

MULTIFUNCTION STEAMER

Multifunction

4 cooking programs to prepare everything from starters to the desserts!

- Steam cooking at **100°C** for meat, vegetables, rice and desserts.
- Gentle cooking at **80°C** to respect the delicate texture of fish.
- Low heat at **60°C** to keep all your dishes warm.
- Temperature of **40°C**, ideal for homemade yoghurts.

High vitamin retention and quick cooking

Ultra-resistant for an optimum steam diffusion.
Locks in **2 times more vitamin C** compared to a traditional steamer.

Simplicity and great capacity

Digital display screen with a timer and an auto switch off function.
Thanks to its **2 stainless steel 5.5L baskets** and its **glass lid**, the steamer has a total maximum capacity of **12.2 L**.
Enabling you to cook chicken, artichokes, a full roast...

Multifunction bowl

Perfect for cooking rice and reheating sauces.
Stainless steel bowl supplied with lid (resistant to heat and cold)

Recipe book

More than **50 recipes** giving you the pleasure to cook like a chef!
And there are more recipes on our app and website www.magimix.co.uk
