## SET-UP INSTRUCTIONS

**IMPORTANT: DO NOT USE EXCESSIVE FORCE DURING SET-UP.**

**STEP1.** Stand frame upright beginning at the corners with each person standing on opposite sides of the frame. Grasp the two outer legs, lift frame slightly off of the ground and step backward, stopping at a full arms length.

**STEP 2 .**Unfold the fabric canopy pack and place the fabric top over the top frame. Use the Velcro pads to secure each corner of the cover to the frame under the plastic caps.

**STEP 3.** Each person should grasp the bottom of the cross beams (middle frame section) where it forms a "diamond" shape. Lift slightly off of the ground and slowly walk backward until the frame is fully extended. Be careful not to pinch your fingers. **DO NOT PULL BACKWARD TOO HARD, AS THIS MAY RESULT IN BENDING THE CROSS BEAMS.**

## ASSEMBLY INSTRUCTIONS

STEP 4: Engage the "auto slider" at each corner of the canopy by pulling out and up with one hand, while holding down the top of the leg section with the other hand. Repeat this step with the remaining corners until all snap buttons lock into place.

STEP 5. Use the Velcro straps to further secure the fabric to the frame.

STEP 6. Lift two adjacent outer legs of frame and pull out inner legs slightly until pin locks into place. Repeat this step on the remaining legs. The canopy offers 3 height levels. To adjust the height, lift the leg up, push the button at the knuckles of the leg and slowly pull the inner leg until you attain the desired height. Release the button until the auto-lock system snaps into position. Repeat this step on the remaining legs.

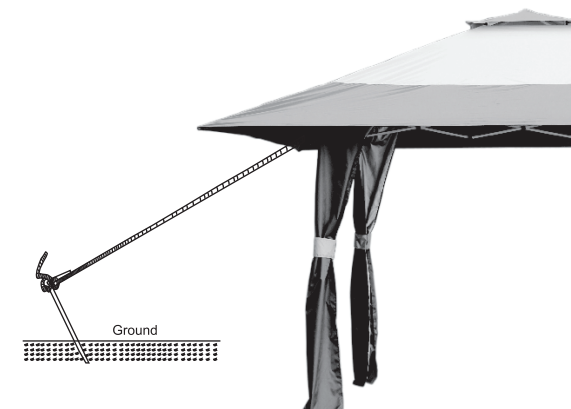

## ASSEMBLY INSTRUCTIONS

STEP 7. Anchor the canopy by driving the four (4) small stakes (provided) through the holes on each foot at the base of the frame. This will secure the unit from movement during mild weather conditions.

STEP 8: Secure the four (4) large stakes to the ground at a 45 degree angle. Tie one end of the rope to the iron ring located on the corners.

STEP 9: Tie the other end of each rope to the stakes on the ground. Make sure that the ropes have proper tension.

# ASSEMBLY INSTRUCTIONS

## DISASSEMBLY INSTRUCTIONS:

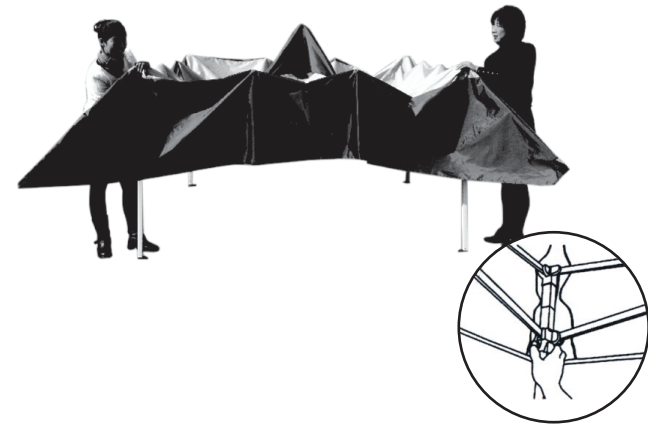

**IMPORTANT: DO NOT USE EXCESSIVE FORCE DURING THE DISASSEMBLY OF THE POP-UP GAZEBO. PLEASE REMOVE THE ANCHORS AND ROPES BEFORE DISASSEMBLING THE UNIT.**

STEP 1. Each person must lift two adjacent outer legs slightly. Push in the knuckle buttons in and telescoping inner legs up into the outer leg portion. Disengage the Velcro straps from around the cross beams. Failure to do so may result in tearing the fabric during the disassembly of the Pop-Up Gazebo.

# ASSEMBLY INSTRUCTIONS

STEP 2: Release sliders at all four corners by gently depressing the push button and pushing the sliders down a bit. (CRITICAL STEP TO AVOID FRAME DAMAGE!)

STEP 3: With one person on opposite sides of the pop-up gazebo, grasp the upper portion of the outer legs and lift up slightly. Gently shake the frame and step toward each other until the canopy portion is 3/4 of the way closed. Please do not push too hard.
