

# Installation & Assembly

- 1 : Shut down the power.
- 2 : Connect the line L/N ground wire as shown in the diagram, and use the provided plastic connectors.
- 3 : Attach the mounting bracket to the electrical junction box on the wall using the fixing screw supplied.
- 4 : Fix the base on the installation bracket.
- 5 : Insert the lampshade into the lamp base (refer to the illustration on the right. The upper and lower iron coils, place the fabric strip on the iron wire, and finally stick them together)
- 6 : Twist the outer ring of the lamp cap into the lamp body and secure the lamp cover.
- 7 : Insert the E26 bulb into the lamp socket.
- 8 : Turn on the main power supply, and the lights will come on.
