

Elevating Your Home's Aesthetic with Quality Doors

Using Your Homestead Slab Door

The Homestead Panel Shaker Door combines the timeless appeal of solid wood with versatile functionality, enhancing the elegance of your space. Featuring solid wood frames and a sleek MDF panel, this door seamlessly complements any interior style. Pre-primed and ready for customization, it allows you to paint it in the color of your choice to suit your personal taste and décor. Pair it with your preferred hardware to transform it into a hinged door, bifold door, barn door, or use it for other residential indoor applications.

Key Features:

- **Versatile Installation:** Reversible design allows installation on top, left, or right sides.
- **Customizable Fit:** Trimmable by up to ½ inch to ensure a perfect fit.
- **Ready-to-Paint Surface:** Primed with a smooth finish, prepared for painting.
- **Durable Construction:** Solid core with a solid wood frame and engineered wood face.
- **Moisture Resistance:** Designed to withstand moisture for long-lasting performance.
- **Hardware Compatibility:** Compatible with a variety of hardware styles (hardware not included).
