Additional Information

CLEAN

Vacuum your upholstery regularly. For leather furniture dust regularly with a dry cloth. For optimal results, check specific cleaning guidelines per fabric type. For delicate materials such as Velvet, always research appropriate care methods prior to cleaning to avoid damage.

SPILLS

Act quickly with spills. Absorb the spill with a clean white cloth or paper towel. Never rub the surface. Do not use water or other liquids to clean, as they may cause stains. Consult a commercial cleaning specialist for removal of stubborn stains.

AVOID

Keep furniture out of direct sunlight and away from heat sources; excessive exposure to sunlight may cause color fading. Avoid placing heavy or sharp objects on the furniture surface for long periods of time; this can cause permanent surface indentations. For snags in the fabric, tuck loose threads into fabric or carefully push to reverse side. Never pull out or cut off loose threads.
