

DEVONSHIRE® RITE-TEMP®

Features

- Metal construction
- Brass valve bodies
- Rite-Temp® pressure-balancing diaphragm design
- High-temperature limit setting for added safety
- Pressure-balancing mechanism of one-piece diaphragm cartridge design for ease of maintenance
- Mixing valve cycles from "cold" to "hot"
- Intended for use with Rite-Temp® or HiFlow Rite-Temp® valves
- Includes showerhead with arm and flange, faceplate with handle, and 5-1/4" (133 mm) diverter spout with NPT or slip-fit connection

**PRESSURE-BALANCING
BATH/SHOWER
K-T395
ALSO K-T396, K-T397**

Codes/Standards Applicable

Specified model meets or exceeds the following:

- ASME A112.18.1/CSA B125.1

Colors/Finishes

- CP: Polished Chrome
- PB: Vibrant® Polished Brass
- Other: Refer to Price Book for additional colors/finishes

Specified Model

Separate Trim and Rite-Temp® Valve: For complete valve, both valve trim and Rite-Temp® valve must be specified.

Product Specification

The Rite-Temp® pressure-balancing single-control bath and shower valve shall be made of metal construction with brass valve bodies. Valve shall mix the water from the "off" position, through the "cold" to the "hot", and include a high-temperature limit setting for added safety. Product shall feature pressure-balancing mechanism of one-piece diaphragm cartridge design for ease of maintenance and be intended for use with Rite-Temp or HiFlow Rite-Temp valves. Bath and shower valve shall include showerhead with arm and flange, faceplate with handle, and 5-1/4" (133 mm) diverter spout with NPT or slip-fit connection. Valve shall be Kohler Model K-____-____-____ with K-____-____-NA Rite-Temp® valve.

DEVONSHIRE® RITE-TEMP®

Technical Information

Required Accessories		
K-304-*	Rite-Temp® valve OR	<input type="checkbox"/> NA
K-2971-KS	HiFlow Rite-Temp valve with stops	<input type="checkbox"/> NA

For a complete listing of all the Rite-Temp valves, refer to the K-304- Specification sheet or Roughing-In sheet.

Optional Accessories			
88526	HiFlow Rite-Temp® thin wall installation kit	<input type="checkbox"/> CP	<input type="checkbox"/> Other
1030932	Deep roughing-in kit for Rite-Temp® valve (lever handles)	<input type="checkbox"/> NA	

Installation Notes

Install this product according to the installation guide.

Install the Rite-Temp® valve according to the valve installation guide.

NOTICE: Risk of product damage. Long screws, for installing trim, can damage the K-2971-KS valve. Consult the trim installation guide to verify if the thin wall installation kit (88526) is needed.

Avoid cross-flow conditions. Do not install shut-off device on either valve outlet.

Cap shower outlet if deck-mounted spout, diverter, or handshower is connected to the spout outlet.

Install straight pipe or tube drop of 7" (178 mm) to 18" (457 mm) with single elbow between valve and wall-mount spout.

For slip-fit spout, 5/8" OD tube must extend 3-1/4" (83 mm) max beyond the finished wall.
For 1/2" NPT spout, pipe must extend 3-5/8" (92 mm) beyond the finished wall.

Complete bath and shower faucet with Rite-Temp valve and slip-fit diverter spout shown.
