

Warranty

1. We complete strict quality inspections before the products leave the factory, making sure there are no oil stains, burns, fabric damage, or other problems. We provide a free exchange service within 1 month after delivery only when photos are provided. After 1 month, an extra fee will be charged.
2. We require a notification within 30 days for any missing orders. We do not provide any replacements for missing orders 30 days after purchase. If any order is discovered missing after 30 days, we can provide a replacement at customer or Wayfair cost. Since the replacement shipped out, we do not refund any replacements.
3. We provide a 90-day limited warranty. Within the 90-day limited warranty period, we can provide replacement for product defect/damage so long as the defect/damage is not caused by the customer. We are not responsible for any issues outside of the 90-day limited warranty. We require photos for each replacement part order. If no photos are provided, we reserve the right to refuse to issue a replacement part.
