## Never Alone 1

D986S19715-1818

Never Alone combines elements of both Modern and Contemporary Art to create an innovative work of art on canvas. The abstract nature of the work that includes the overall composition and color choice speaks to its Modern side while the use of hand-drawn lines and graffiti marks situates it in the contemporary realm. The color scheme in steel grey, khaki, baby blue, and cream gives the work a Modern feel.

A graceful blend of earth tones allows the eye to be drawn toward a central abstract form in this exclusive addition to ART by TA.
