

# MEASURING GUIDE FOR AWNTECH® MAUI & DESTIN MODELS

MODEL	HEIGHT	DEPTH	WIDTH
MAUI™	9.5"	7"	Varies
DESTIN™	10.5"	8"	Varies

The Destin has an aluminum cover on the top, and sides when the awning is fully retracted in. Maui does not.

When determining which model and size to mount to your structure, consider the following:

- Height between top of the door frame and/or window to the roof line
- Width between door and/or windows and /or light fixtures
- Width of door and/or windows
- Depth of eave/patio
- Side closet to power outlet (determined by your perspective facing structure)
- Can withstand winds up to 30 mph
- Awning is structural Steel & Aluminum
- 12'ft electrical cord
