

# instruction manual

1. Final assembling should be made by a professional worker
2. To avoid damaging cable and make sure safety, pls check the electrical circuit before drilling holes on the wall
3. Transformer wire only can be connected with connector
4. Before replacing bulb, pls make sure that wire connection is tight and correct.
5. Pls check whether the bulb is work after replacing. If use screw socket bulb, the bulb should be fixed tightly after 20 minutes light on
6. Halogen luminaire with dimmer easily become dark after a long using, in this way, the lifetime of the fitting will be shorten. So it is more better to use low voltage dimmer
7. Pls do not put other decorative things on the fixture, which do not belongs to this fitting
8. Do not touch the fixture until it cool down
9. Turn off the light, when replacing the bulb.
10. Pls take care the shortest distance between bulb and wall or ceiling
11. Additional bulb should be added to this fixture.
12. Avoid short circuit and overload.
13. Transformer with fuse damaged by overload will be not be exchanged.
14. Heat-resistant products can not be placed on fixture.
15. Mounting surface must not be electric.
16. If your furniture can not withstand 90°C, pls use low power.
17. Pay attention to the transformer label to see whether it is 110V or 220V
18. Only suit to be fixed in dry room.
19. Should not increase the transformer power after replacing the bulb.
20. Conductor of different fixtures must not touch each other.
21. Pls replaced the damaged components immediately with alternatives supplied by us.
22. Except that glass and crystal can be washed by water (dipped in the water not more than 5 minutes), all other components only can be cleared with dry cloth supplied by us.

# INSTRUCTIONS

## Maintenance:

1. Voltage/Frequency: 110\*220V 50-60Hz
2. Don't install it on the moist ceiling.
3. Turn off the power before cleanout.
4. Please wash with the sanitizer without corrosivity.
5. Please install according to the installation manual.

## Precautions:

Keep the lighting away from acidic chemical solvent, Or the galvanized surface of the lighting will be damaged.

## Installation Manual:

Please see the installing sketch map and install the parts in the right order.
