assembly instructions

Friendly Tip: Take a deep breath going in. This may be a tricky part, but nothing too overwhelming. Just follow these steps to the T and the outcome will be worth it!

- ⓘ While assembling the product, tighten the bolts up to 50%. Once all parts are in place, only then fully tighten the bolts.

step 1:

Start by placing the table plank (A1) and table legs (B) upside down on the ground. Now, align (A1) with the legs (B) in such a way that the orange (OS) and green (GS) stickers align with their respective others.

step 2:

Now, attach both legs (B) with the top plank (A1) by inserting washer (D), lock washer (E), and bolts (C) in the given slots. Tighten all the bolts upto 50% using allen key (F). Use the image below as reference.

step 3:

Similarly, align and place the table plank (A2) over the slots at the bottom of the legs (B).

step 4:

Fix them together by inserting washer (D), lock washer (E), and bolts (C) in the given slots. Then, tighten all the bolts fully using allen key (F).

step 5:

If required, adjust the levellers according to the floor as shown in the image.

Voila! Your coffee table is now assembled and secure!
