

Interlocking Deck Tiles Assembly Instructions

Upgraded Secure Interlock • No Tools Required

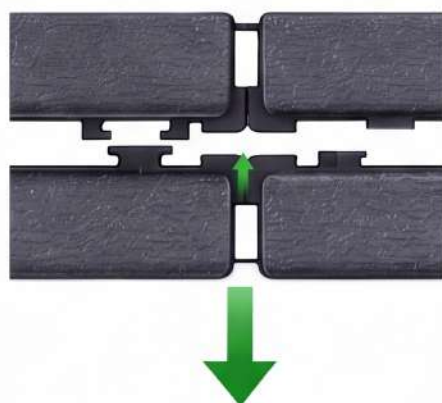

1 Prepare the Surface

Use a flat, clean, dry, hard surface. Do not install on soft soil or uneven ground.

2 Align & Snap

Match the male and female tabs, then press firmly until you hear a click.

3 Lay Row by Row

Continue connecting tiles side by side. Cut edges with a handsaw if needed.

✓ Tight, stable fit

← Removable & reusable

← Clean with water only
