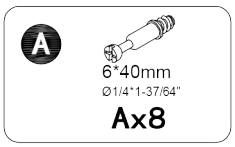

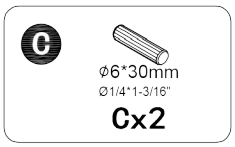

Step 68

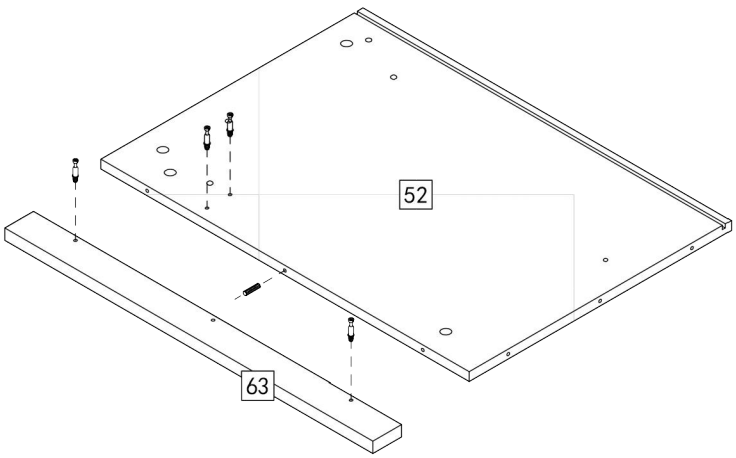

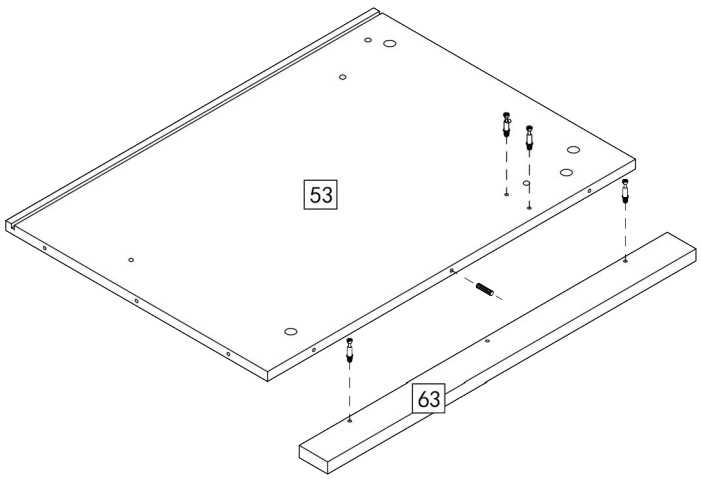

Lower Cabinet Assembly

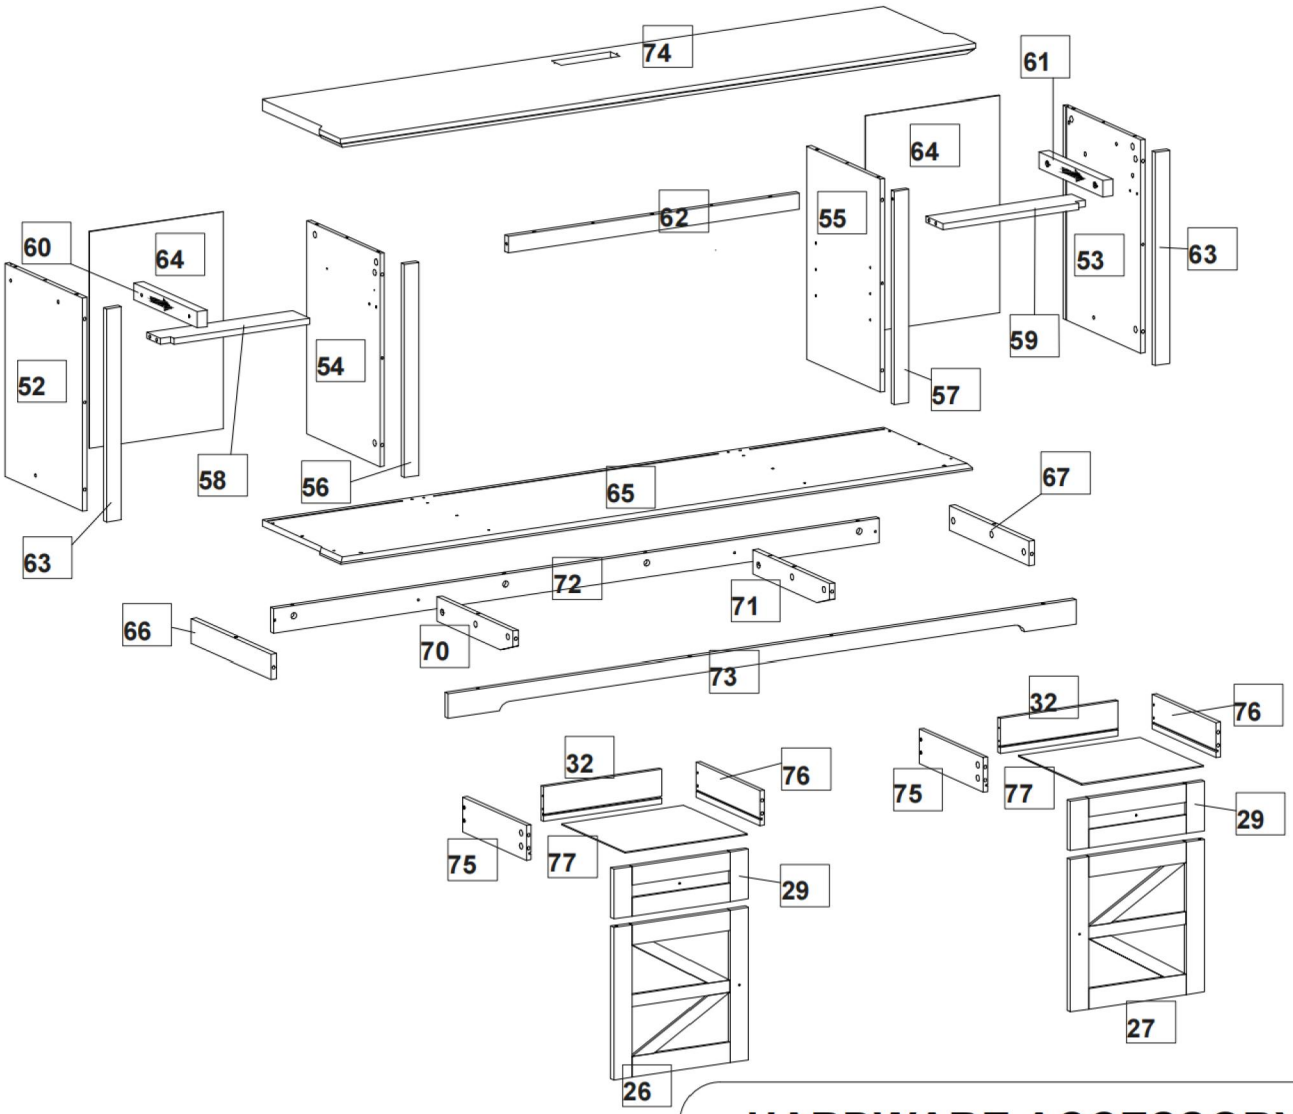

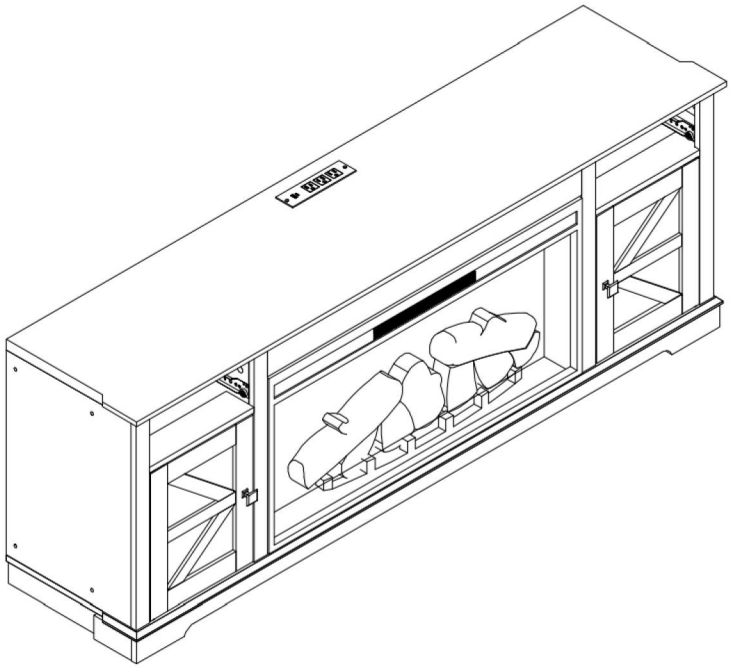

Attach components A and C to panels 52, 53, and 63.

Down cabinet

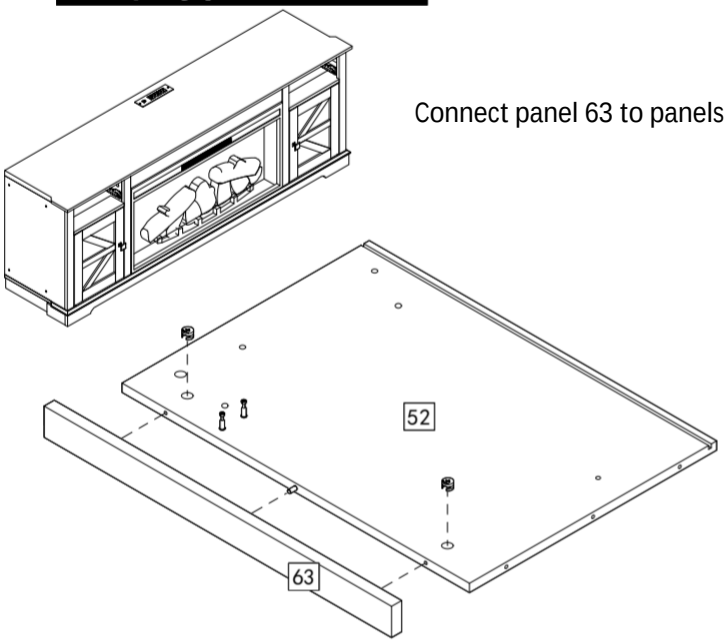

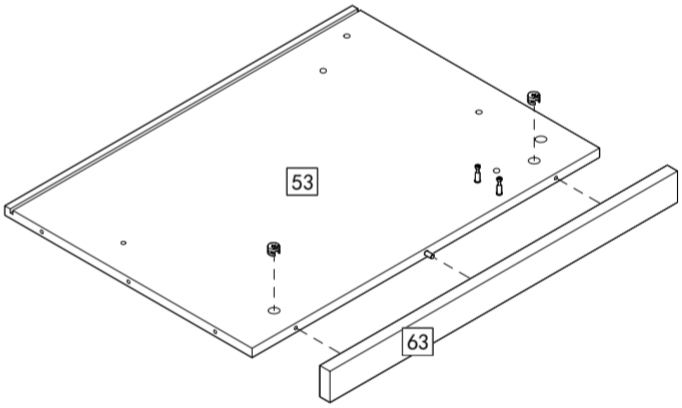

HARDWARE ACCESSORY LIST

A	Ø1/4"1-37/64" Φ6*40mm	63PCS	N		2PCS
B	Ø19/32"25/64" Φ15*10mm	63PCS	O		2PCS
C	Ø1/4"1-3/16" Φ6*30mm	10PCS	R	Ø1/8"1-19/32" M3*16mm	4PCS
F	Ø1/8"15/32" M3*12mm	58PCS	S		13PCS
H		10PCS	K		4PCS
I	Ø13/64"1-37/64" M5*40mm	28PCS	P		4PCS
J	Ø15/64"3/16" M6*30mm	4PCS	T		1PC
Q		4PCS	L		4PCS

Assembly Instructions

Step 69

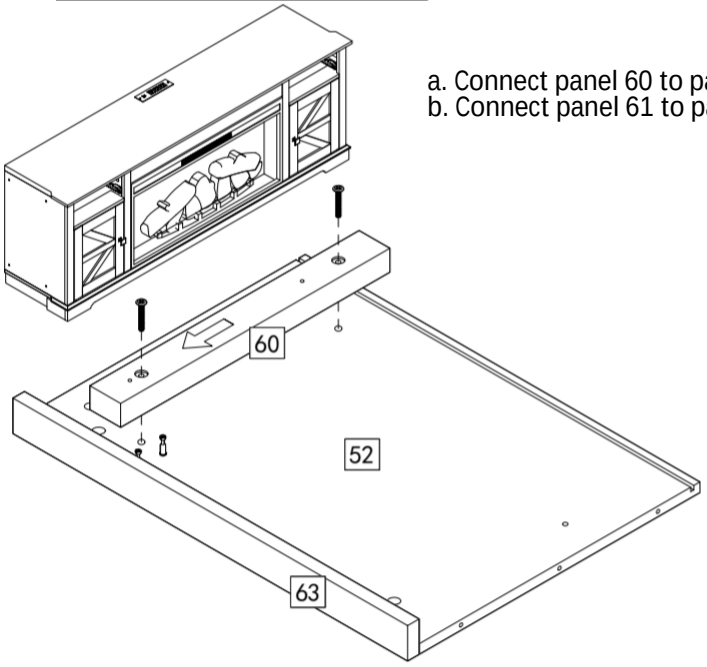

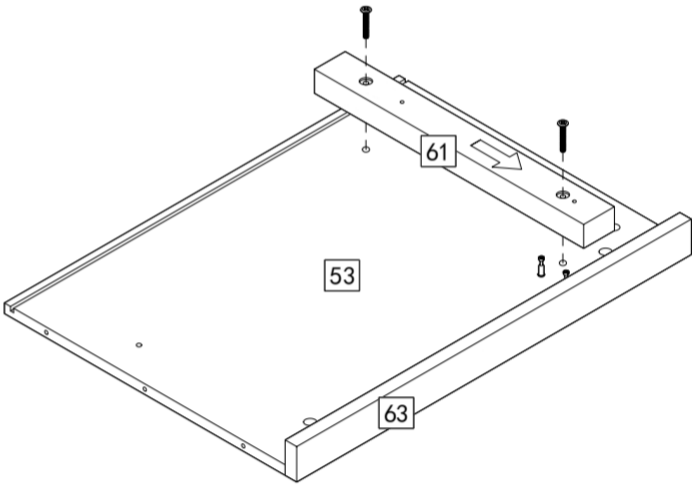

B
ø15*10mm
Ø19/32*25/64"
B x 4

Connect panel 63 to panels 52 and 53 using hardware B and tighten.

Step 70

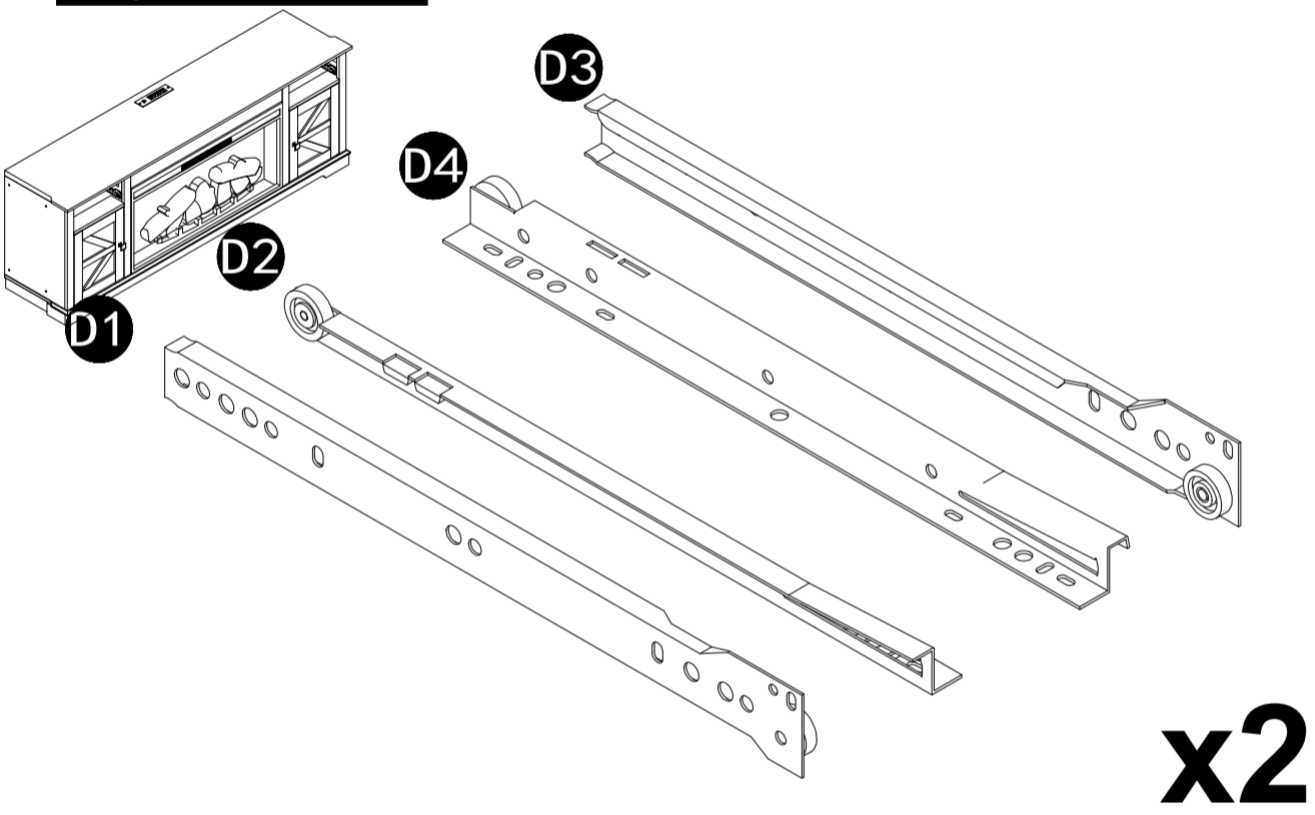

J
6*30mm
Ø15/64*3/16"
J x 4

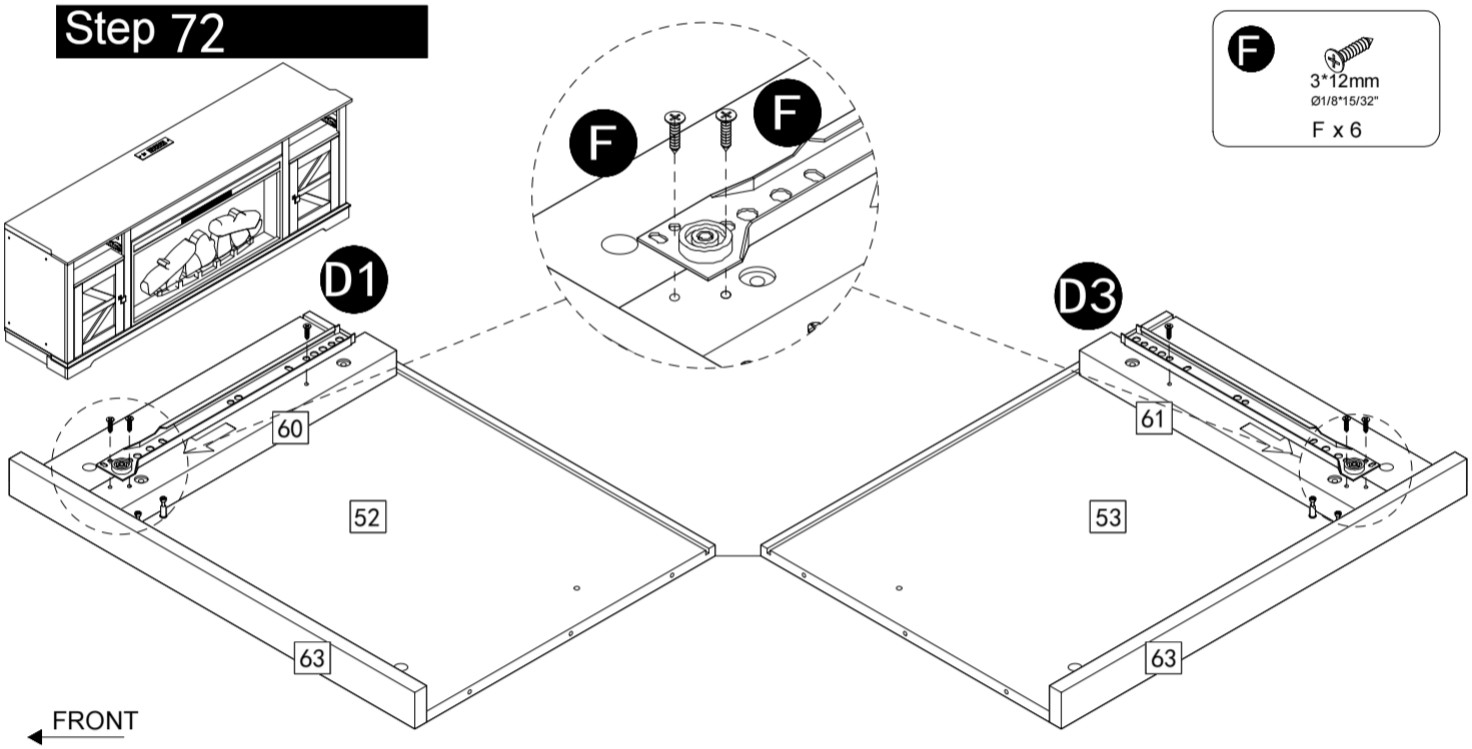

a. Connect panel 60 to panel 52 using hardware J and tighten.
b. Connect panel 61 to panel 53 using hardware J and tighten.

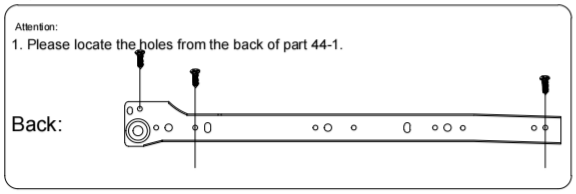

Assembly Instructions

Step 71

Step 72

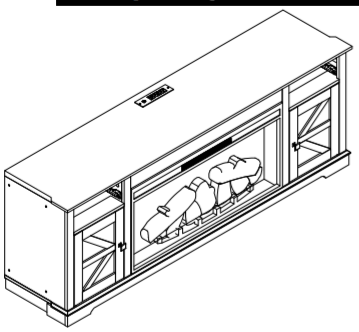

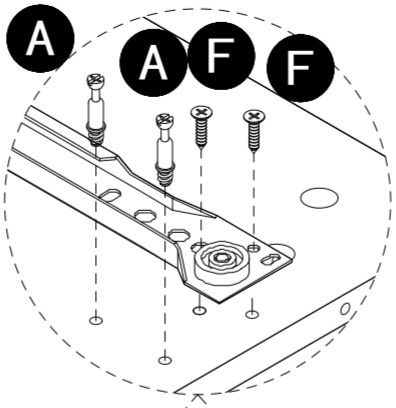

a. Attach D1 to panel 60 using hardware F and tighten.
b. Attach D3 to panel 61 using hardware F and tighten.

Note: Align holes according to the enlarged diagram.

Assembly Instructions

Step 73

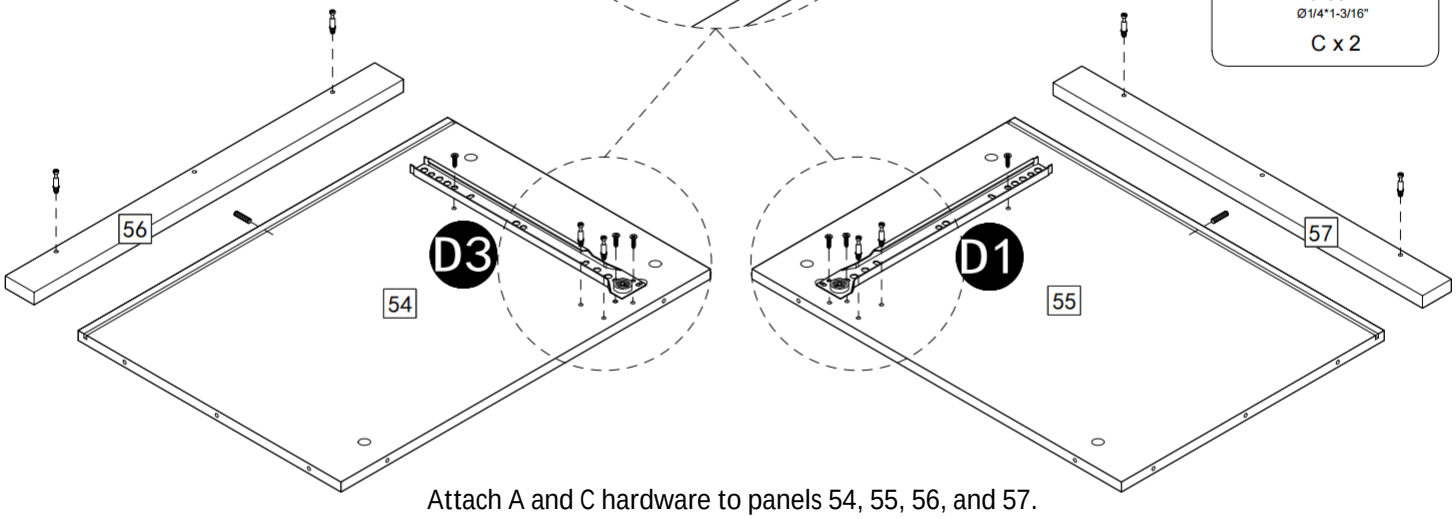

A
6*32mm
A x 8

F
3*12mm
Ø1/8*15/32"
F x 6

C
ø6*30mm
Ø1/4*1-3/16"
C x 2

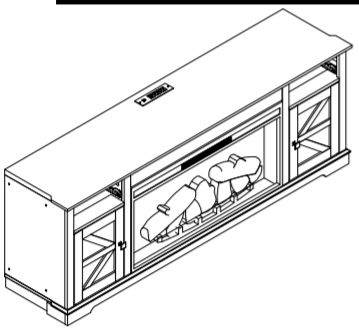

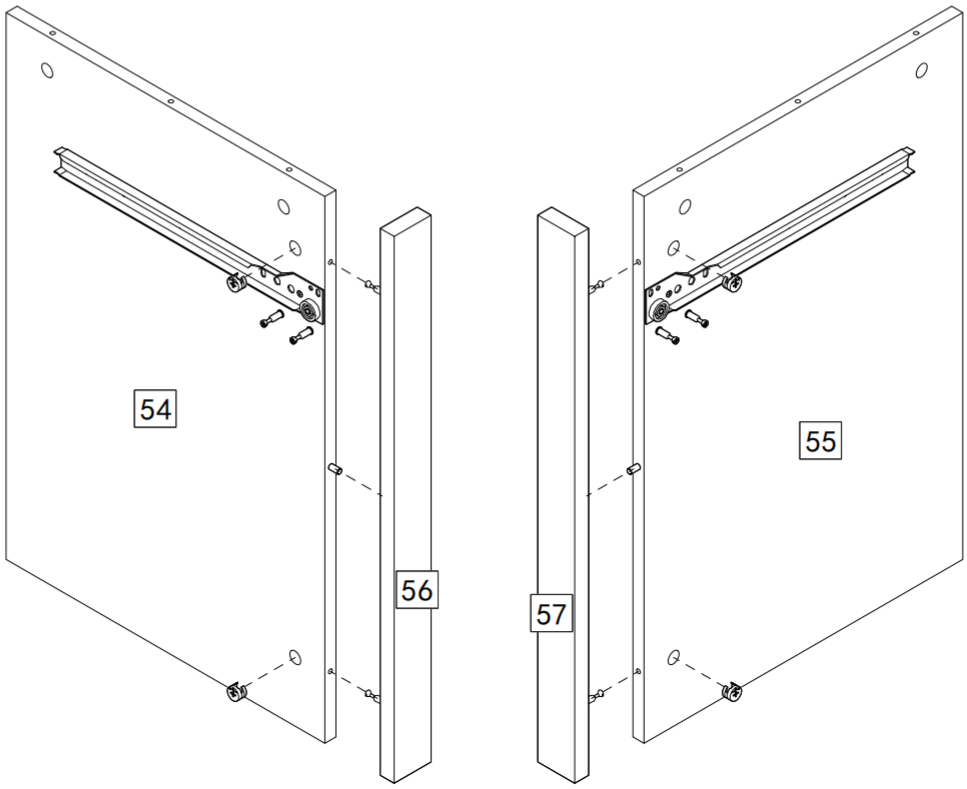

Attach A and C hardware to panels 54, 55, 56, and 57.

Step 74

a. Connect panel 56 to panel 54 using hardware B and tighten.
b. Connect panel 57 to panel 55 using hardware B and tighten.

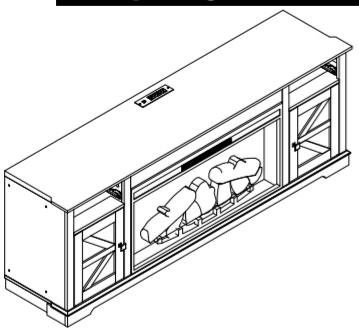

B
ø15*10mm
Ø19/32*25/64"
B x 4

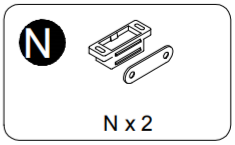

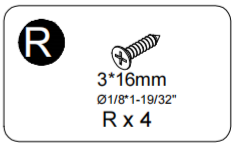

Assembly Instructions

Step 75

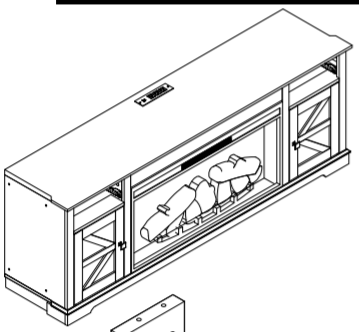

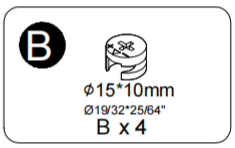

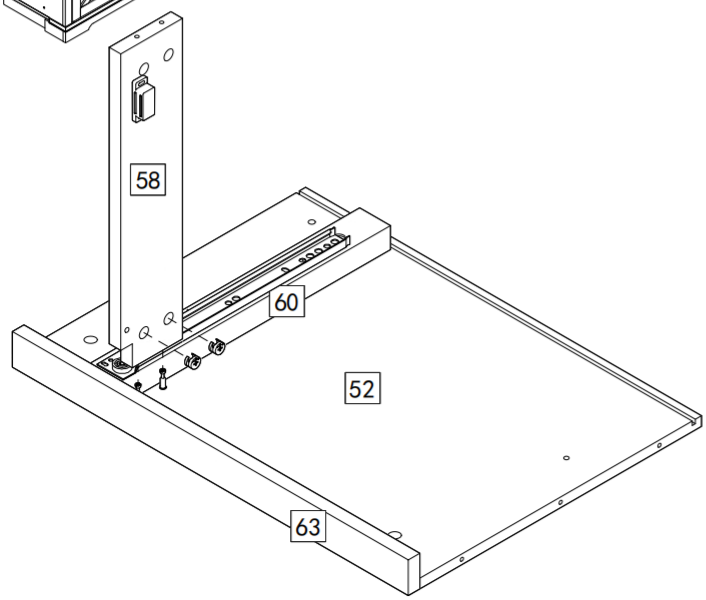

Attach N hardware to panels 58 and 59 using hardware R and tighten.

