

Floating Canvas Frame – Mounting Instructions

Included Hardware:

- Yellow D-ring hanger (attached to the back of the frame)
- Blue screws (used to secure the D-ring and canvas)
- White no-trace nails (for wall installation)

Installation Steps:

- 1. Ensure the yellow D-ring hanger on the back of the frame is securely fastened using the blue screws.
- 2. Choose the desired location on the wall and mark the hanging position.
- 3. Hammer the white no-trace nails into the wall at the marked position until secure.
- 4. Hook the metal ring on the back of the frame onto the wall nails.
- 5. Adjust the frame slightly until it is straight and level.
