Assembly Steps

Overview

This Barstool has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Table parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

Step 1

Open the carton and place all the parts onto a clean, non-marring surface.
Attach Seat(C) to Right Armrest/Leg(A) using Bolts(①) with Allen Key(③) as shown above.
Do not fully tighten the Bolts.

Step 2

Attach the Backrest(D) to Right Armrest/Leg(A) using Bolts(②) with Allen Key(③) as shown above.

Step 3

Attach Footrest(E) to Right Armrest/Leg(A) using Bolts(②) with Allen Key(③) as shown above. Should match the label F on the footrest to label F on the Right Armrest/Leg(A). To ensure the bolts screw in right position
Do not fully tighten the Bolts.

Step 4

Attach the Left Armrest/Leg(B) to Seat(C) using Bolts(①) with Allen Key(③) as shown above. Attach the Left Armrest/Leg(B) to Backrest(D) and Footrest(E) using Bolts(②) with Allen Key(③).

Do not fully tighten the Bolts.

Step 5

Stand the Barstool up and check for stability. Then proceed to tighten all Bolts at all joints.

Note: DO NOT fully tighten a BOLT in one go and then move on to the next. Rather, in a sequential manner, gradually tighten each Bolt until all bolts are evenly secured. This methodology will ensure maximum evenness once all Bolts are fully tightened.

Your Barstool is ready for use.

This Barstool can only be used on a flat and level surface.

What is Proposition 65?

Proposition 65 is a California law that requires warning labels on products that may contain one of more than 800-plus chemicals or ingredients that the California Office of Environmental Health Hazard Assessment (OEHHA) has deemed to cause cancer or other reproductive toxicity. Chemicals and elements on this list include wood dust, brass, and other everyday substances, which can be found in very common household items, such as: lamps, tableware, jewelry, crystal glasses, electric cords, beauty products, automobiles, and furniture.

Why Did I Find a Proposition 65 Warning on My Home Goods Product?

We include Proposition 65 warnings on all of our products because there is always a chance that one of the 800-plus common chemicals and ingredients listed under this law could potentially be on our furniture or packing materials. We risk large fines under this law, if we don't include this warning.

Should I worry?

We realize you may be worried finding this warning on our products, but we want to reassure you that the hazardous exposure limits for any of these chemicals have never been found on furniture products that we've shipped to our customers. Additionally, this warning label is very common and can be found on almost every piece of furniture sold in the state of California.

Just How Common Are Proposition 65 Warnings?

Proposition 65 warnings have become so common in California that it is hard to take a trip to a local bank, grocery store, or restaurant without finding at least one warning. In fact, even the Disney Land Resort has a Proposition 65 warning:
