EN

Warnings and personal safety

⚠ Attention: Stainless steel sheet thickness is thin and sharp-edged. Please wear protective gloves when assemble.

DE

Warnung und persönliche Sicherheit

⚠ Achtung: Die Dicke des Edelstahlblechs ist dünn und scharfkantig. Bitte tragen Sie beim Zusammenbau geeignete Schutzhandschuhe.

FR

Avertissements et sécurité personnelle

⚠ Attention : l'épaisseur de la tôle en acier inoxydable est mince et tranchant. Veuillez porter des gants de protection lors de l'assemblage.

NL

Waarschuwingen en persoonlijke veiligheid

⚠ Let op: de roestvrijstalen plaat is dun en heeft een scherpe rand. Draag beschermingshandschoenen bij het monteren.

IT

Avvertenze e sicurezza personale

⚠ Attenzione: Lo spessore della lamiera di acciaio inossidabile è sottile e a spigoli vivi. Si prega di indossare guanti protettivi durante il montaggio.

PL

Ostrzeżenia i bezpieczeństwo osobiste

⚠ Uwaga: blacha ze stali nierdzewnej jest cienka i ma ostre krawędzie. Na czas montażu należy założyć rękawice ochronne.

SE

Varningar och personlig säkerhet

⚠ OBS: Det rostfria stålet har en väldigt tunn tjocklek och därmed väldigt vassa kanter. Använd skyddshandskar vid montering.

ES

Advertencias y seguridad personal

⚠ Atención: el grosor de la chapa de acero inoxidable es fino y de bordes afilados. Utilice guantes protectores cuando realice el montaje.

DK

Advarsler og personlig sikkerhed

⚠ OBS: Rustfrit stål er tyndt og har skarpe kanter. Bær beskyttelseshandsker ved montering.

NO

Advarsler og personlig sikkerhet

⚠ OBS: Rustfritt stål er tynt og har skarpe kanter. Bruk vernehansker under montering.

PT

Avisos e segurança pessoal

⚠ Atenção: a espessura da chapa de aço inoxidável é fina e com arestas afiadas. Utilize luvas de proteção ao efetuar a montagem.

RO

Avertizări și siguranță personală

⚠ Atenție: Foala de oțel inoxidabil este subțire și cu muchii ascuțite. Vă rugăm să purtați mănuși de protecție la asamblare.

SI

Opozorila in osebna varnost

⚠ Pozor: Pločevina iz nerjavečega jekla je tanka in ima ostre robove. Pri nameščanju nosite zaščitne rokavice.

HU

Figyelmeztetések é személyi biztonság

⚠ Figyelem: a rozsdamentes acéllemez vékony és éles. Az összeszereléskor viseljen védőkesztyűt.

CZ
