

4 TIERS PERFORATED METAL RACK

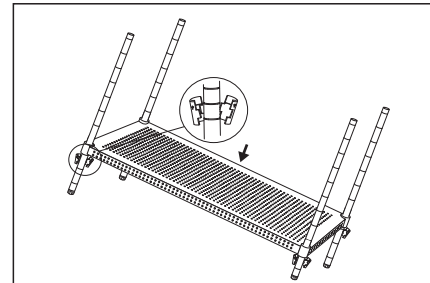

L600/750/900xW300/350/450xH900/1200/1800mm

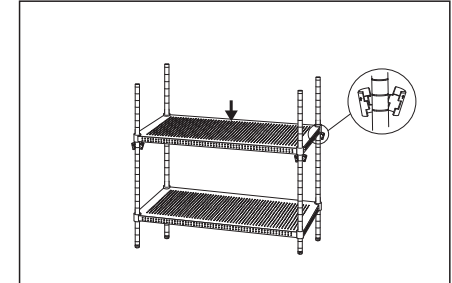

1: Screw the adjustable feet to the lower poles.

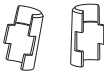

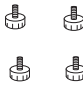

2: Snap the plastic clips into the pole groove of four lower poles at the same position.

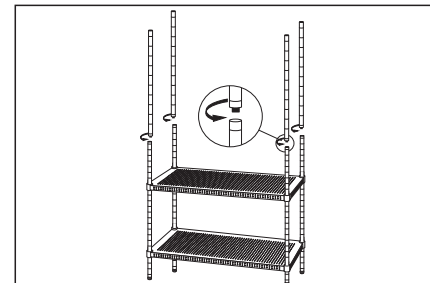

3: Please make sure that you have the perforated steel shelf the correct way up. Hold the perforated steel shelf on its side and slide the top of the four poles through the bottom of the perforated steel shelf at its corners until there is a snug fit. After the four poles have been slid through the perforated steel shelf corner holes, set the perforated steel shelf upright.

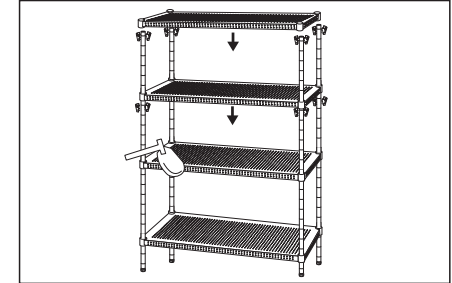

4: Repeat the step (2) and the step (3) to assemble the 2nd perforated steel shelf as the photo.