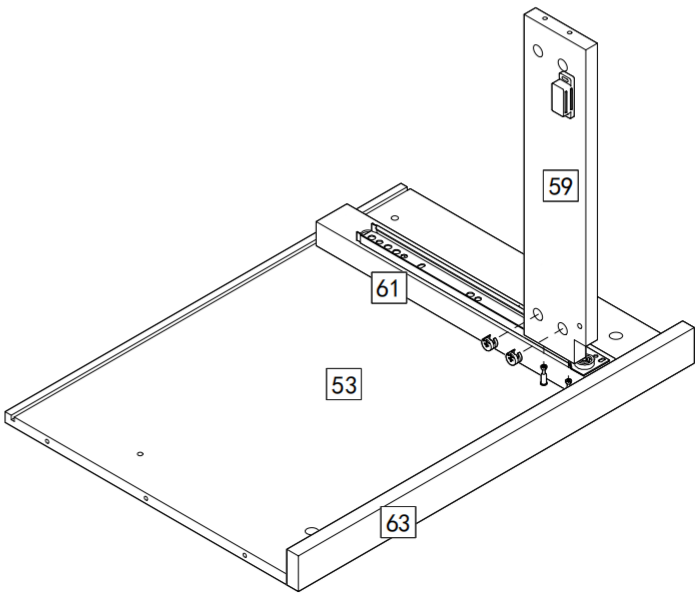

Step 76

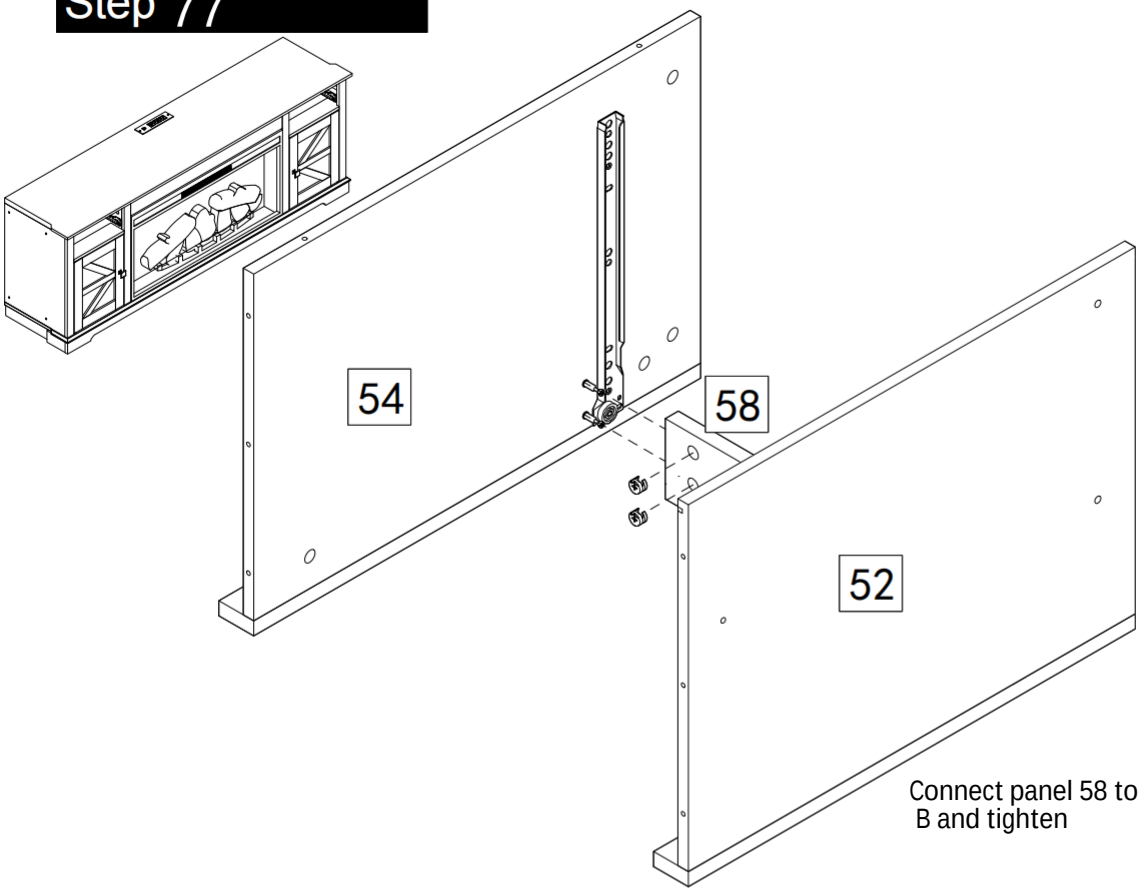

a. Connect panel 58 to panel 52 using hardware B and tighten.
b. Connect panel 59 to panel 53 using hardware B and tighten.

Assembly Instructions

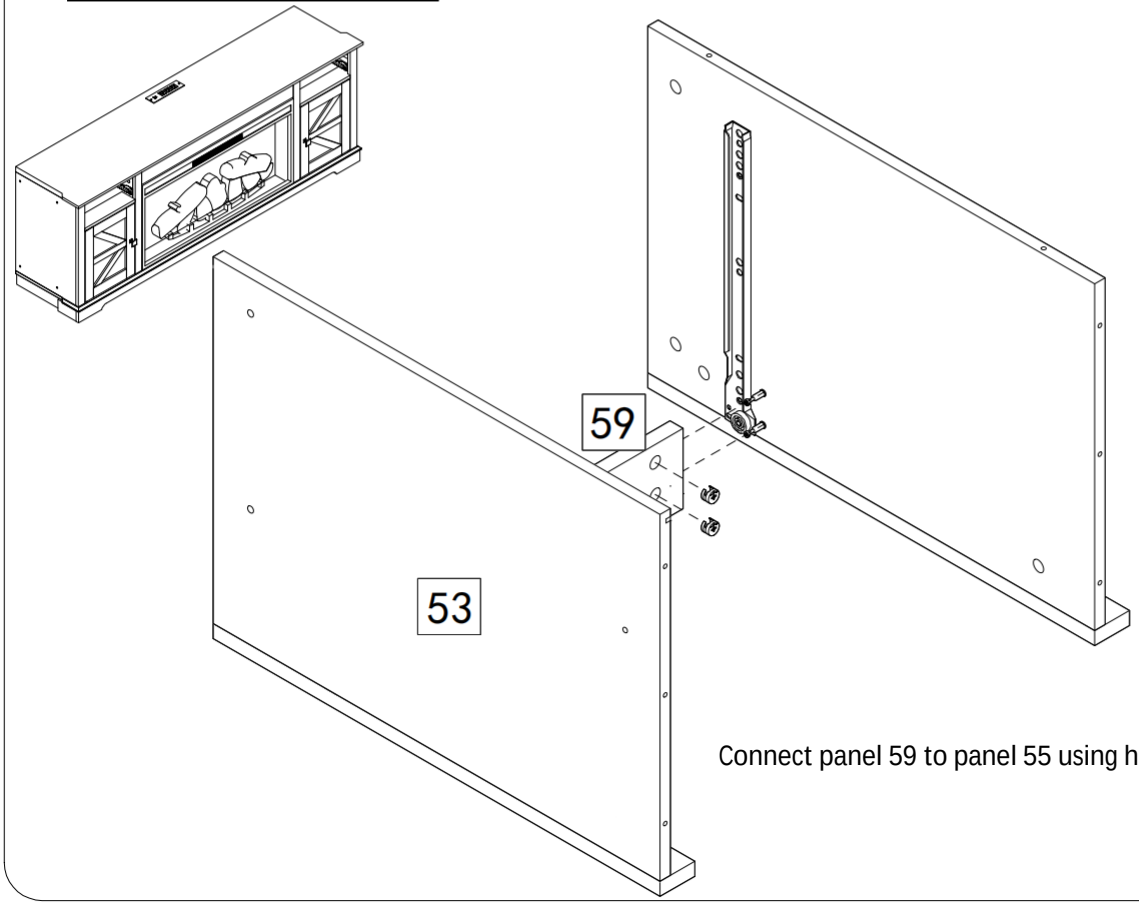

Step 77

B
ø15*10mm
Ø19/32*25/64"
B x 2

Connect panel 58 to panel 54 using hardware B and tighten

Step 78

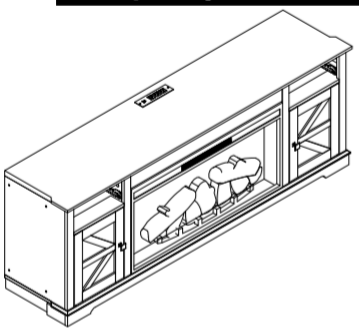

B
ø15*10mm
Ø19/32*25/64"
B x 2

Connect panel 59 to panel 55 using hardware B and tighten.

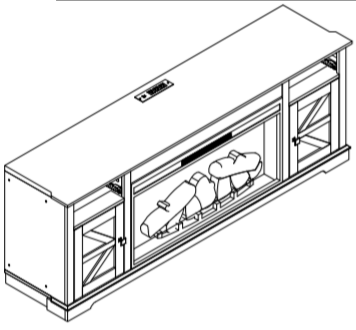

Assembly Instructions

Step 79

Attach A hardware to panel 74.

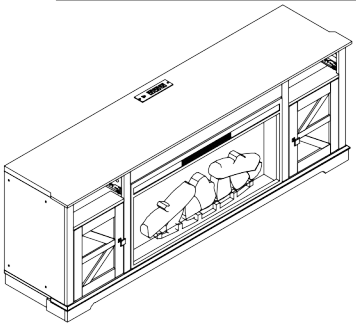

Step 80

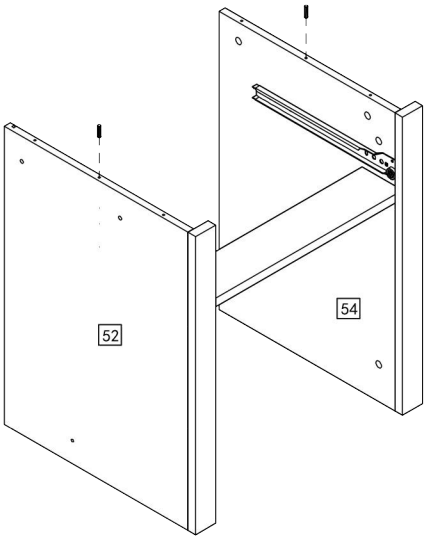

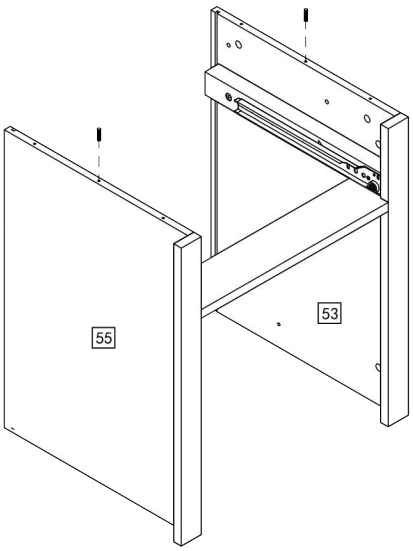

Connect panel 62 to panel 74 using hardware B and tighten

Assembly Instructions

Step 81

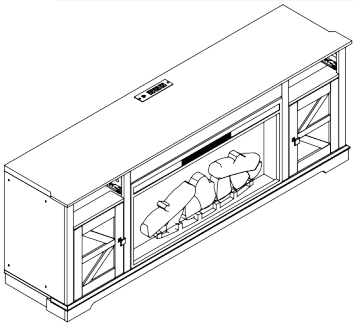

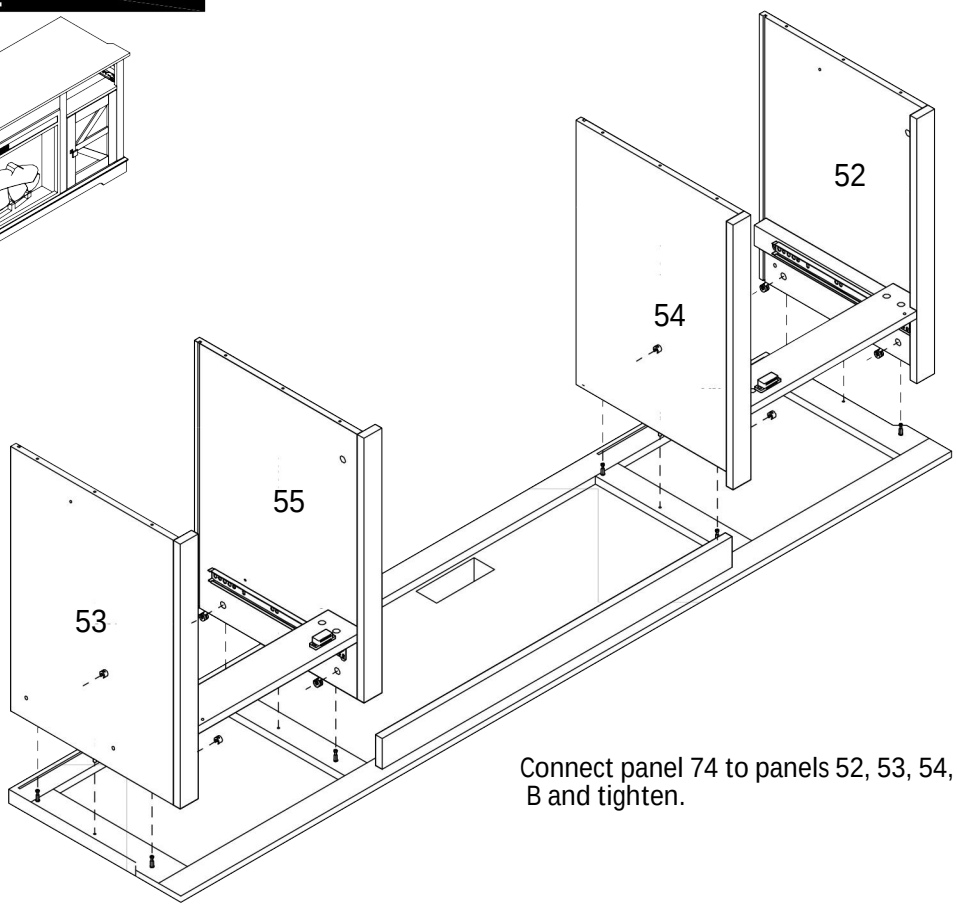

C
ϕ6*30mm
Ø1/4"1-3/16"
C x 4

Attach C hardware to panels 52, 53, 54, and 55.

