

GLIDER #2780 ASSEMBLY INSTRUCTIONS

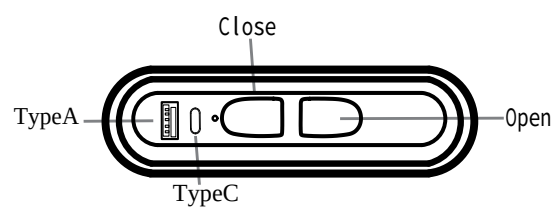

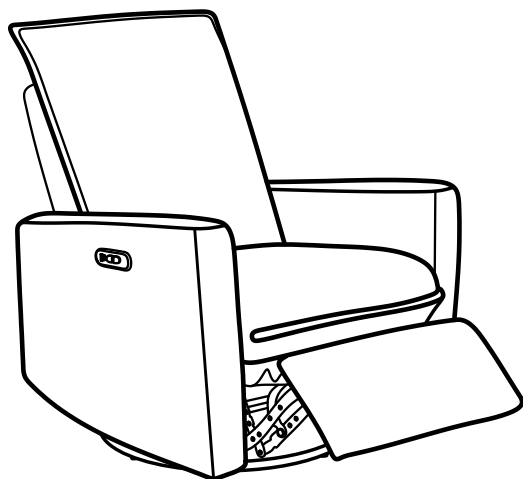

Part #1 - Backrest	Part #2 - Chair base	Part #3 - Transformer	Part #4 - Power line
			

With the help of another person, align the female brackets attached to backrest (part #1) with the male brackets attached to the chair base (part #2). Then lower backrest until it clicks into place on both sides. A small push downward maybe required to click into place.

Connect the power line.

Function Display 1: Foot rest and lifting.

Chair Assembly is now complete.
