Other Accessories for Use

Application

It applies to cats weighing up to 22 pounds and is suitable for homes, pet shops, living rooms, bedrooms, balconies, and other places where cats can interact and rest.

Notes

1. If your pet chews the pom-pom, please remove it and keep it away from your pet for a while.
2. It is recommended to place the cat tree against the wall and use the anti-tip kit(not included) to ensure the safety of your family members. Additionally, try not to place the cat tree in a humid environment, considering the material.
3. Please check the tightness of the screws and tighten them regularly.
4. Please allow the slight color difference caused by the shooting light and 1-3 cm error due to manual measurement, and make sure you do not mind before ordering.