Step 82

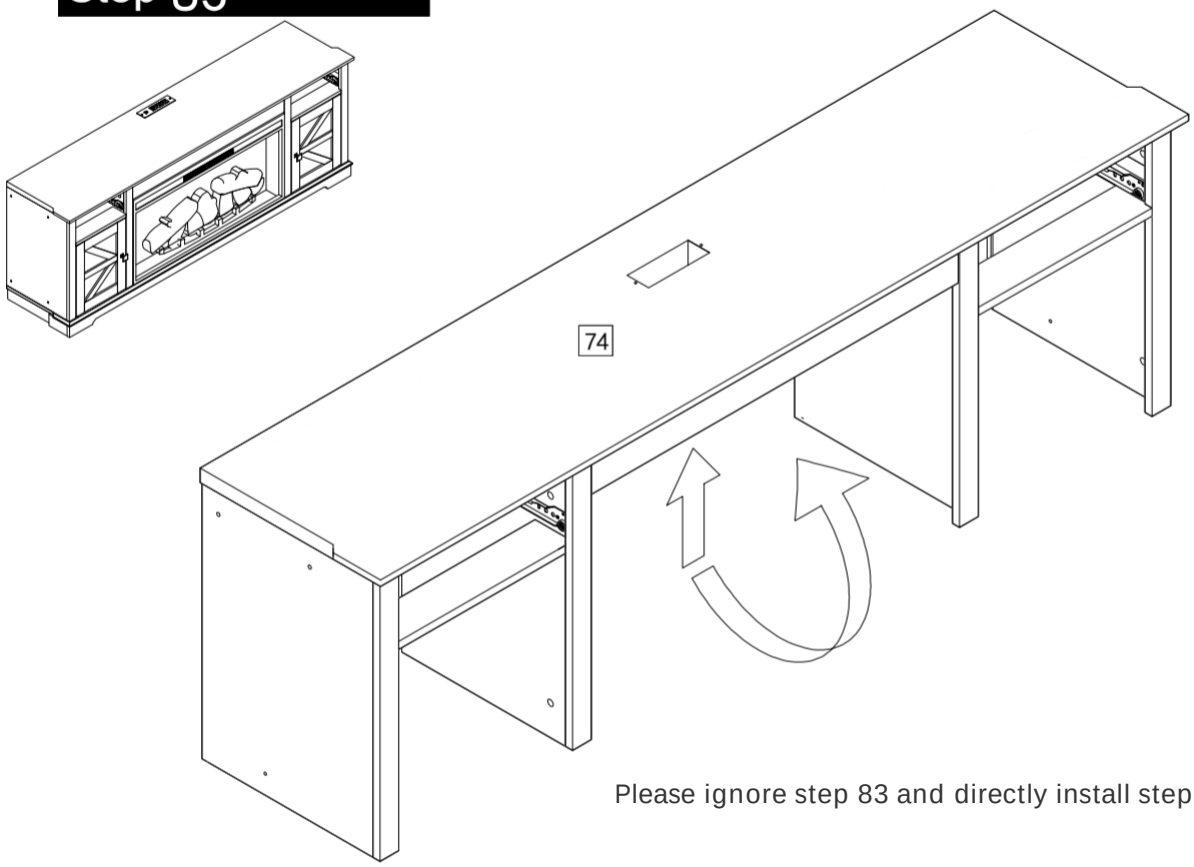

B
ϕ15*10mm
Ø19/32"25/64"
B x 8

Connect panel 74 to panels 52, 53, 54, and 55 using hardware B and tighten.

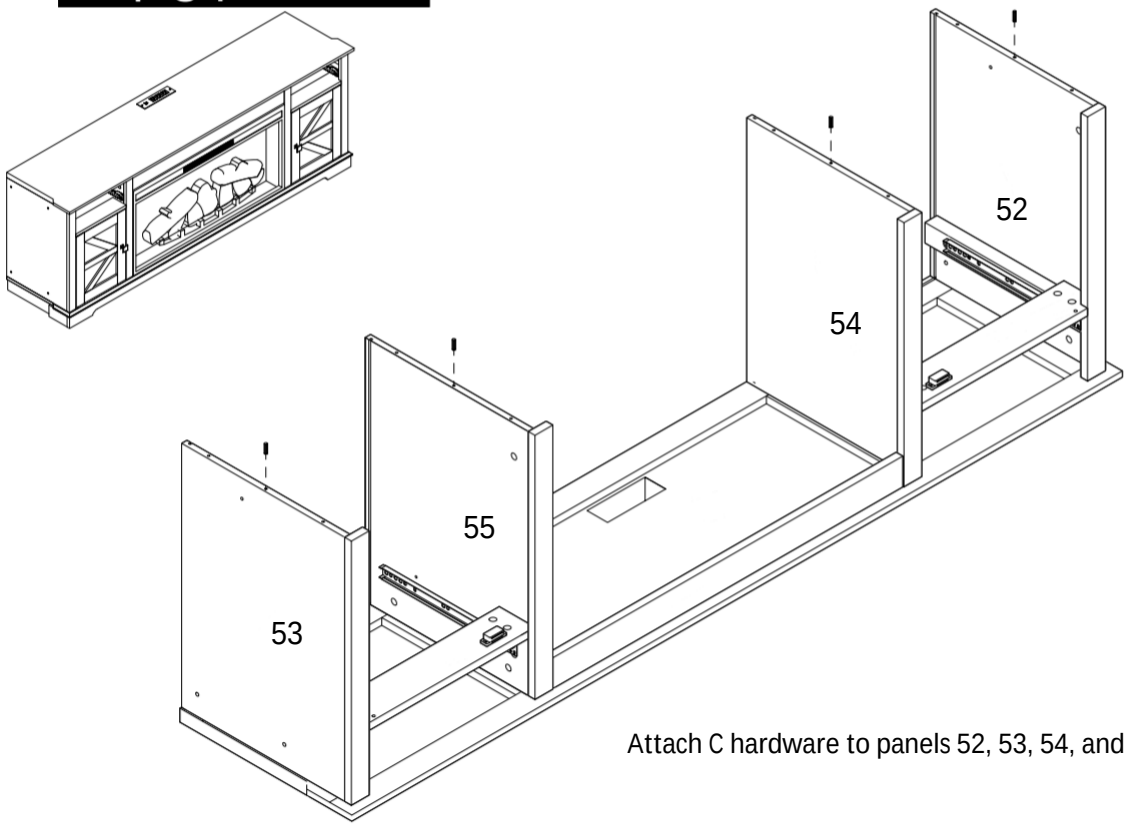

Assembly Instructions

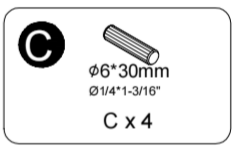

Step 83

Please ignore step 83 and directly install step 84.

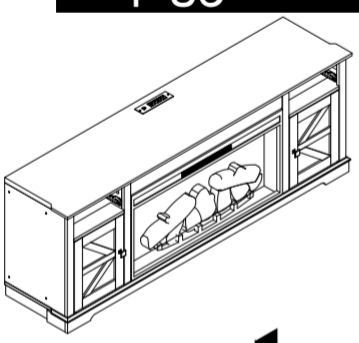

Step 84

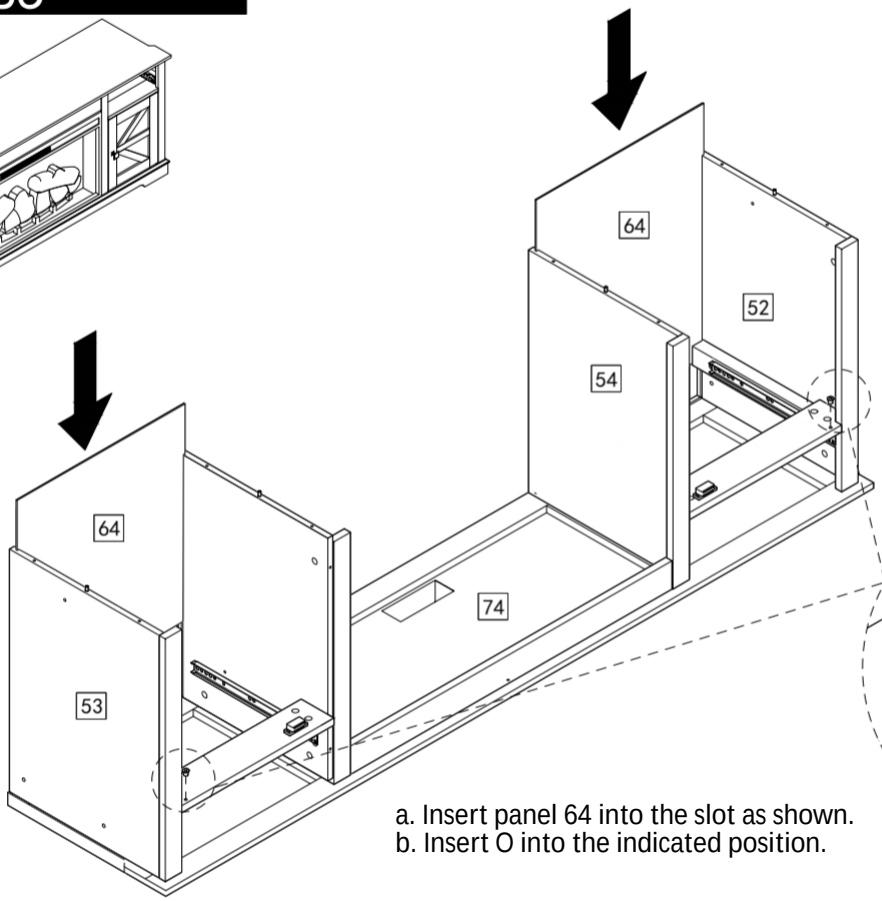

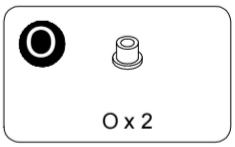

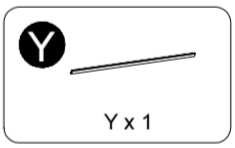

Attach C hardware to panels 52, 53, 54, and 55.

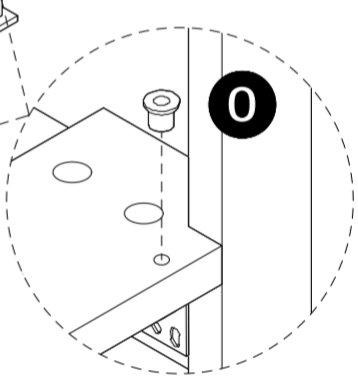

Step 85

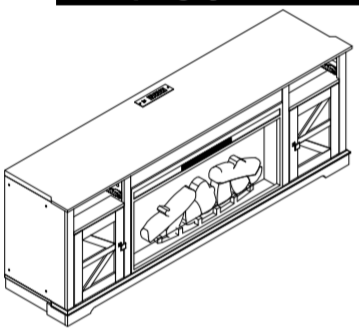

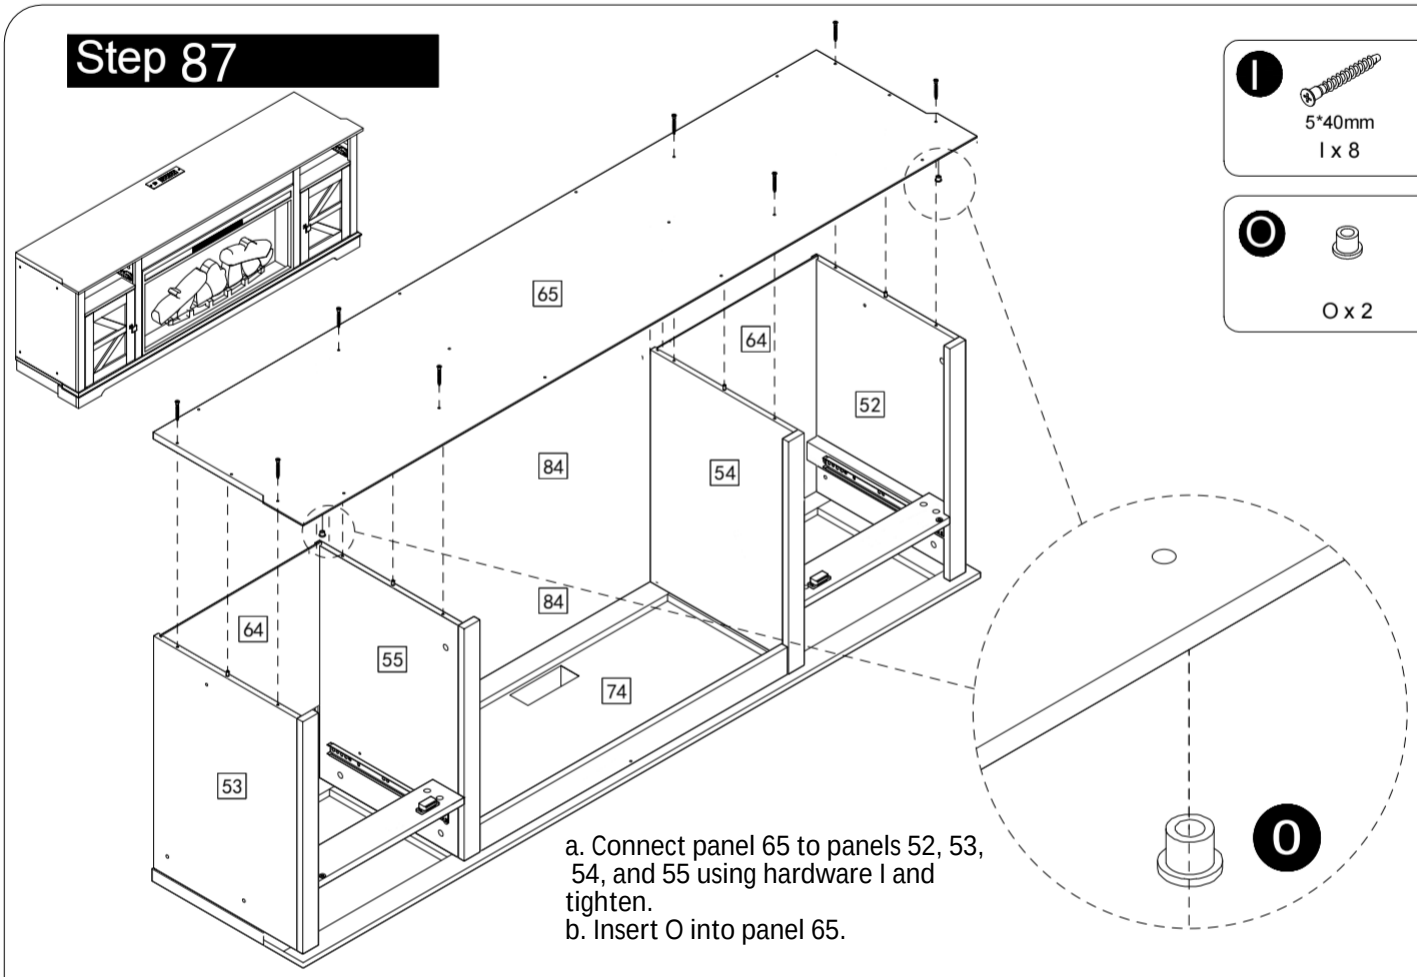

a. Insert panel 64 into the slot as shown.
b. Insert O into the indicated position.

Step 86

Assembly Instructions

Step 87

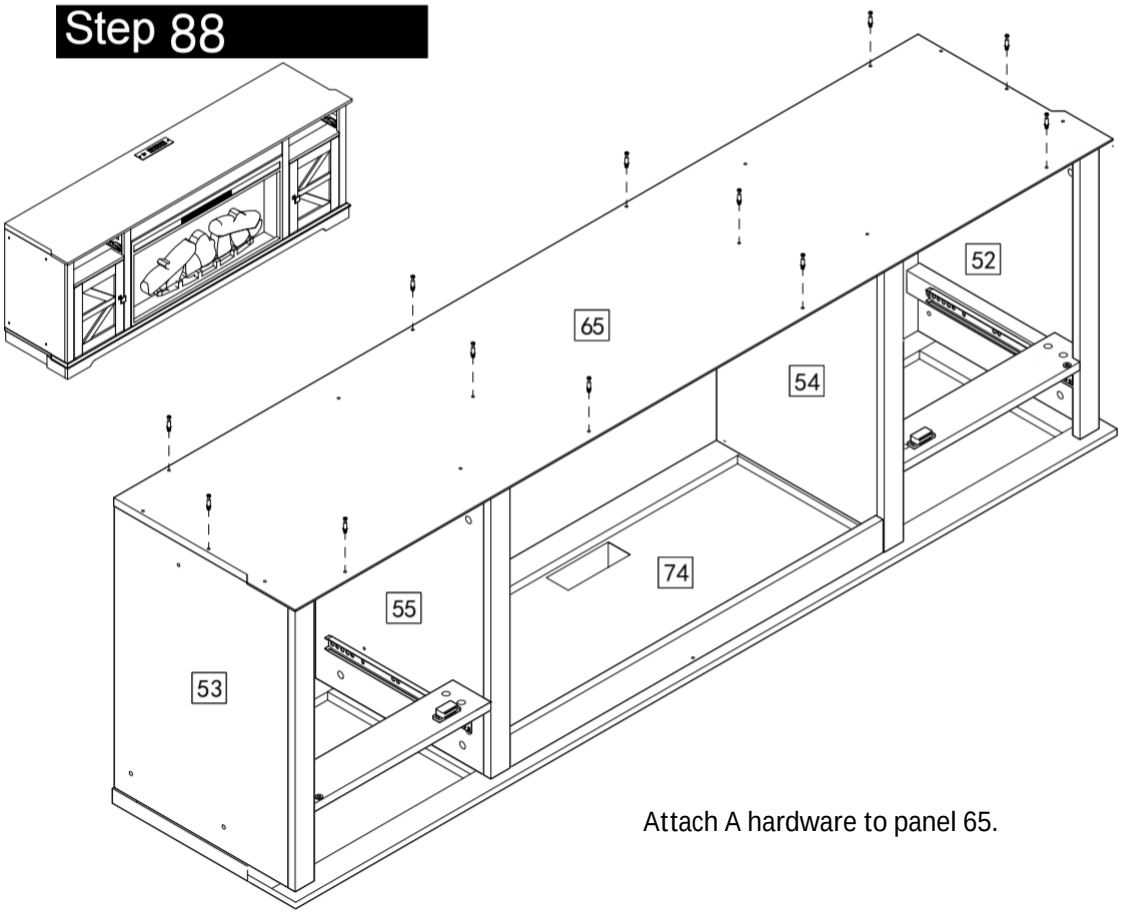

I
5*40mm
I x 8

O
O x 2

a. Connect panel 65 to panels 52, 53, 54, and 55 using hardware I and tighten.
b. Insert O into panel 65.

