

Important:

1. One person can easily install the dresser. Of course, two-person installation can be easier and faster.
2. The metal frames have certain degrees of elasticity. Please DO NOT over tighten the screws during assembly. An over tightened screw can cause bent metal frame.
3. For a smooth assembly process, we suggest you keep a little tightness for all the screws during assembly, after the whole dresser is assembled, firmly tightening all the screws.

Thank you for choosing our product.

Please kindly share your shopping experience if you are satisfied with it. If you have any problem regarding assembling or product itself, please just contact us.

We will do everything we can do to solve all the problem for you. (Note: Two people are recommended to install, which will greatly improve your installation efficiency.)

Exploded Drawing

Parts:

Note: Please ensure using the correct screws of assembling.
