## FABRICS/UPGRADES AVAILABLE

**SC** The **Outdoor Slipcover Program** was developed to offer you some fabric color options without sacrificing fast lead-times and good value. The slipcover is custom-designed to fit each seat/back cushion for the specific dining chair, lounge chair, sofa, etc. and must be ordered separately. When you receive your order, you will receive the item as we stock it: The frame and cushions in the base white fabric they come in. Then you will receive (sometimes at a later time) the custom slipcover in the color that you ordered it. The customer will be responsible for changing the covers themselves, which can sometimes be tricky, but you can always call us for tips and help. If this seems too complicated, no worries ... you can always just do a COM order on most items!

- *Slipcover only, no fill included*
- *Made with durable, weather-resistant outdoor fabric*
- *Zippered construction for ease of assembly and care*
- *Outdoor construction resists fade and mildew*
- *Cleans easily with mild soap and warm water*
- *To see fabric options, please call your representative or call 1-800-753-9190 to request a fabric swatch*