Step 88

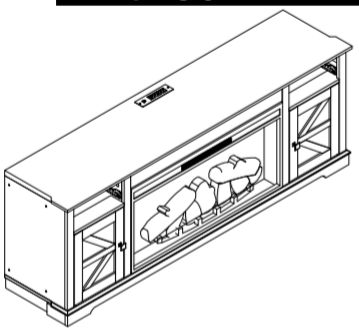

A
6*32mm
A x 12

Attach A hardware to panel 65.

Assembly Instructions

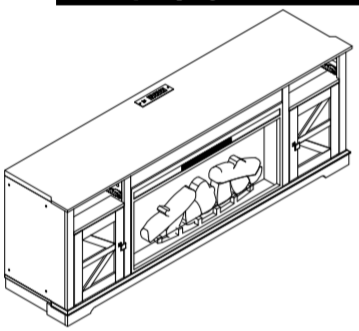

Step 89

A
6*32mm
A x 8

Attach A hardware to panels 72 and 73.

Step 90

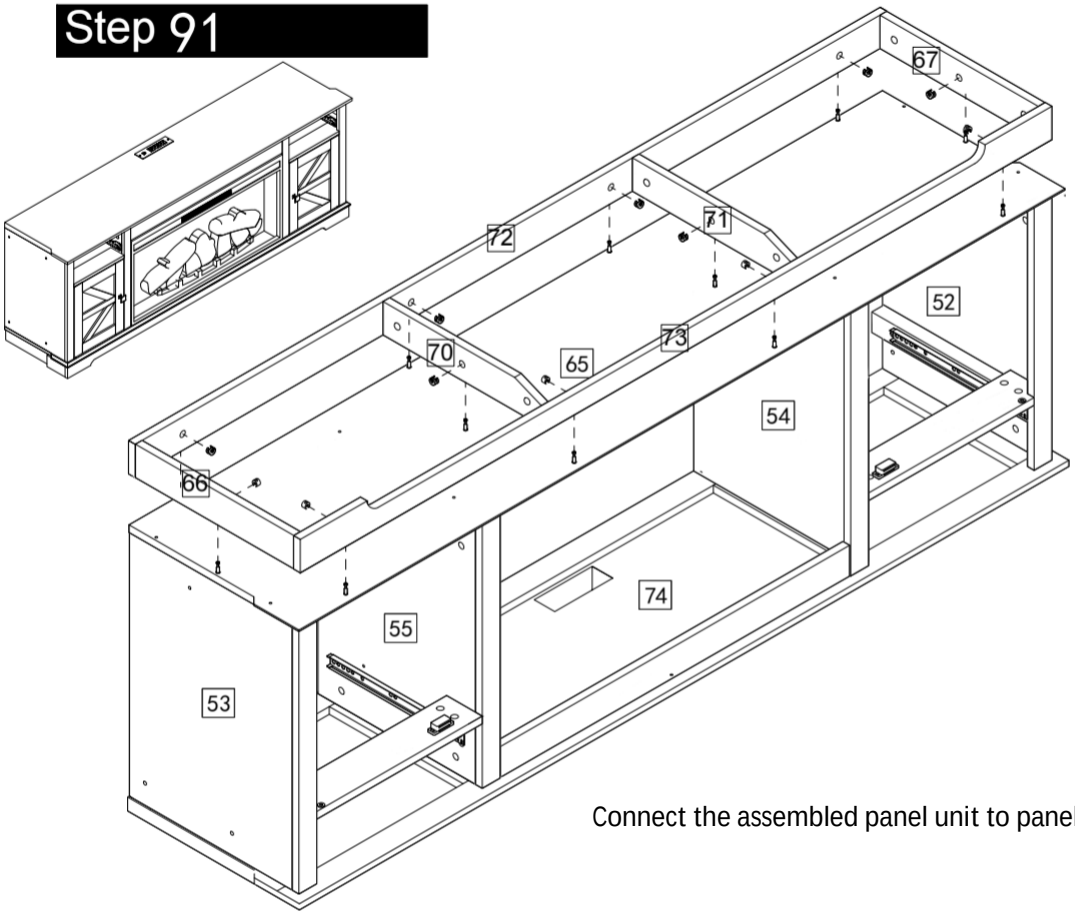

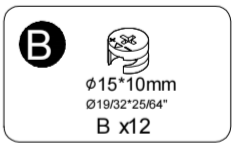

B
ø15*10mm
Ø19/32*25/64"
B x 8

Connect panels 72 and 73 to panels 66, 67, 70, and 71 using hardware B and tighten

Assembly Instructions

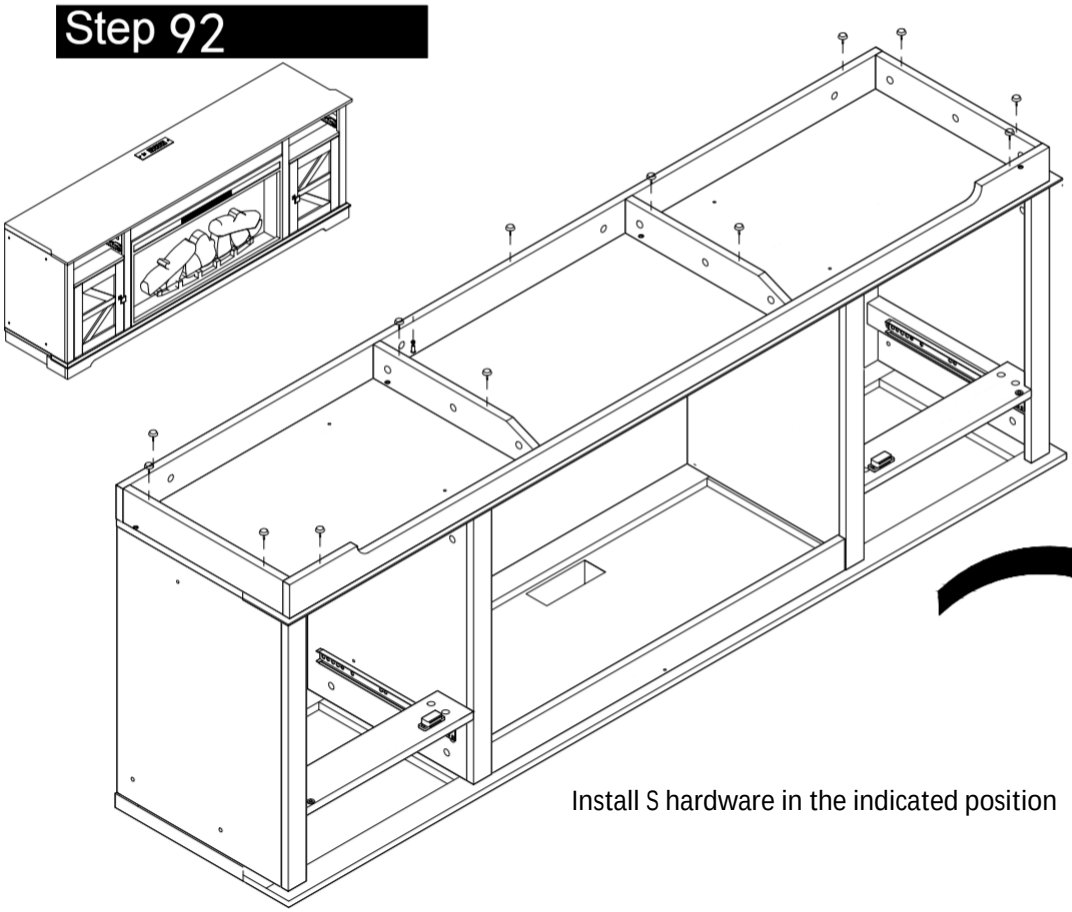

Step 91

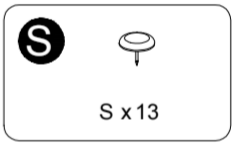

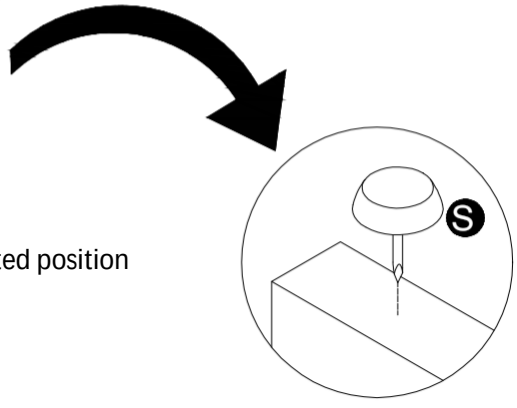

Connect the assembled panel unit to panel 65 using hardware B and tighten.

Step 92

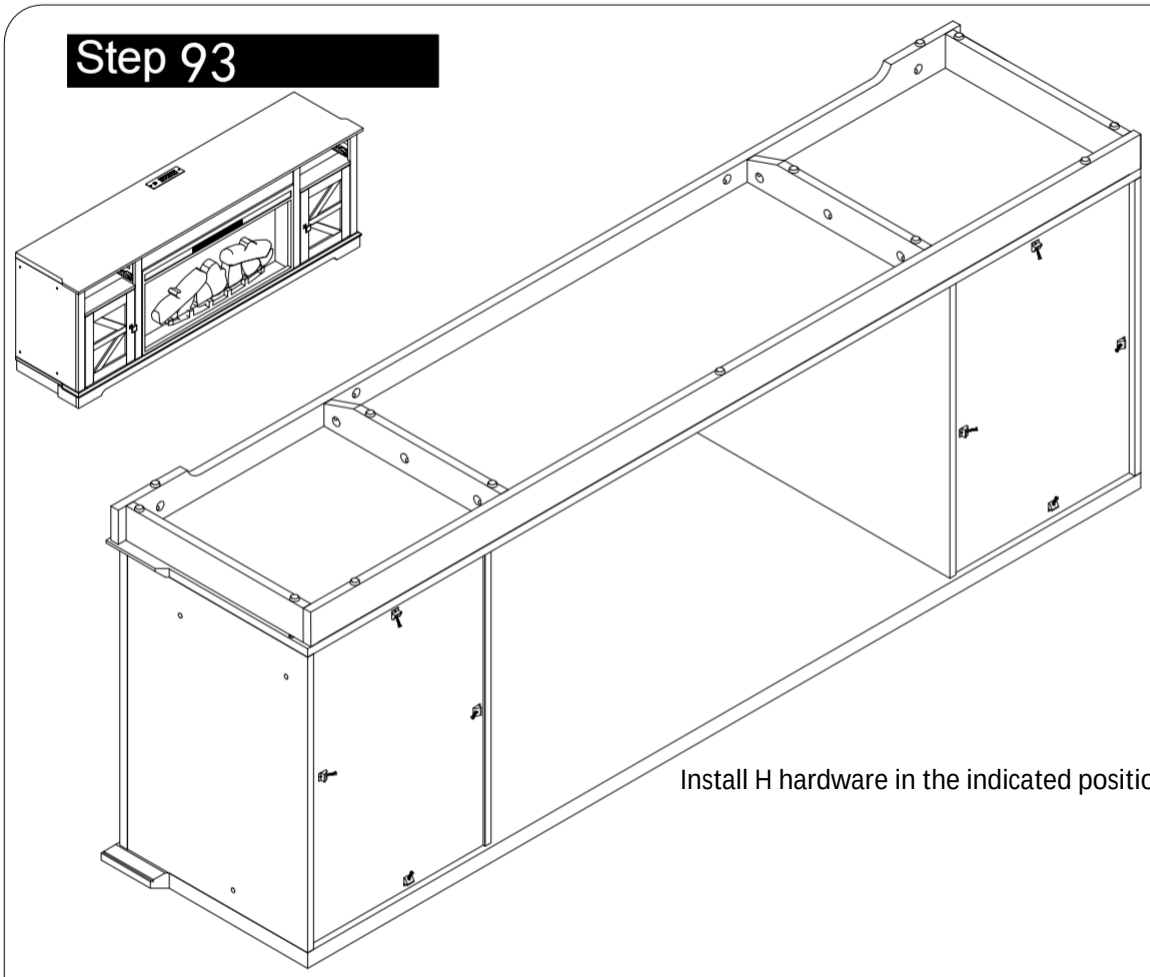

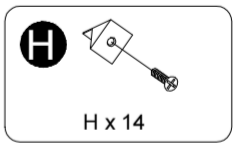

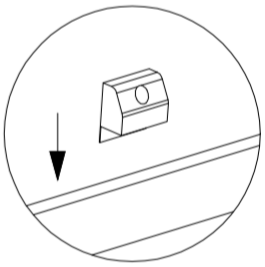

Install S hardware in the indicated position

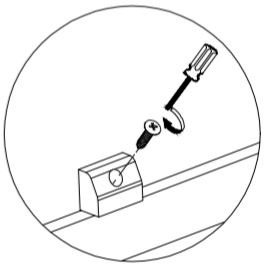

Assembly Instructions

Step 93

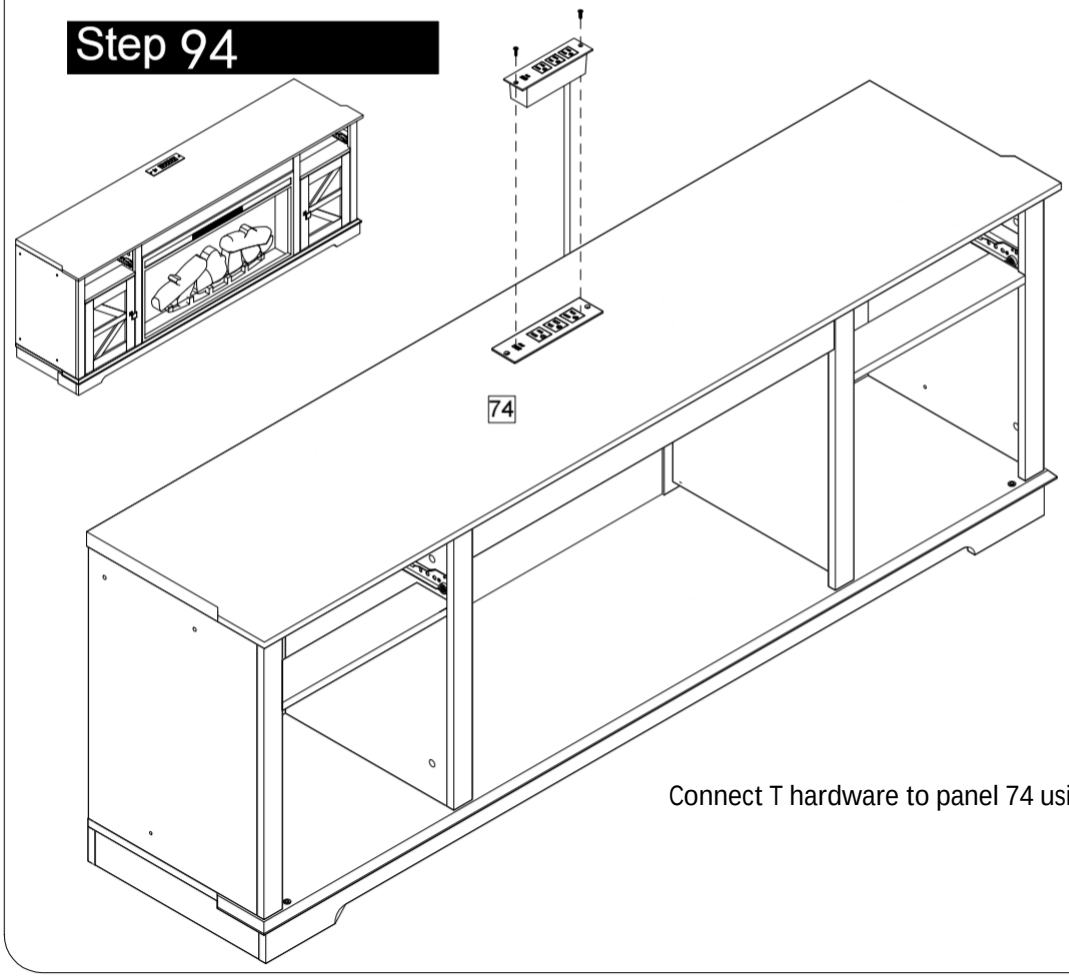

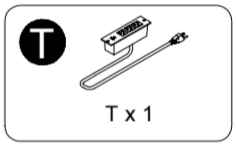

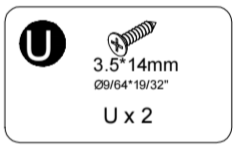

Install H hardware in the indicated position.

