OMRON

OMRON 7 Series® Upper Arm Blood Pressure Monitor [BP7360]

The next evolution in heart health monitoring is here. Screen for AFib in just one blood pressure measurement with the 7 Series® Upper Arm Blood Pressure Monitor.

BP7360

#1 DOCTOR & PHARMACIST RECOMMENDED BRAND OF BLOOD PRESSURE MONITORS

Advanced AFib Screening Technology

Accurately detects the possibility of AFib in just one blood pressure measurement.*

Easy-to-Read Display

The wide-screen LCD display with helpful symbols and descriptions makes it easy to understand your results.

Two-User Memory with Guest Mode

Stores up to 120 total readings for two users (60 per user), while the convenient Guest Mode lets others take their blood pressure without impacting saved data.

Advanced Accuracy Technology

This OMRON-exclusive technology measures five times more blood pressure data points than previous OMRON models, minimizing the impact of body movements during measurements for more consistent and precise blood pressure readings.

Wireless Bluetooth® Convenience

Sync to the free OMRON connect app to store unlimited readings, track trends, and share your health data with your doctor - available on the App Store® and Google Play™ Store.
