Notes

1.Please operate and use the product in strict accordance with the instructions.

2.Please make sure that the power supply has been cut off before installation, and conduct a power

test before installation.

3. Please use the lamp within the applicable voltage range.

4. Please note that the batteries for the remote are not included in the package, you need to prepare two AAA batteries yourself.

5. Please allow the slight color difference caused by the shooting light and 1-3cm error due to manual measurement, and make sure you do not mind before ordering.