Step 94

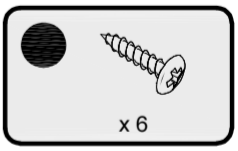

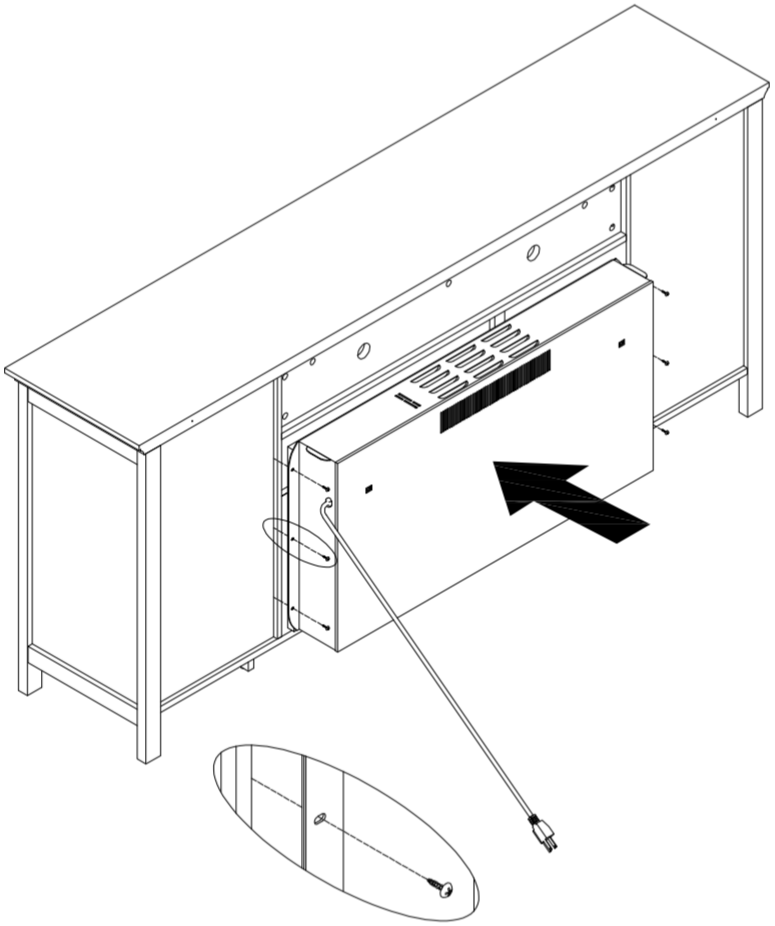

Connect T hardware to panel 74 using U screws and tighten.

Assembly Instructions

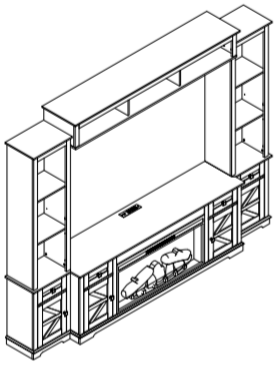

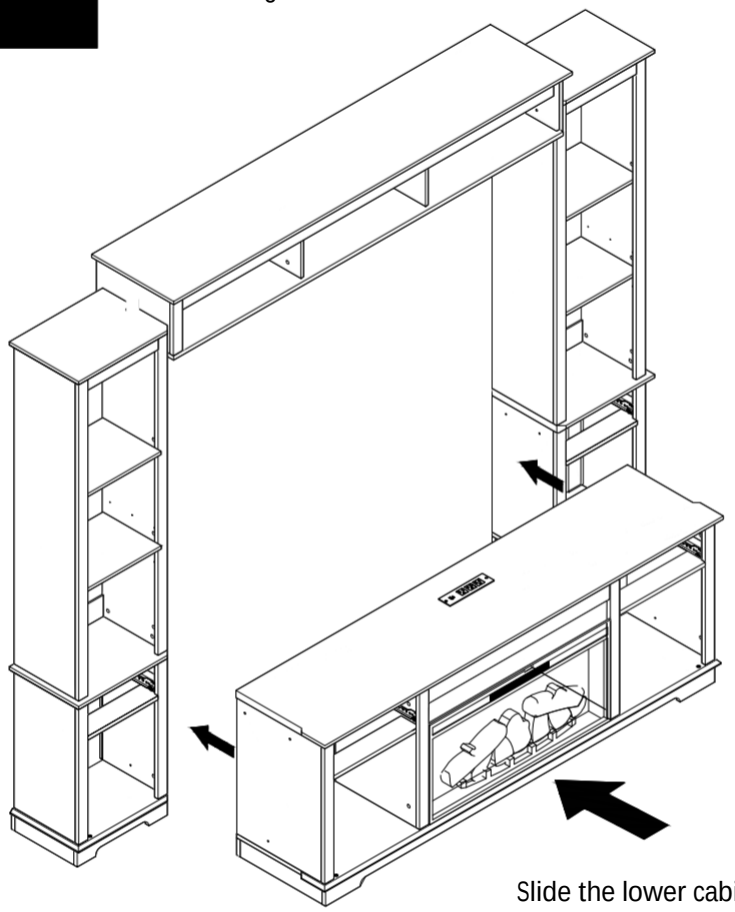

Assembly Instructions

Combining the Lower Cabinet with the Full Assembly

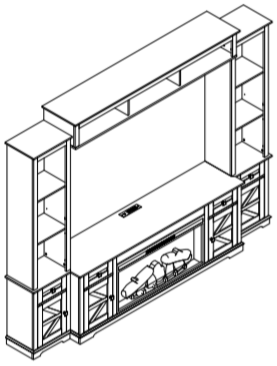

Step 95

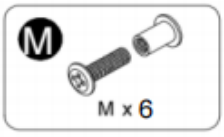

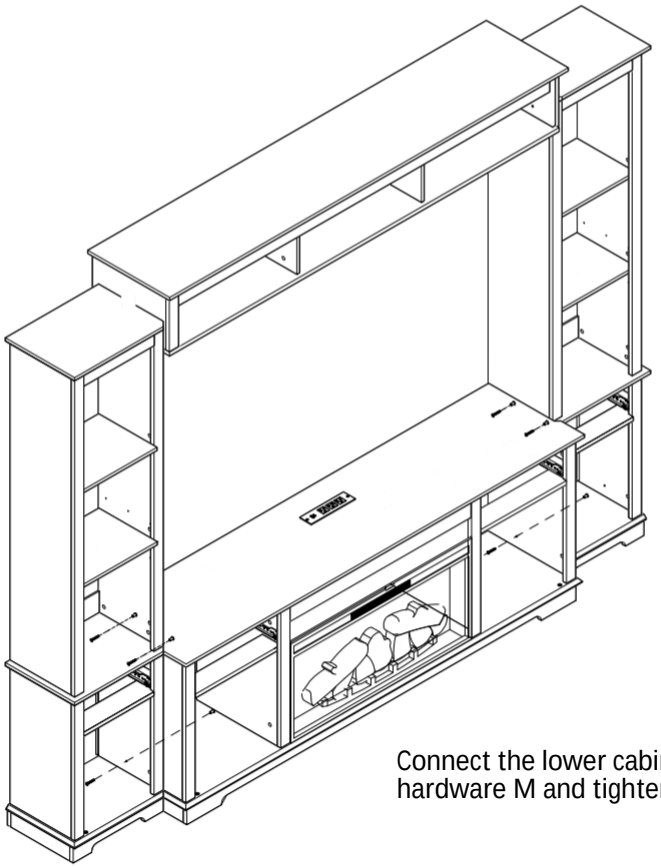

Slide the lower cabinet into place as shown

Step 96

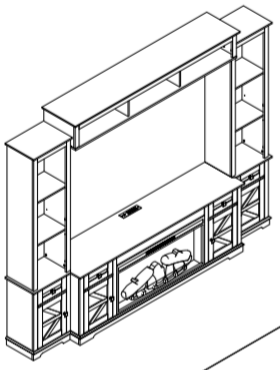

Connect the lower cabinet to the left and right cabinets using hardware M and tighten.

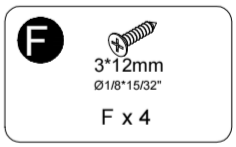

Assembly Instructions

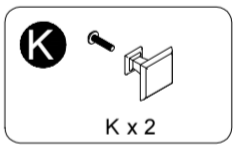

Step 97

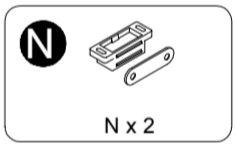

Installing the Doors (Same as TV Stand)

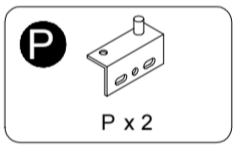

a. Attach part K to panels 26 and 27.
b. Attach part N to panels 26 and 27 using hardware F and tighten.
c. Place part P in the indicated position.

