Before You Start

- ① Read each step carefully before starting. It is very important to ensure each step followed in correct order, otherwise assembly difficulties may occur.
- ② Most of board parts are labeled or stamped on the raw edges. Have a check to make sure all parts are included.
- ③ Work in a spacious area, preferably on a carpet close to where the unit will be used.
- ④ Keep the handtools close at hand. Do not use power tools to assemble your furniture. They may scratch or damage the parts.
