Soft Blades 1

D2207S44124-3576

Soft Blades I is a botanical print featuring an abstracted palm leaf providing a contemporary view of nature. The meticulously drawn leaf, reminiscent of clapboard architecture, showcases the work's texture. The muted color palette in sage and olive green offers a reflective moment.

Inspired by nature, Soft Blades 1 captures a gentle serenity in shades of green and a delicate, organic form. Part of the exclusive ART by TA collection.