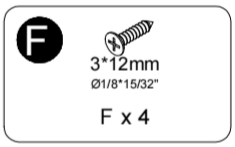

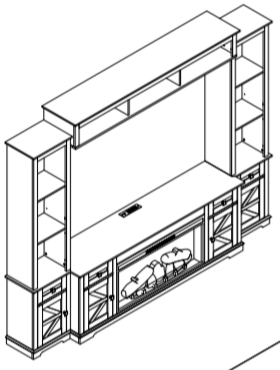

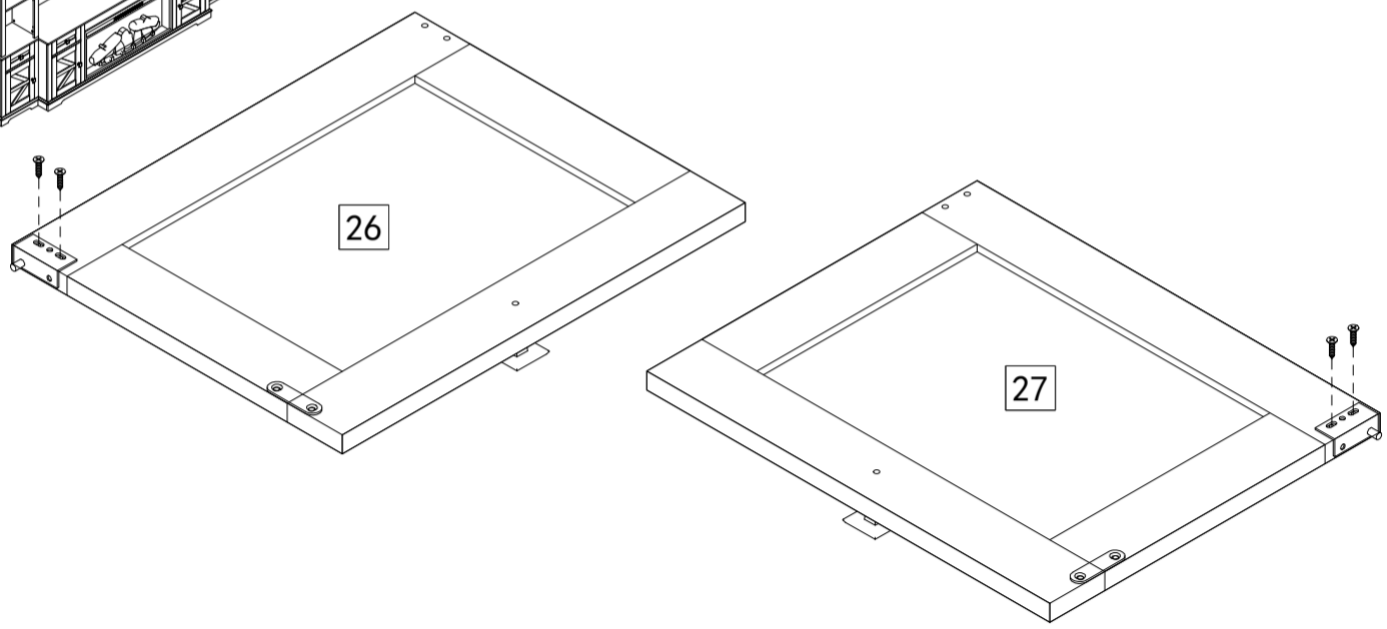

Step 98

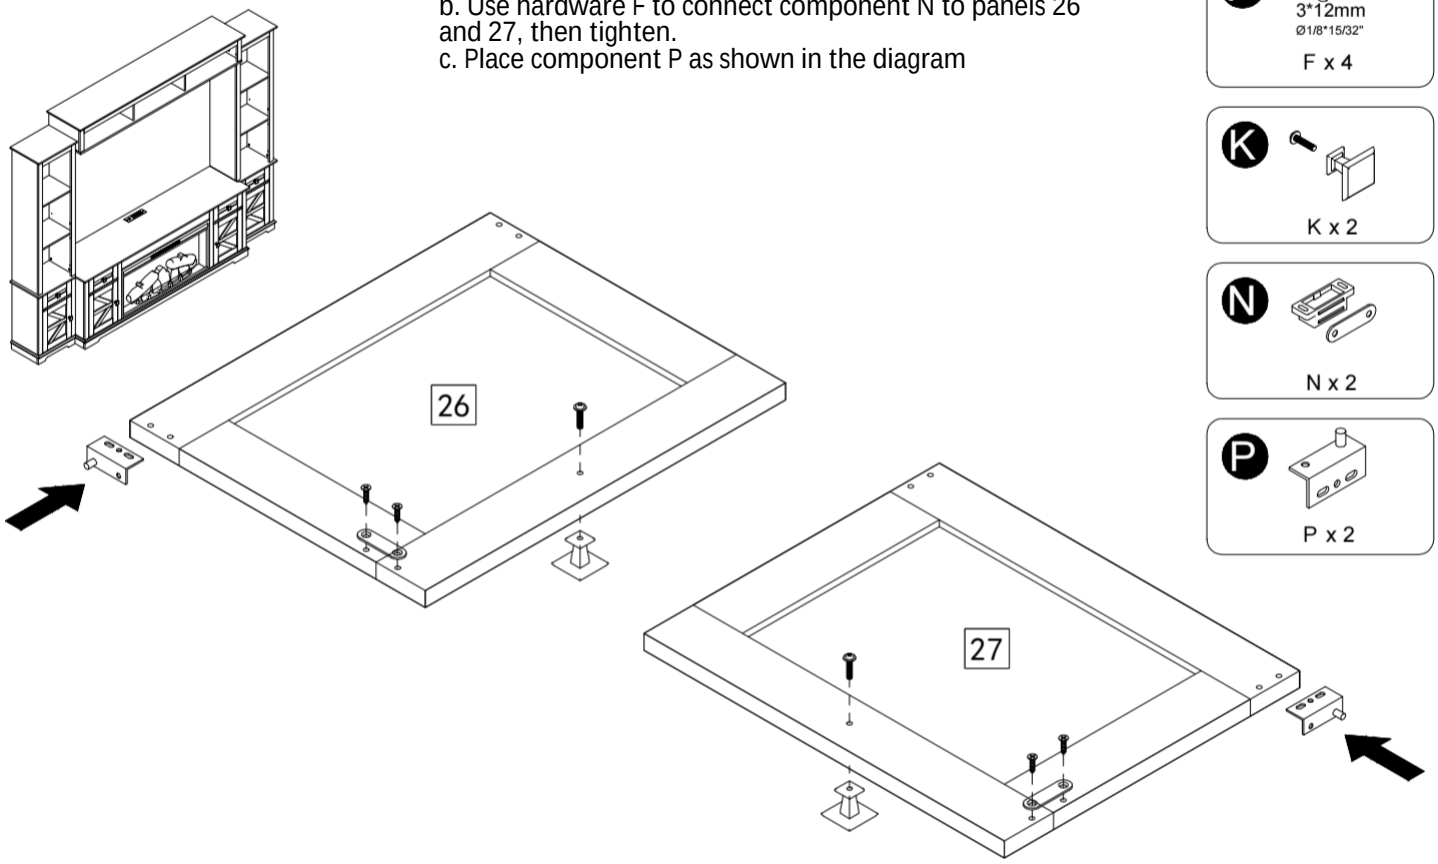

Use hardware F to connect component P to panels 26 and 27, then tighten

Assembly Instructions

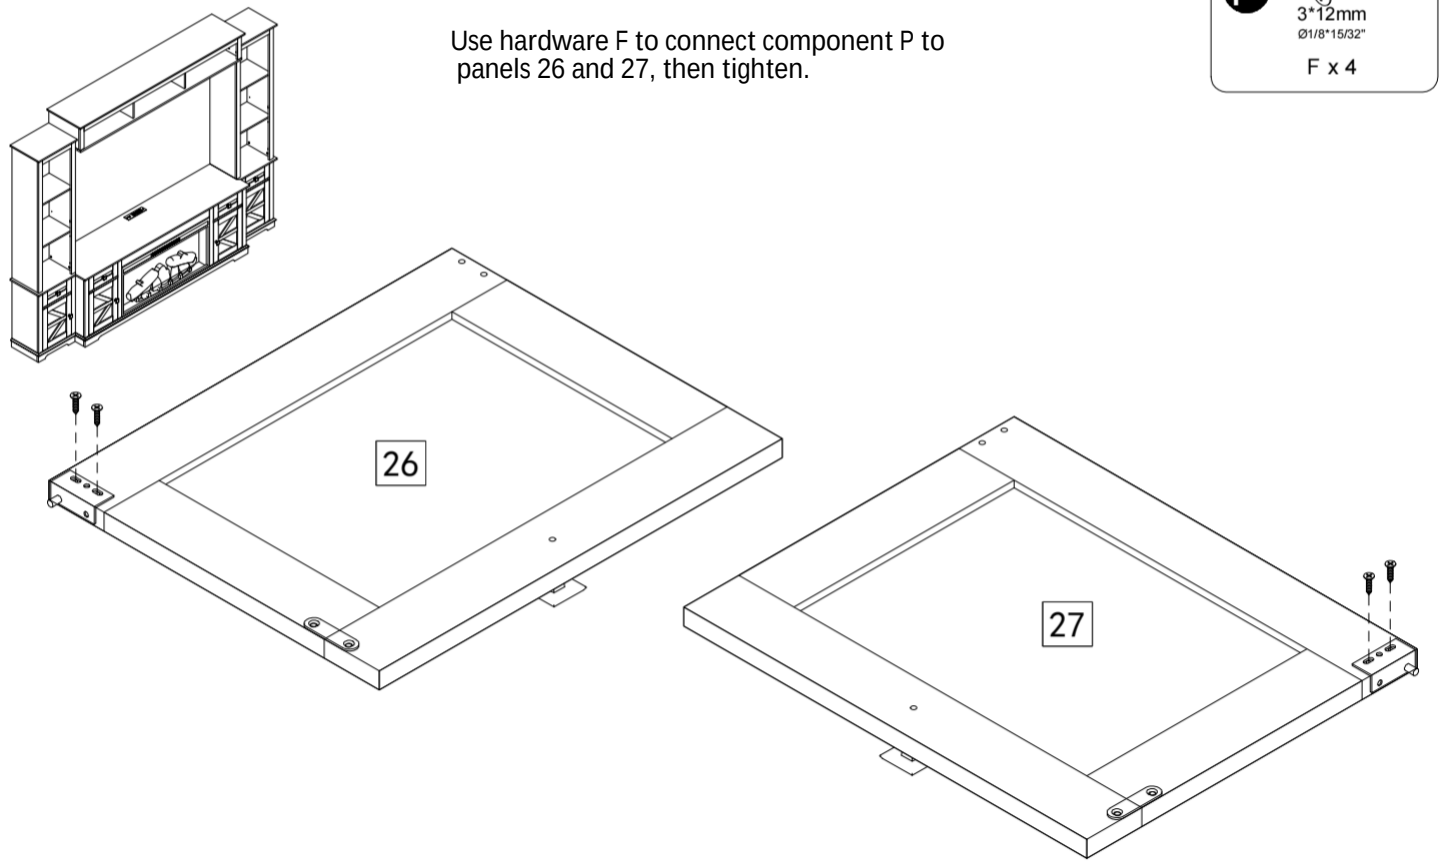

Step 99

a. Use hardware K to connect panels 26 and 27.
b. Use hardware F to connect component N to panels 26 and 27, then tighten.
c. Place component P as shown in the diagram

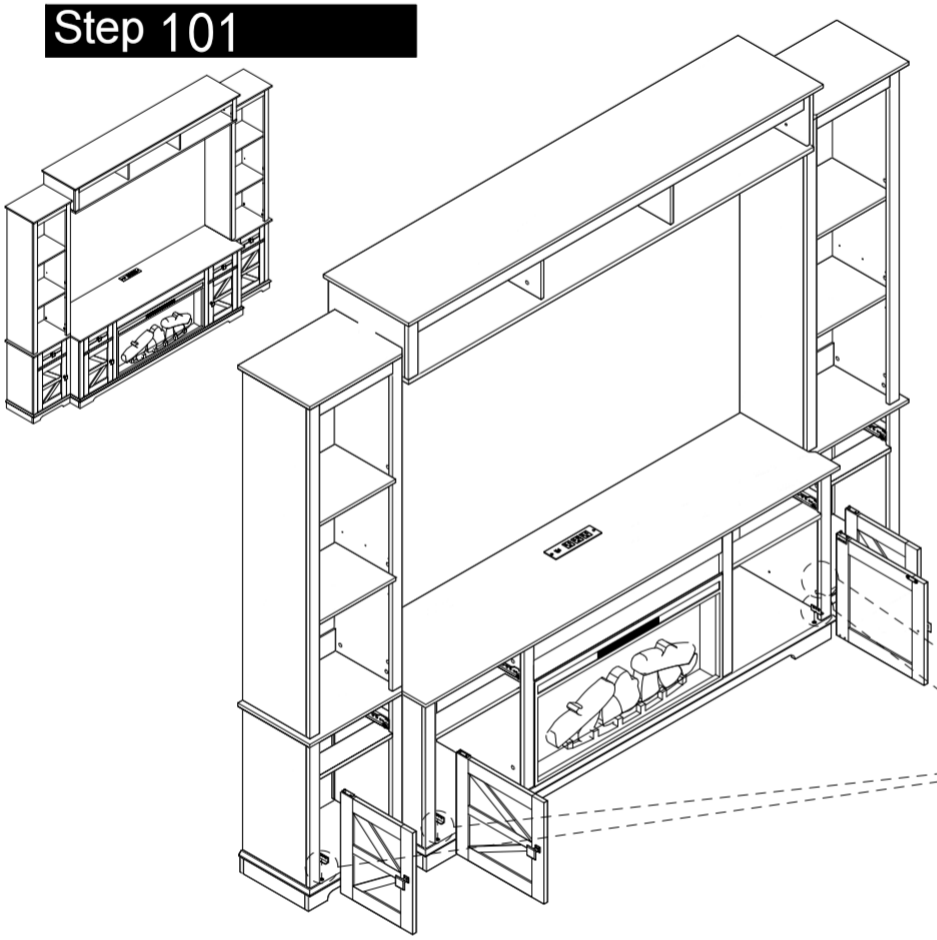

Step100

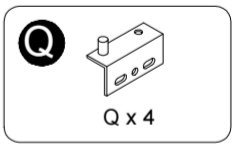

Use hardware F to connect component P to panels 26 and 27, then tighten.

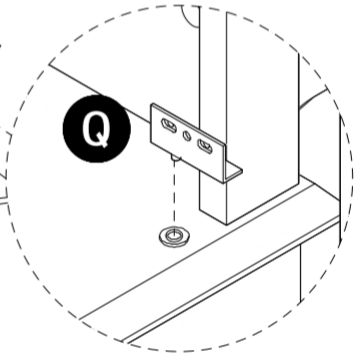

Assembly Instructions

Step 101

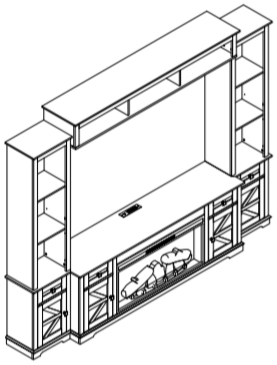

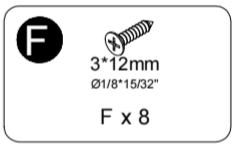

Place component Q as shown in the diagram

Step 102

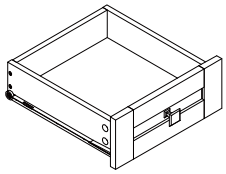

Connect part Q to the door panel using hardware F and tighten

Assembly Instructions

Step 103

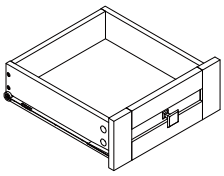

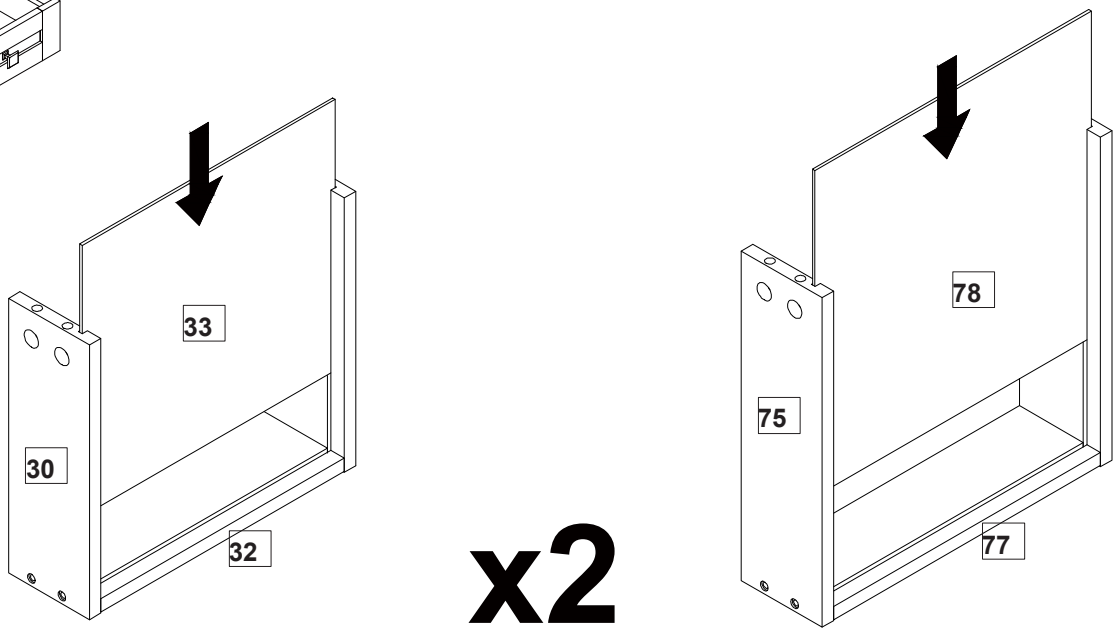

Connect panels 30, 31, and 32 using hardware I and tighten.

x2

Connect panels 75, 76, and 77 using hardware I and tighten.

Step 104

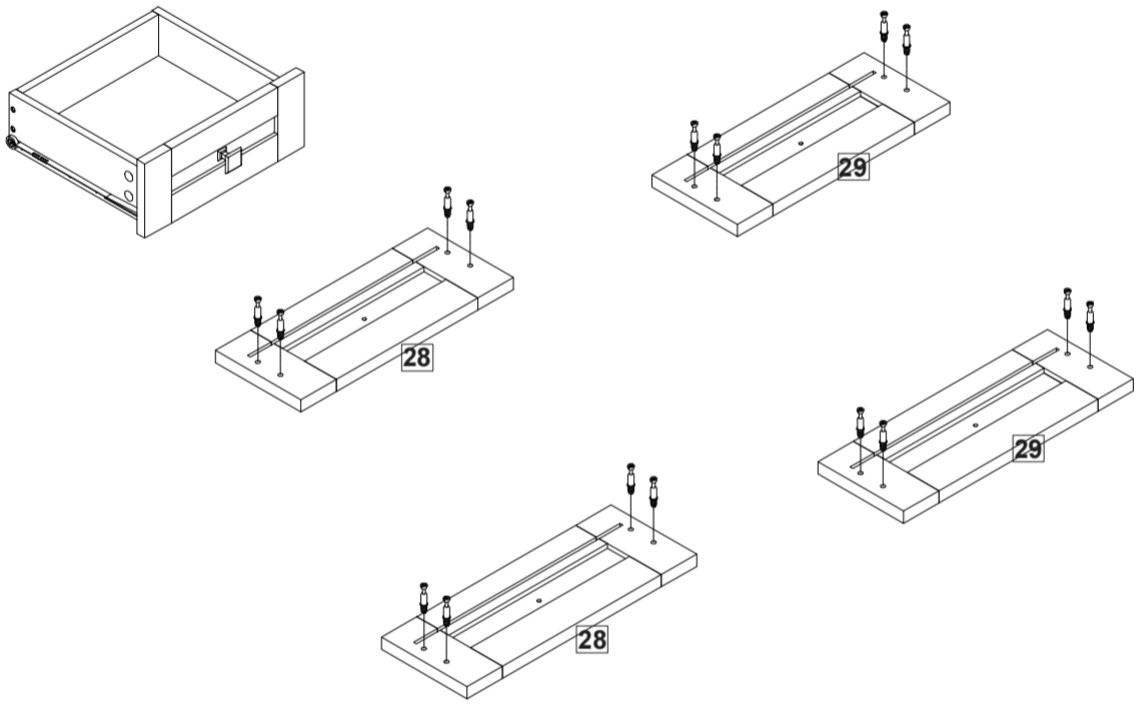

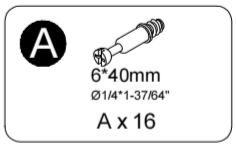

x2

Assembly Instructions

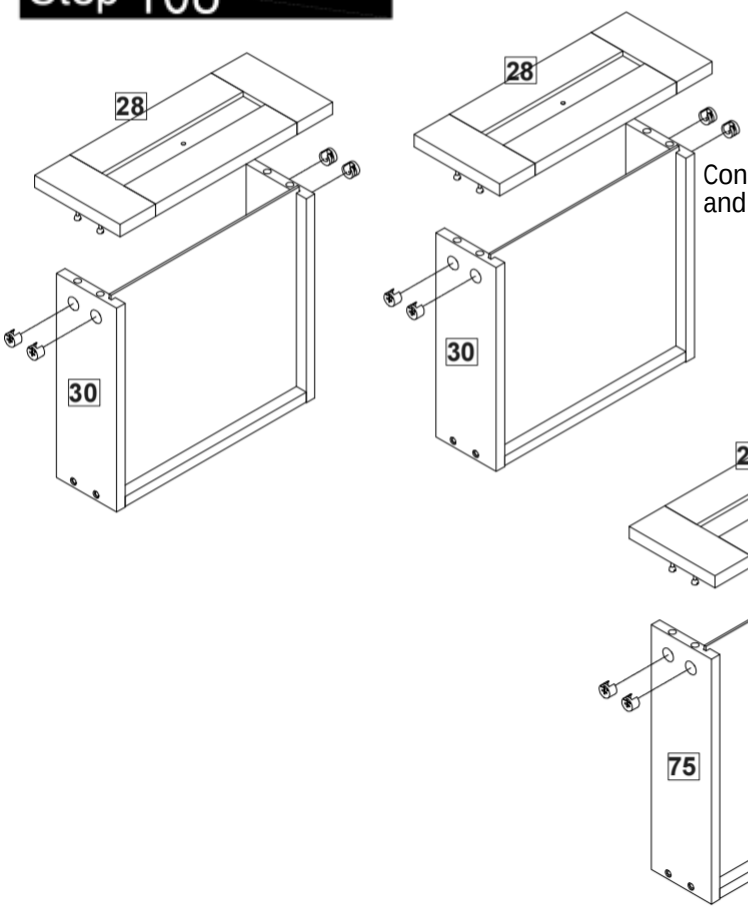

Step 105

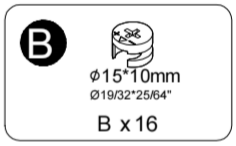

.Attach part A to panels 28, 29,

Step 106

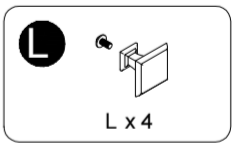

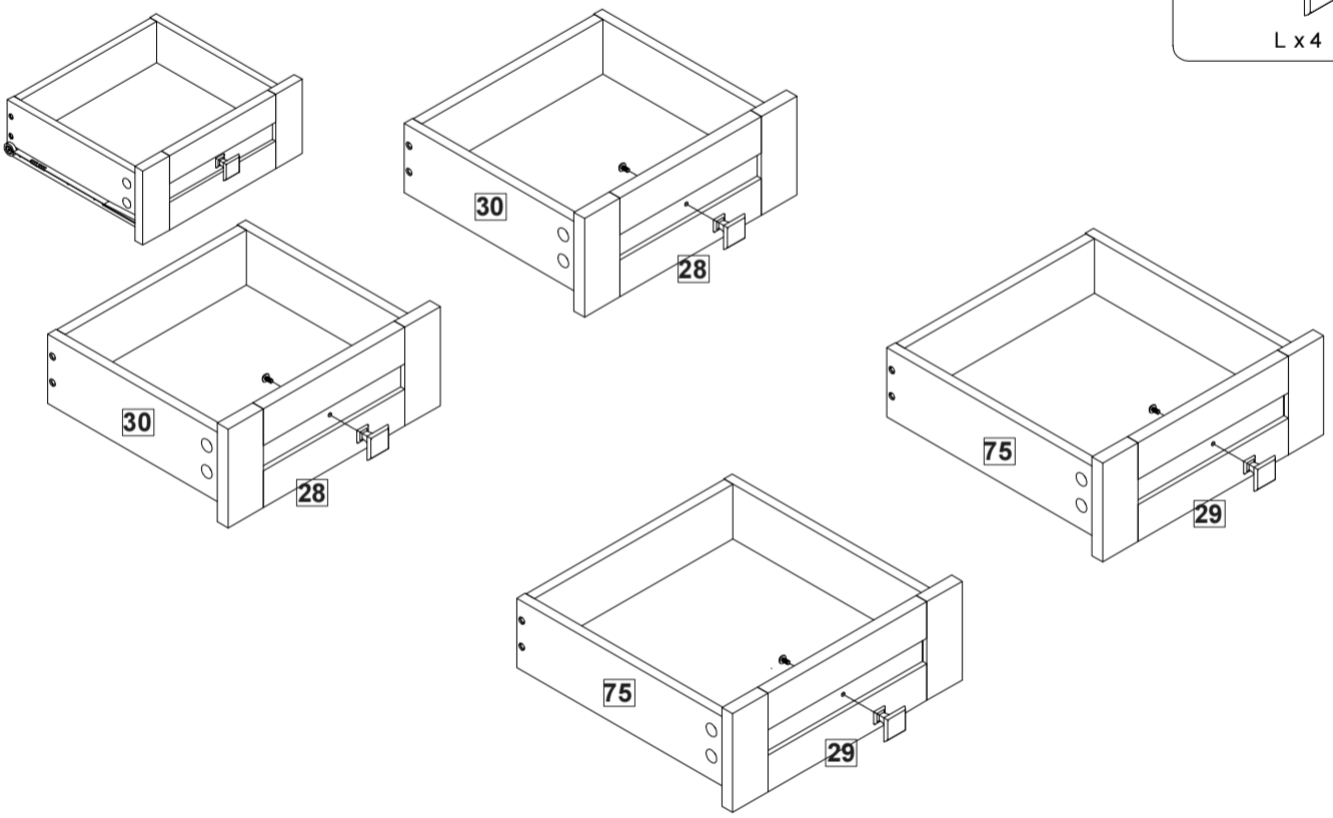

Connect panels 28, 29, to the drawer frame using hardware B and tighten.

Assembly Instructions

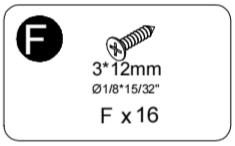

Step 107

Attach part L to panels 28, 29

Step 108

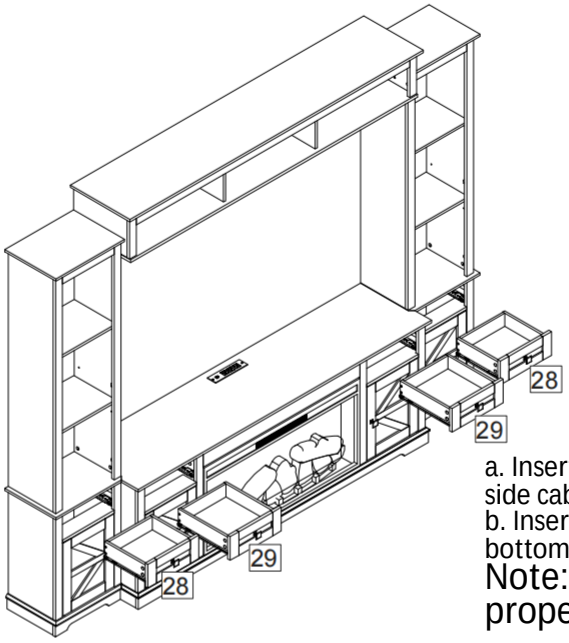

Install parts E2, E4, D2, and D4 in the indicated positions.

Note: Align holes as shown in the reference diagram.

Assembly Instructions

Step 109

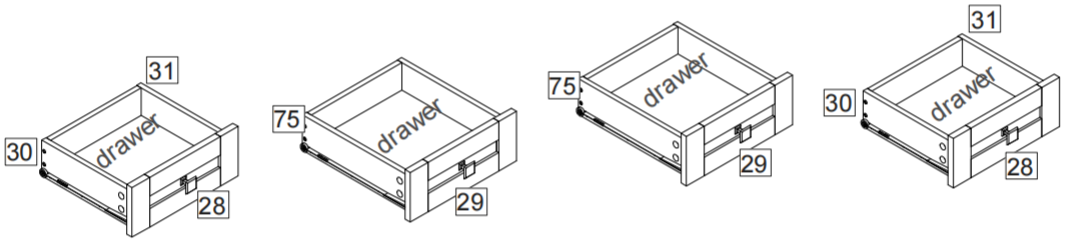

Congratulation! You 've made to the last step! But don't be too thrilled yet, put on the drawer can be frustrating if you do it wrong. So, take your time and follow the steps below.

a. Insert drawers 26 and 29 into the side cabinets.
b. Insert drawers 81 and 82 into the bottom cabinet.

Note: Follow the diagram for proper installation.

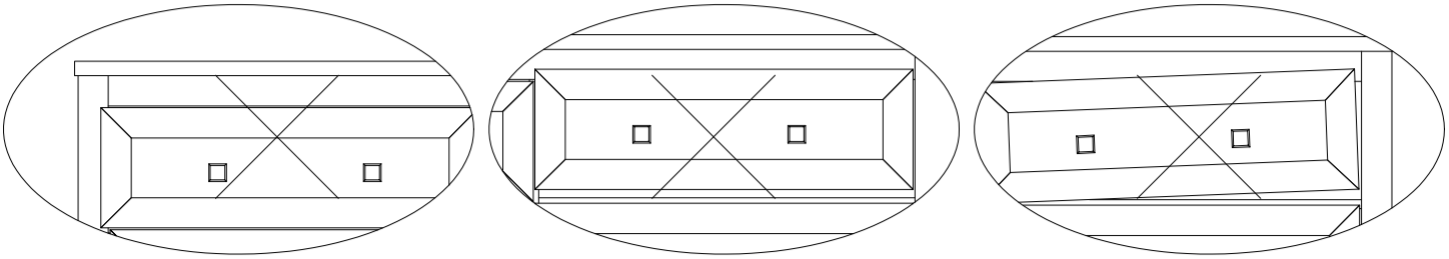

1.Make sure that you have right and left drawers sorted out first, because the drawer panel may cover the side if the right drawer is on the left side, vise versa.

2.Please ensure that you have matched the wheels on BOTH sides of the drawer with the wheels on rails installed BEFORE push in the drawer.

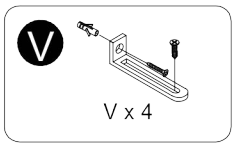

3.If the following occurs, redo the first two steps.

(drawer is on the wrong side) (both wheels are off the rails) (one wheel is off the rail)

Step 110

Install part V as shown in the diagram.

The unit is floor standing, but it is recommended that the unit is secured to the wall.

1. Move the unit into desired position.

2. Mark the wall with a suitable scribe the position of the fixing holes.

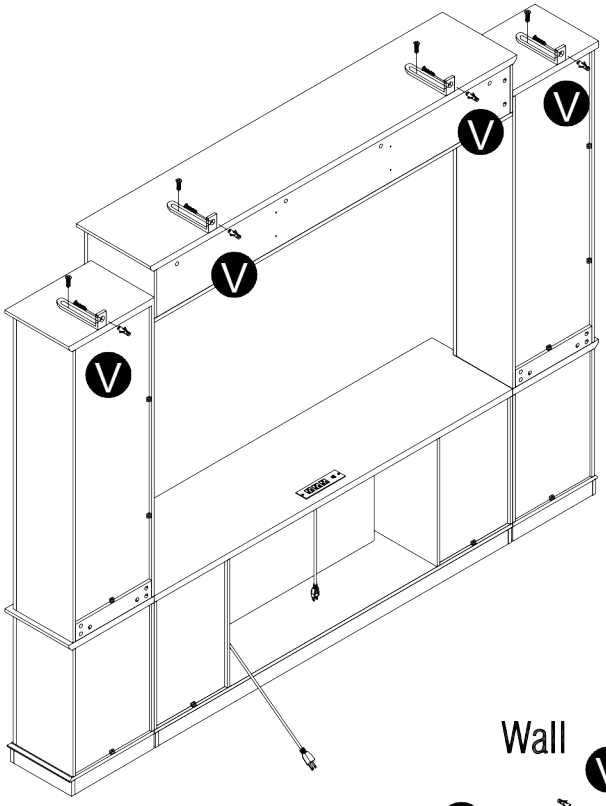

Warning:
Before drilling, check wall for hidden pipes and cables.

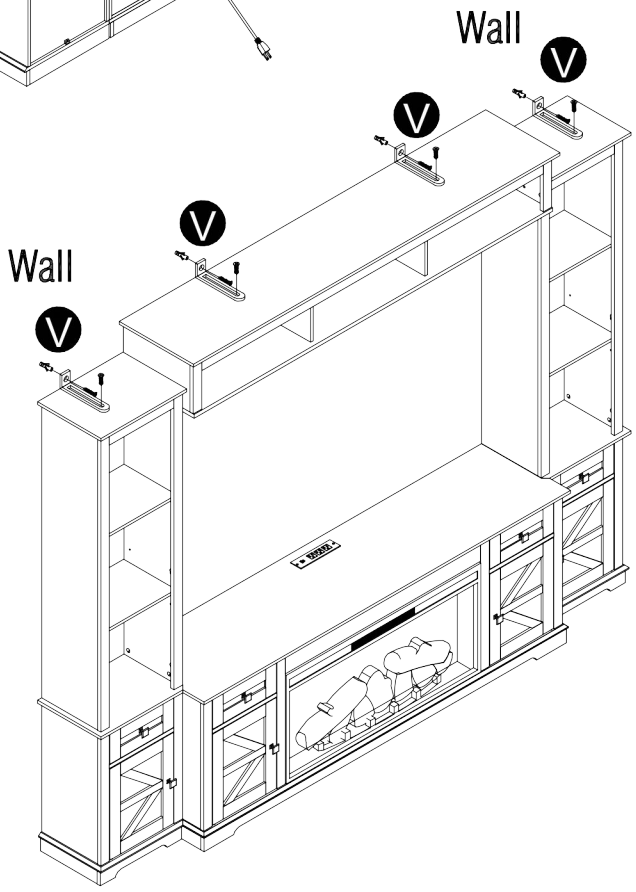

3. Drill holes and insert 2 x wall plug

4. Attach 2 x Wall Straps to to the top of the unit using 2 x Washers and 2 x Screws

5. Secure the straps to the wall using 2 x Washers and 2 x Screws

Note: To hide the straps behind the unit, drill the holes lower than the top of the unit

Assembly is complete.

MAINTENANCE AND CARE

1. Prevent Pests
Keep wooden furniture away from damp areas to avoid pests and wood damage. Use a dehumidifier or air conditioner in humid seasons to keep the room dry.
2. Protect from Sunlight
Avoid placing furniture in direct sunlight to prevent cracking, discoloration, or fading. Use curtains or shades if sunlight is unavoidable.
3. Keep Away from Fire
Place furniture away from heat sources or open flames to avoid damage and maintain its condition.
4. Regular Care
Apply furniture oil regularly to keep the wood shiny, prevent cracks, and extend its lifespan.
5. Clean Often
Vacuum dust and debris, especially under beds, to keep the furniture clean and hygienic.
6. Stay Dry
Ensure good ventilation to prevent moisture buildup. Use a dehumidifier if needed to protect the wood.
7. Avoid Corrosive Liquids
Keep the furniture away from acidic or alkaline substances to protect its surface and durability.
8. Use a Damp Cloth
Clean with a well-wrung damp cloth to avoid water damage or swelling.
9. Limit Sun Exposure
Too much sunlight can dry and damage wood. Position furniture in shaded areas or use curtains to block UV rays.
